Section 61. Wherever in this Act the term "Budget Unit Object Classes" is used, it shall mean that the object classification following such term shall apply to the total expenditures within the Budget Unit, and shall supersede the object classification shown in the Budget Report for F.Y. 1982 submitted to the General Assembly at the 1981 regular session.

The board or department shall give notice of any recertification requirements to each certificate holder.

(b) In order to insure the continued competency of emergency medical technicians, cardiac technicians, and advanced emergency medical technicians having a certificate under this chapter, no later than December 31 of each year such persons shall furnish evidence satisfactory to the department or board which certified them under this Code chapter of having met the active practice requirements of subsection (c) of this section and the continuing education requirements of subsection (d) of this section.

(c) The active practice requirements shall be met if, for at least 80 hours per month during at least nine months out of the immediately preceding 12 months or for at least 80 hours per month during at least 18 months out of the immediately preceding 24 months, a person renders or was on call to render any service which such person's certificate authorized that person to render.

(d) The continuing education requirements shall be met by annually completing one-fifth of the following five-year continuing education hours: 50 hours for emergency medical technicians; 75 hours for cardiac technicians; and 100 hours for advanced emergency medical technicians. These five-year continuing education hours shall be divided into five different and discrete segments or modules of equal length. Any one module may be completed each year to meet the annual continuing education requirements, but all five modules shall be completed during a five-year period. This program of continuing education shall be approved by the department. The program, or any modular segment

of the program, shall be taught or administered either by persons meeting qualifications established by the department and employed or authorized by a vocational-technical school in the state, by any person who is a medical adviser under Code Section 88-3118, or both.

(e) A certificate issued under this Code chapter shall be revoked, under the procedures of Code Section 88-3112.6 or 88-3112.7, if the holder of the certificate fails to furnish to the department or the board which certified him under this Code chapter satisfactory evidence of meeting the active practice requirements, continuing education requirements, or both, of this Code section. A certificate so revoked may be reinstated upon the holder's furnishing to the department or the board which certified the holder under this Code chapter satisfactory evidence of having successfully completed a 40 hour recertification course and having successfully passed both a written and practical examination. The recertification course, the person teaching the course, the examinations, and the requirements for passing the examinations shall be approved by the department. A person whose certificate has been so reinstated shall be required to meet the active practice and continuing education requirements of this section for the 12 month period following the certificate reinstatement and for each 12 month period thereafter.

(f) Any person teaching for at least 80 hours per calendar year any emergency medical technician course, or any continuing education course or recertification course authorized by this Code section, or any combination of such courses, shall not be required for that year to meet either the active practice or continuing education requirements provided in this Code section in order to maintain such person's certificate as an emergency medical technician.

(g) The requirements regarding the location at which certain courses may be taught under Code Section 88-3112(d) shall not apply to either continuing education courses or recertification courses under this Code section."

Section 2. For administrative purposes, including the adoption of rules and regulations, this Act shall become effective upon its approval by the Governor or upon its otherwise becoming law without his approval. For all other purposes, this Act shall become effective January 1, 1982.

HB 324. By: Representatives Lambert of the 112th, Ramsey of the 3rd, Beck of the 148th, Bolster of the 30th, Pilewicz of the 41st and others: A BILL to amend an Act prohibiting certain practices in connection with real estate transactions, so as to change the definition of certain terms; to change the amount which may be charged and collected as a transfer fee under certain conditions; and for other purposes.

The following Senate substitute was read:

A BILL

To amend an Act prohibiting certain practices in connection with real estate transactions, approved March 1, 1979 (Ga. Laws 1979, p. 345), as amended by an Act approved March 20, 1980 (Ga. Laws 1980, p. 585), so as to clarify the acceleration and maturity provisions; to provide that a transfer fee shall not be considered interest or a "rate of charge" for certain purposes; to change the provisions relative to the time allowed for approval or disapproval of sale or transfer and the assumption of indebtedness; to change the provisions relating to the disapproval of the sale or transfer and the assumption of indebtedness based on credit worthiness; to authorize lenders to recover the actual costs incurred in obtaining a credit report on the person to whom real estate would be sold or transferred in addition to the fee for the sale or transfer; to provide that this Act shall not be applicable to loans made by certain authorities; to provide for construction; to provide for other matters relative thereto; to provide for certain editorial changes; to provide an effective date and for the applicability of this Act; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

Section 1. An Act prohibiting certain practices in connection with real estate transactions, approved March 1, 1979 (Ga. Laws 1979, p. 345), as amended by an Act approved March 20, 1980 (Ga. Laws 1980, p. 585), is hereby amended by striking paragraph (1) of subsection (a) of Section 2 in its entirety and substituting in lieu thereof a new paragraph (1) to read as follows:

"(1) Accelerate or mature the indebtedness secured by such real estate on account of the sale or transfer of such real estate or on account of the assumption of such indebtedness except:

(A) If the person to whom the real estate would be sold or transferred does not intend to occupy the property as the person's principal residence, if such occupancy is a requirement imposed by federal regulatory authorities upon the lender; or

(B) As provided in paragraph (5) of subsection (a) of this Section 2."

Section 2. Said Act is further amended by striking from paragraph (2) of subsection (a) of Section 2 the following sentence:

"Upon submission of proper proof, the clerk of the superior court in the county where the security instrument is recorded shall enter a notation on the recorded security instrument to the effect that the borrower has been relieved of liability under the terms of the security instrument and the note secured thereby.",
so that paragraph (2) of subsection (a) of Section 2, when so amended, shall read as follows:

“(2) Increase the interest rate above the existing interest rate of the indebtedness unless: (A) the borrower who is primarily liable for repayment of the indebtedness shall request in writing to the lender at the time of the making of the application to the lender for approval of the transfer or at any time prior to the granting or denying of approval of said transfer by lender that borrower desires to be relieved of liability under the terms of the security instrument and the note secured thereby, and (B) the lender furnishes written evidence to said borrower that said borrower has been relieved of liability under the terms of the security instrument and the note secured thereby. ~~Upon submission of proper proof, the clerk of the superior court in the county where the security instrument is recorded shall enter a notation on the recorded security instrument to the effect that the borrower has been relieved of liability under the terms of the security instrument and the note secured thereby.~~ In the event the lender so relieves the borrower of liability after having been requested to do so by the borrower, the lender may increase the interest rate on the indebtedness; provided, however, lender shall not escalate interest in excess of 1 percent per annum above the existing interest rate at the time of the transfer nor shall lender be entitled to escalate the interest rate at any time other than transfer of title and then not more often than once in any 24 month period. Any subsequent transfer of such property after 24 months from the time of the last escalation of interest shall likewise be limited to a 1 percent per annum increase above the interest rate of the indebtedness existing at the time of such subsequent transfer.”

Section 3. Said Act is further amended by striking paragraph (3) of subsection (a) of Section 2 in its entirety and substituting in lieu thereof a new paragraph (3) to read as follows:

“(3) Charge, collect, or attempt to collect any transfer fee on account of the sale or transfer of such real estate or on account of the assumption of such indebtedness in excess of (A) one-half of 1 percent of the principal amount of the indebtedness outstanding on the date of such transfer or \$150.00, whichever is greater, in the event the lender does not relieve the borrower of liability for the repayment of the indebtedness, or (B) 1 percent of the principal amount of the indebtedness outstanding on the date of such transfer in the event the lender does not escalate the interest rate but does relieve the borrower of liability for the repayment of the indebtedness, or (C) one-half of 1 percent of the principal amount of the indebtedness outstanding on the date of such transfer or \$250.00, whichever is greater, in the event the lender escalates the interest rate and relieves the borrower of liability for the repayment of the indebtedness. Any borrower who has been relieved of liability for the repayment of the indebtedness may submit his affidavit of such fact to the clerk of the superior court in the county where the security instrument is recorded who shall enter a notation on the recorded security instrument to the effect that the borrower has been relieved of liability under the terms of the security instrument and the note secured thereby. Any such transfer fee shall not be considered interest and shall not be taken into account in the calculation of interest and shall not be considered a ‘rate of charge’ as that term is defined in Section 2 of an Act regulating charges and interest on loans secured by secondary security deeds on certain residential property subject to a prior lien or security deed, approved March 16, 1966 (Ga. Laws 1966, p. 574), as now or hereafter amended.”

Section 4. Said Act is further amended by striking paragraph (5) of subsection (a) of Section 2 in its entirety and substituting in lieu thereof a new paragraph (5) to read as follows:

“(5) Withhold approval or disapproval of the sale or transfer of such real estate and the assumption of the indebtedness beyond 50 days after receipt by the lender of the completed written application for same on such form as may be required by the lender (a copy of which shall be furnished to applicant) to determine the financial ability to retire the indebtedness of applicant according to the lender’s terms, otherwise the sale or transfer and the assumption shall be approved. Provided, however, the parties by mutual agreement may extend the aforesaid period of time for a period not to exceed 30 days. The lender shall have the right, if permitted under the security instrument, to accelerate the indebtedness if the borrower transfers the property to a person if:

(A) The lender has reasonably determined, based upon the standards provided in this Act, that such person is financially incapable of retiring the indebtedness according to the terms of the security instrument; or

(B) The lender is entitled under this Act and the security instrument to increase the interest rate on the indebtedness and the person to whom the real estate is transferred declines to agree to such increase. Such acceleration shall be permitted only within a 60 day period after the lender acquires actual knowledge of the sale or transfer to such person."

Section 5. Said Act is further amended by striking the last sentence of paragraph (6) of subsection (a) of Section 2 in its entirety so that when so amended said paragraph (6) shall read as follows:

"(6) Disapprove the sale or transfer of such real estate and the assumption of the indebtedness for any reason other than the credit worthiness of the person to whom the real estate would be sold or transferred, based upon standards normally used by persons in the business of making loans on real estate in the same or similar circumstances, otherwise any due-on-sale clause or similar provision in the security instrument shall be deemed to be against public policy and void. ~~This paragraph shall not apply in those instances in which the borrower has not requested to be relieved from liability for the indebtedness.~~"

Section 6. Said Act is further amended by adding at the end of subsection (f) of Section 2 the following sentence:

"Any law to the contrary notwithstanding, such increased interest and the outstanding indebtedness shall be secured by the security instrument securing the indebtedness with the same priority as if the increased interest rate were originally set forth in the note evidencing the indebtedness."

so that subsection (f) of Section 2, when so amended, shall read as follows:

"(f) In the event that the party assuming the indebtedness declines to agree to an increase in the interest rate as provided in paragraph (2) of subsection (a) of this section, said indebtedness may be prepaid without penalty or increased interest at any time within 60 days after said assumption; but if the party does not make such prepayment within the 60 day period, the party shall be liable for the increased interest rate from the date of the assumption, and any prepayment penalty provided for in the security instrument shall thereafter be in effect. Any law to the contrary notwithstanding, such increased interest and the outstanding indebtedness shall be secured by the security instrument securing the indebtedness with the same priority as if the increased interest rate were originally set forth in the note evidencing the indebtedness."

Section 7. Said Act is further amended by striking the period at the end of subsection (i) of Section 2 and substituting in lieu thereof the following:

"or to loans made by the Georgia Residential Finance Authority, the Urban Residential Finance Authority of the City of Atlanta, Georgia, or other similar state or local authorities."

so that subsection (i) of Section 2, when so amended, shall read as follows:

"(i) This Act shall not be applicable to loans made by the Farmers Home Administration which provide for interest subsidies or variable rates based on the income of the borrower or to loans made by the Georgia Residential Finance Authority, the Urban Residential Finance Authority of the City of Atlanta, Georgia, or other similar state or local authorities."

Section 8. Said Act is further amended by adding at the end of Section 2 a new subsection (k) to read as follows:

"(k) In addition to the fee authorized by paragraph (3) of subsection (a) of this section, a lender may charge and collect a fee to recover the actual costs incurred by the lender in obtaining a credit report on the person to whom the real estate would be sold or transferred in instances where the borrower has requested to be relieved from liability for the indebtedness as well as in instances where the borrower has not made such

request, but no investigation by the lender to determine credit worthiness shall authorize the lender to withhold approval or disapproval of the sale or transfer of the real estate beyond the time limitation specified in paragraph (5) of subsection (a) of this section."

Section 9. Said Act is further amended by adding a new subsection (l) at the end of Section 2 to read as follows:

"(l) Nothing in this Act shall be construed to limit the right of a lender to increase or decrease the interest rate on the indebtedness so long as such increase or decrease is effected pursuant to the terms contained in the security instrument, the note secured thereby or by mutual agreement between borrower and lender; provided such increase or decrease is not the result of the sale or transfer of the property securing such indebtedness or the assumption of the indebtedness, unless such increase upon a sale or transfer of such property or assumption of the indebtedness is otherwise permitted by this Act."

Section 10. This Act shall become effective upon its approval by the Governor or upon its becoming law without his approval; and the provisions of the Act shall apply to any transfer or sale of real estate and the assumption of indebtedness in connection therewith which is accomplished on or after the effective date of this Act; but the Act and this amendatory Act shall not affect or impair the rights, duties, or interests arising out of or flowing from instruments executed prior to the effective date of this amended Act.

Section 11. All laws and parts of laws in conflict with this Act are hereby repealed.

“(a) Reports by Physicians, Treating Personnel, Institutions and Others. Any physician, including any doctor of medicine licensed to practice under Chapter 84-9 of the Code of Georgia of 1933, as amended, licensed osteopathic physician, ~~interim, resident, dentist, psychologist, podiatrist, public health nurse, social worker, teacher, school administrator, intern, resident, all other hospital or medical personnel, dentist, psychologist, podiatrist, nursing personnel, social work personnel, school teachers and administrators, school guidance counselors, child care personnel, day care personnel or law enforcement personnel~~ having reasonable cause to believe that a child under the age of eighteen has had physical injury or injuries inflicted upon him other than by accidental means by a parent or caretaker, or has been neglected or exploited by a parent or caretaker, or has been sexually assaulted or sexually exploited, shall report or cause reports to be made in accordance with the provisions of this section: provided, however, that when the attendance of the reporting person with respect to a child is pursuant to the performance of services as a member of the staff of a hospital, school, social agency or similar facility, he shall notify the person in charge of the facility or his designated delegate who shall report or cause reports to be made in accordance with the provisions of this section.”

Section 2. Said Code section is further amended by adding at the end of subsection (a) the following new paragraph:

“For purposes of this subsection (a), a child is sexually exploited when the child's parent or caretaker allows, permits, encourages, or requires such child to engage in prostitution, as defined in Code Section 26-2012, as now or hereafter amended, or allows, permits, encourages, or requires such child to engage in sexually explicit conduct for the purpose of producing any visual or print medium depicting such conduct, as defined in an Act approved April 10, 1978 (Ga. If a report of child abuse, sexual assault, or sexual exploitation is made to said child welfare agency or independently discovered by said agency, and substantiated by said agency, and said agency has reasonable cause to believe such report is true, then said agency shall immediately notify the appropriate police authority or District Attorney. Such reports shall contain the name and addresses of the child and his parents or caretakers, if known, the child's age, the nature and extent of the child's injuries (including any evidence of previous injuries), and any other information that the reporting person believes might be helpful in establishing the cause of the injuries and the identity of the perpetrator. Photographs of the child's injuries to be used as documentation in support of allegations by hospital staff, physicians, law enforcement personnel, school officials, or staff of legally mandated public or private child protective agencies may be taken without the permission of the child's parent or guardian. Provided, however, that any photograph taken pursuant to this Code Section shall be taken in a manner which shall not reveal the identity of the subject and such photograph shall be made available as soon as possible to the chief welfare agency providing protective services and to the appropriate police authority.”

A BILL

To amend an Act relating to the grandparents of certain children, approved February 27, 1976 (Ga. Laws 1976, p. 247), as amended, particularly by an Act approved March 24, 1980 (Ga. Laws 1980, p. 936), so as to authorize the grant of visitation rights to grandparents when the parents of their grandchildren have obtained a divorce or are engaged in proceedings for divorce; to provide for proceedings for revocation or modification of grandparents' visitation rights; to provide for related matters; to provide an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

Section 1. An Act relating to the grandparents of certain children, approved February 27, 1976 (Ga. Laws 1976, p. 247), as amended, particularly by an Act approved March 24, 1980 (Ga. Laws 1980, p. 936), is hereby amended by striking Section 1 and inserting in its place a new Section 1 to read as follows:

"Section 1. (a) Whenever any court in this State shall have before it any question concerning the guardianship of any minor child or whenever one parent shall die or whenever one parent shall die and the survivor remarry regardless of whether the minor child is adopted by its stepmother or stepfather or whenever any court has terminated the parental rights of one of the natural parents of the minor child, the court may, in its discretion pursuant to subsection (b), grant reasonable visitation rights to the maternal and paternal grandparents of the child. Any court granting such rights may issue its necessary order to enforce the grant.

(b) (1) Any grandparent shall have the right to intervene in an action involving the guardianship of any minor child to obtain visitation rights to said minor child.

(2) The parent of the minor child's parent who has died shall have the right to file an original pleading, but not more than once during any calendar year, to obtain visitation rights to said minor child.

(3) The parent of the minor child's parent whose parental rights have been terminated shall have the right to file an original pleading, but not more than once during any calendar year, to obtain visitation rights to said minor child.

There shall be no presumption in favor of visitation by any grandparent, and the court shall have discretion to deny such visitation rights. Any grandparent shall have the right to intervene and petition for visitation rights in any action involving the custody of any minor child or in any divorce action. If the parents of the minor child have been divorced, a parent of either parent of the minor child shall have the right to file an original pleading requesting visitation rights, but not more than once during any two year period and not during any year in which another custody action has been filed concerning said child. Under the general order of business, established by the Committee on Rules, the following Bills of the Senate were taken up for consideration and read the third time:

SB 319. By: Senators Greene of the 26th and Lester of the 23rd: A BILL to amend Code Title 56, known as the "Georgia Insurance Code," so as to provide optional coverage for certain medical or surgical procedures performed on an out-patient basis; to provide for clarification; and for other purposes.

The following Committee substitute was read and adopted:

A BILL

To amend Code Title 56, known as the "Georgia Insurance Code," as amended, so as to provide optional coverage for certain medical or surgical procedures performed on an out-patient basis; to provide for clarification; to provide for other matters relative to the foregoing; to provide an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

Section 1. Code Title 56, known as the "Georgia Insurance Code," as amended, is hereby amended by adding at the end of Code Chapter 56-24 a new Code Section 56-2447 to read as follows:

"56-2447. Accident and sickness insurance policies; out-patient surgery; emergency medical or surgical procedures. (a) Optional coverages. Every insurer authorized to issue accident and sickness benefit plans, policies, or contracts shall be required to make available as an optional endorsement to all such policies that provide coverage for medical or surgical procedures which are required to be performed on an in-patient basis, an endorsement which provides at least the following coverages:

(1) Coverage which provides reimbursement for any covered surgical procedures performed on an out-patient basis when such procedures are performed by a licensed medical practitioner operating with the use of local anesthetic at a licensed out-patient surgical facility affiliated with a licensed hospital, at a licensed freestanding surgical facility, at a surgical facility operated by a health maintenance organization, or at the office of a licensed medical practitioner; and

(2) Coverage which provides reimbursement for medical or surgical procedures performed on an out-patient basis in the case of a medical emergency.

(b) Definitions. As used in this Code section, unless the context clearly requires otherwise, the term:

(1) 'Anesthetic' means an agent that produces insensibility to pain or touch. According to action, such anesthetics are subdivided into the categories of 'general' and 'local' anesthetics.

(2) 'Charges for facility services' means charges for such items as drugs and biologicals administered at the facility, trays, and bandages and casts which are furnished incidentally to a physician's services and which are commonly furnished in a physician's office.

(3) 'General anesthetic' means an anesthetic that is complete and affects the entire body causing loss of consciousness when the anesthetic acts upon the brain. Such anesthetics are usually administered intravenously or through inhalation.

(4) 'Licensed medical practitioner' means a medical practitioner currently holding a valid license to practice medicine under Code Chapter 84-6 or 84-9 who has agreed to submit to review by a Professional Standards Review Organization (PSRO) established, conditionally or otherwise, pursuant to Part B of Title XI of the Social Security Act (42 U.S.C. 1320c), or by a medical care foundation or other recognized peer review organization, and who is approved to perform the covered procedures under a local anesthetic at an accredited hospital located within the area where the procedures are performed.

(5) 'Local anesthetic' means an anesthetic affecting a local area only, the anesthetic operating upon the nerves or nerve tracts.

(6) 'Medical emergency' means the sudden and unexpected onset of a condition with severe symptoms requiring medical care which is secured immediately after the

onset or within 72 hours after the onset of symptoms. The illness or condition as finally diagnosed must be one which normally would require immediate medical, not surgical, care. Sudden, unexpected, severe medical conditions or symptoms are those which are, or which give evidence of being, life threatening. Previously diagnosed chronic conditions in which subacute symptoms have existed over a period of time shall not be included in the definition of medical emergency unless symptoms suddenly become so severe as to require immediate medical aid.

Provided they meet the requirements of this definition, conditions such as the following will qualify as medical emergencies:

Appendicitis, acute asthma, breathing difficulties or shortness of breath, severe bronchitis, severe onset of bursitis, severe chest pain, choking, coma, convulsions or seizures, cystitis, dermatitis or hives (resulting from internal or unknown causes), diabetic coma, severe diarrhea, drug reaction, epistaxis (nosebleed), fainting, severe fecal impaction, food poisoning, frostbite, acute attack of gall bladder, gastritis, acute gastrointestinal conditions, severe headache, suspected heart attack, hemorrhage, hysteria, insertion of catheter (for acute retention), insulin shock (overdose), kidney stone, maternity complications such as a suspected miscarriage (if policy covers maternity), sudden or severe onset of pain, pleurisy, pneumonitis, poisoning (including overdoses), pyelitis, pyelonephritis, shock, cerebral or cardiac spasms, spontaneous pneumothorax, severe stomach pains, strangulated hernia, stroke, sunstroke, swollen ring finger, tachycardia, thrombosis or phlebitis, unconsciousness, acute urinary retention, sudden onset of vision loss, or severe vomiting.

(7) 'Professional fees' means charges for identifiable professional services rendered by a physician to a patient in person which contribute either to the diagnosis of the condition or the treatment of the patient.

(c) All payments made under the coverages provided for in this Code section shall be made in accordance with the schedule of benefits contained in the policy, if applicable, or in accordance with the usual, customary, and reasonable professional fees and charges for facility services furnished in connection with such procedures.

(d) The provisions of this subsection shall also apply to policies or contracts issued by a hospital service nonprofit corporation, a health care plan, a nonprofit medical service corporation, a health maintenance organization, a fraternal benefit society, or any other similar entity.

(e) The requirements of this Code section with respect to a group or blanket accident and sickness insurance benefit plan, policy, or contract shall be satisfied if the coverage specified in paragraphs (1) and (2) of subsection (a) of this Code section is made available to the master policyholder of such plan, policy, or contract. Nothing in this Code section shall be construed to require the group insurer, nonprofit corporation, health care plan, health maintenance organization, or master policyholder to provide or to make available such coverage to any certificateholder insured under such group policy, plan, or contract.

(f) Nothing in this Code section shall be construed to prohibit an insurer, nonprofit corporation, health care plan, or other person issuing any similar accident and sickness insurance benefit plan, policy, or contract from issuing or continuing to issue an accident and sickness insurance benefit plan, policy, or contract which provides benefits greater than the minimum benefits required to be made available under this Code section or from issuing any such plans, policies, or contracts which provide benefits which are generally more favorable to the insured than those required to be made available under this Code section."

Section 2. Said Code title is further amended by striking subsection (c) of Code Section 56-3016, which reads as follows:

"(c) (1) All individual accident and sickness policies that provide coverage for medical or surgical procedures which are required to be performed on an inpatient basis at a licensed hospital shall contain a provision as a part of the policy or as an endorsement thereto which provides reimbursement for any covered medical or surgical procedures approved by the Commissioner in accordance with paragraph (3) below when

such procedures are performed on an outpatient basis at a licensed outpatient surgical facility affiliated with a licensed hospital, at a licensed freestanding surgical facility at any medical or surgical facilities operated by a health maintenance organization, or the office of a licensed medical practitioner which provides health care services in return for a specific charge or charges.

(2) All such payments shall be made in compliance with the schedule of benefit if any, contained in the policy, otherwise on the usual, customary, and reasonable professional charges for such procedures when performed in a hospital on an inpatient basis.

(3) The Commissioner shall have the authority to promulgate appropriate rules and regulations with the advice of the Department of Human Resources which shall contain a listing of approved medical or surgical procedures that the Commissioner of Human Resources has certified can be legally and safely performed on an outpatient basis. The listing may include but shall not be limited to the following types of procedures: emergency medical or surgical procedures, and other procedures that the Insurance Commissioner may deem appropriate. The Insurance Commissioner may also consult with the Georgia Foundation for Medical Care and other groups of health care professionals in connection with the promulgation of rules and regulations.

(4) The provisions of this subsection shall also apply to policies or contracts issued by a hospital service nonprofit corporation, a health care plan, a nonprofit medical service corporation, a health maintenance organization, a fraternal benefit society, or any other similar entity.

(5) Nothing contained in this subsection shall be deemed to prohibit any of the entities described in paragraph (4) from providing more outpatient benefits or coverage than is required by this subsection.”,

in its entirety.

Section 3. This Act shall become effective on January 1, 1982.

Section 4. All laws and parts of laws in conflict with this Act are hereby repealed.

Provided, that none of the State funds appropriated above may be expended to initiate or commence any new program or project which would create a continuing obligation of current funds of the State, unless such program or project has been authorized by the General Assembly.

Provided, that where teaching personnel are paid in whole or in part from funds other than State-local funds, the fund source from which such salary is paid shall be the proportionate part of the cost of employer contributions to the Teachers' Retirement System and Teachers' Health Insurance applicable to such salary.

Provided, further, that for kindergarten programs, each system shall be allotted instructional units on the basis of one teacher and one aide for each 40 students or major fraction thereof in average daily attendance, except in the case of mentally, physically or emotionally handicapped children, the ratio shall be one teacher and one aide for 24 students or major fraction thereof in average daily membership.

Provided, that of the above appropriation relative to Kindergarten Transportation, funds shall initially be allotted to local school systems on the basis of one transportation unit (\$10,513) for each 40 students. However, allotments shall not exceed actual cost of half-day transportation by the local system.

Provided, however, in order to extend the half-day program to a full-day service in lieu of midday transportation services, local systems may elect to use transportation allotments for employ aides or certificated instructional personnel on a reimbursable basis to the extent that the \$10,513 per unit will allow. Where the transportation allotment is used to employ additional personnel, reimbursable costs shall include salary, retirement and health insurance where eligible.

Provided, that of any State Funds appropriated to local systems for classroom teacher salaries on the basis of Average Daily Attendance in grades 1 through 7, such teachers shall be used in the school where earned and shall be used only for the purpose of funding regular (general education) classroom teachers in grades where earned.

Provided, that of the above appropriation, relative to special education \$30,000 is designated and committed for payment to the Houston County Board of Education for payment to Houston County Speech and Hearing School, and \$30,000 is designated and committed for payment to the Houston County Board of Education for payment to Houston County Happy Hour School.

Provided, further, funds appropriated for Maintenance and Operation, Sick and Personal Leave and Instructional Media, for all Special Education Teachers, payments shall not be made until the allotted teaching unit has been filled.

Furthermore, the Section 5 teaching units so allocated to an eligible local unit shall remain a part of that local unit's allotment until the end of the current school year in which allocated.

It is the intent of this General Assembly that local school systems have the authority to utilize increased maintenance and operation funds contained in this Appropriations Act in such a fashion as to accomplish de facto funding of Section 12 of the Adequate Program for Education in Georgia.

Provided, that of the above appropriation for APEG Grants, it is the intent of this General Assembly that funds are included for allotment of instructional units under Section 10 for grades 1 - 2, at a ratio of 1:20 students in average daily attendance.

Provided, that local school systems, in accordance with State Board policy, may use additional instructional units earned in grades 1 - 2 to employ either certificated or licensed instructional personnel in those grades. Funding for licensed instructional personnel shall include salaries as provided for in APEG Section 10b(2) and Section 15 (M&O).

Provided, that of the above appropriation for \$925,000 for Staff Development, \$92,500 is designated and committed to fund a State level staff development program specifically for Special Education Teachers (Section 5) utilized in programs for intellectually gifted students, and to assist in the development of a State program plan for gifted students by the State Superintendent of Schools.

Provided, that of the above appropriations relative to Sections 5, 7, 10, 20, 21, and 21(c)(2) of APEG for salaries, funds may be moved between said Sections by an amendment to the annual operating budget during the month of June with the prior approval of the Office of Planning and Budget.

Provided, that of the above appropriation relative to Compensatory Education, \$12,746,747 is designated and committed for a compensatory education program for students in grades 3 through 8 and shall be used for remedial purposes only. Provided, however, where a local system Compensatory Education Plan justifies the need, the State Board of Education may approve usage of these funds for remedial purposes in grades 1 and 2.

Provided, that the funds appropriated herein for local school construction shall be used to complete the funding of those projects for which F.Y. 1981 entitlements were sufficient to cover eligible projects (pursuant to Section 48 of APEG), based on a total state entitlement of \$100 million for F.Y. 1981.

Provided, that of the above appropriation relating to Community Mental Health Centers, agency income, excluding federal grants where prohibited, shall be expended first to cover expenses for local programs. Surplus funds at the end of the year shall not exceed

60-day collections. Surplus above this limitation shall revert to the State and local governments on a pro rata basis based on contribution of said governments to the program.

Provided, that of the above appropriation relating to Community Residential Services Benefits, the Department is authorized to increase the maximum monthly payments to service providers from \$300 to \$350 and to supplant State funds with patient collections to reduce the State cost of the program.

Provided, that of the above appropriation relating to Community Mental Health Centers, private gifts and donations, as well as proceeds of local fund raising activities, shall not be required to be budgeted to the Department or to the Office of Planning and Budget.

Provided that the Department is given the flexibility in the Community Residential Services Program to use benefits to contract with private home providers for service or to provide small group living situations or semi-independent living situations for clients; and further provided that these residential services are available to clients residing in the community as well as those returning to their communities from the institution.

Provided that Community Mental Health Centers shall provide services to clients living within the geographic catchment area served by such centers without regard to the length of time such client has resided in such geographic catchment area if such client is otherwise eligible to receive services.

Provided, that of the above appropriation relating to Supportive Living Benefits, the Department is provided the flexibility to contract with private homeproviders for services in the home and/or to provide small group residences for clients and/or provide respite care services for clients and/or other residential services needed to support clients in the communities.

Provided, that of the above appropriation relating to Uniform Alcoholism Projects, \$250,000 is designated and committed for projects at Waycross (\$200,000) and Dalton (\$50,000).

Provided, however, it is the intent of this General Assembly that no additional Youth Services group homes or community treatment centers be started with Federal Funds without prior approval by the General Assembly of Georgia.

Provided, further it is the intent of this General Assembly that the Office of Planning and Budget is authorized and directed to amend an additional \$100,000 in agency income, if realized, above the amount contemplated in this bill for the purpose of contracting for a comprehensive study of the State Forensic Services needs including physical plant considerations.

It is the intent of this General Assembly that to the extent that gross income from operations exceeds the amount contemplated in this Appropriations Act, such excess may be applied toward the cost of operations and excess cost of authorized planning of new facilities, provided that budget amendments reflecting such proposed applications are provided to the Office of Planning and Budget and the Legislative Budget Office at least two weeks prior to such application of funds.

It is the intent of this General Assembly that the World Congress Center Authority repay, by direct remittance to the State Treasury during the next twenty years, the full amount of Capital Outlay authorized in the Fiscal 1978 appropriations bill, such repayments to begin no later than Fiscal 1980. Provided, further, that such payments in any year shall not exceed the net operating revenues derived from the operation of the parking and truck-marshalling facilities contemplated in such Capital Outlay appropriation.

It is the intent of this General Assembly that to the greatest extent feasible, the Georgia Ports Authority utilize existing surplus funds for payments to bond trustees for unmatured issues.

Appropriation of State funds in the foregoing Department of Transportation budgets shall be in conformity with and pursuant to Article III, Section X, Paragraph VII, subsection (b) of the State Constitution, and shall be in an amount at least equal to all money derived from motor fuel taxes received by the Fiscal Division of the Department of Administrative Services in the immediately preceding year, less the amount of refunds, rebate and collection costs authorized by law. The fiscal officers of the State are hereby directed, as of July 1 of each fiscal year, to determine the net collection of motor fuel tax received by the Fiscal Division of the Department of Administrative Services in the immediately preceding fiscal year and enter the full amount so determined on the records of the State as being the appropriation payable in lieu of the amount appropriated herein.

Provided, however, that objects for Activities financed by Motor Fuel Tax including Planning and Construction, Maintenance and Betterments, Authority Lease Rentals, General Obligation Debt Sinking Fund Payments, Administration, and Grants to Counties, may be adjusted for any additional appropriations and/or balances appropriated and

brought forward from previous years as requested by the Department of Transportation and approved by the Office of Planning and Budget.

For general administrative cost of operating the Department of Transportation, including equipment and compensation claims.

For State matching participation in costs of construction, reconstruction, improvement in highways, and highway planning, in cooperation with the Federal Government, including all cost items incident thereto. Provided, however, that funds shall be allocated to matching all Federal aid funds prior to the allocation of any funds for other works, and the Department of Transportation may add, delete and substitute Federal aid projects to secure the full benefit of the Federal aid program. Provided, further, that in order to meet the requirements of the Interstate System with regard to completion by a date fixed by existing Federal Statute of Federal-State 90-10 projects, the Office of Planning and Budget is hereby authorized and directed to give advanced budgetary authorization for the letting and execution of highway contracts essential to and included in such Interstate Program not to exceed the amount of State Motor Fuel Tax Revenues actually paid into the Fiscal Division of the Department of Administrative Services and constitutionally appropriated to the Department of Transportation.

For lease rental obligations of the Department of Transportation to the Georgia Highway Authority and the Georgia Building Authority in accordance with lease rental contracts now in existence and for appropriations to the "State of Georgia General Obligation Debt Sinking Fund" for the specific purpose of paying annual debt service requirements on new General Obligation debt to finance the construction or reconstruction of public roads and bridges approved by the Department of Transportation.

For grants to counties for aid in county road construction and maintenance to be distributed and disbursed to various counties of the State by the Fiscal Division of the Department of Administrative Services in the same proportional basis to each county as the proportion of each county's total public road mileage is to the total public road mileage in the State, as such mileage information is furnished by the Department of Transportation.

Provided, further, that a member of the governing authority of the county, designated by such authority, shall submit to the State Auditor a copy of its regular annual audit not later than six months after the end of the fiscal year for which such audit is made. The State Auditor shall compare the amount of funds distributed to each county in such year under the provisions of Section 92-1404, subsection (F) of the Motor Fuel Tax Law against the amount of funds expended by each county in such year for the purposes authorized by said Section.

Provided further, it is the intent of this General Assembly that the Department of Transportation is authorized to use interstate rehabilitation funds for four-laning and passing lanes.

In addition to all other appropriations for the fiscal year ending June 30, 1982 there is hereby appropriated \$2,425,000 for the purpose of providing funds for the operation of regional farmers' markets in the Department of Agriculture, and there is hereby appropriated \$5,503,400 for the purpose of providing operating funds for the State physical health laboratories (\$175,000 - Budget Unit "A") and for State mental health/mental retardation institutions (\$5,328,400 - Budget Unit "C") in the Department of Human Resources. Provided, further, the Office of Planning and Budget is hereby authorized to transfer funds from this section to the Department's budget on a quarterly basis in an amount equal to that which the Department remits to the Fiscal Division of the Department of Administrative Services from agency fund collections.

Section 51. In addition to all other appropriations for the fiscal year ending June 30, 1982, there is hereby appropriated \$1,346,963 to increase the mileage reimbursement rate for privately owned vehicles from eighteen cents (\$.18) per mile to twenty cents (\$.20) per mile, to be effective July 1, 1981.

Section 52. It is the intent of this General Assembly that to the greatest extent feasible, the Georgia Building Authority (Hospital) and Georgia Building Authority (Penal) utilize existing surplus funds for payments to bond trustees for unmatured issues to eliminate the necessity of debt-service appropriations in Fiscal Year 1982 and thereafter.

Section 53. It is the intent of this General Assembly that each and every agency, board, commission and authority receiving appropriations in this Act shall develop and enforce stringent regulations relating to the use of motor vehicles owned, leased or rented by the State, including provisions that employees authorized to utilize State vehicles for commuting to and from work shall not use such vehicles except for official State business.

Provided, further, it is the intent of this General Assembly that each State agency utilizing xerographic reproducing equipment maintain a log for each unit of equipment indicating the date, number of copies and such other data determined appropriate to conserve the utilization of such equipment. It is the further intent of this General Assembly that each State agency implement procedures to control usage of long-distance, GIST and credit card telephone calls, in order to mitigate the State's cost therefor.

Section 54. It is the intent of this General Assembly that to the extent to which Federal funds become available in amounts in excess of those contemplated in this Appropriations Act, such excess Federal funds shall be applied as follows, whenever feasible:

First, to supplant State funds which have been appropriated to supplant Federal funds, which such supplanted State funds shall thereupon be removed from the annual operating budgets; and

Second, to further supplant State funds to the extent necessary to maintain the effective matching ratio experienced in the immediately preceding fiscal year, which such supplanted State funds shall thereupon be removed from the annual operating budgets.

It is the further intent of this General Assembly that the Office of Planning and Budget utilize its budgetary and fiscal authority so as to accomplish the above-stated intent to the greatest degree feasible; and that at the end of this fiscal year, said Office of Planning and Budget provide written notice to the members of the Appropriations Committees of the Senate and House of Representatives of the instances of noncompliance with the stated intent of this Section.

Section 55. It is the intent of this General Assembly that each agency for which an appropriation is authorized herein shall maintain financial records in such a fashion as to

enable the State Auditor to readily determine by Object Class the expenditures of each activity contained in this Appropriations Act.

Section 56. In addition to all other appropriations, there is hereby appropriated as needed, a specific sum of money equal to each refund authorized by law, which is required to make refund of taxes and other monies collected in error, farmer gasoline tax refund and any other refunds specifically authorized by law. Laws 1947, p. 1115), by virtue of the said wholesale distributor being engaged in retailing motor fuel.

Section 57. No State appropriations authorized under this Act shall be used to continue programs currently funded by 100% Federal funds.

Section 58. Provided further that no State funds in this appropriation shall be paid to or on behalf of Georgia Indigent Legal Services or its affiliates, nor shall any State facilities be made available for their use, including but not limited to the Georgia Interactive Statewide Telecommunications Network either directly or indirectly.

The General Assembly declares that the sums hereby appropriated for lease rentals are to pay the general obligations of the State incurred under valid lease contracts and such appropriations are to be paid from the general funds of the State as a first charge upon General Funds.

Section 60. All expenditures and appropriations made and authorized under this Act shall be according to the programs and activities as specified in the Governor's recommendations contained in the Budget Report submitted to the General Assembly at the 1981 regular session, except as otherwise specified in this Act; provided, however, the Director of the Budget is authorized to make internal transfers within a budget unit between objects, programs, and activities subject to the conditions that no funds whatsoever shall be transferred for use in initiating or commencing any new program or activity not currently having an appropriation of State funds, nor which would require operating funds or capital outlay funds beyond fiscal year 1982, and provided, further, that no funds whatsoever shall be transferred between objects without the prior approval of at least eleven (11) members of the Fiscal Affairs Subcommittees in a meeting called to consider said transfers. This Section shall apply to all funds of each budget unit from whatever source derived. The State Auditor shall make an annual report to the Appropriations Committees of the Senate and House of Representatives of all instances revealed in his audit in which the expenditures by object class of any department, bureau, board, commission, institution or other agency of this State are in violation of this Section or in violation of any amendments properly approved by the Director of the Budget. In those cases in which the aforesaid Budget Report contains no recommendation by the Governor of expenditures as to

objects, the Director of the Budget, except as to the Legislative and Judicial Branches of the Government, is authorized to allocate as to object such funds as he deems proper, but he shall not approve any operating budget containing any such allocation until such shall be submitted and approved in the same manner and under the same conditions provided hereinbefore for transfers.

Section 61. Wherever in this Act the term "Budget Unit Object Classes" is used, it shall mean that the object classification following such term shall apply to the total expenditures within the Budget Unit, and shall supersede the object classification shown in the Budget Report for F.Y. 1982 submitted to the General Assembly at the 1981 regular session.

Section 62. It is the intent of the General Assembly that for the purposes of this Act,

(1) Authorized motor vehicles are defined as sedans, pick-up trucks, vans, station wagons and any other such vehicles for street and highway use, and

(2) The number of authorized motor vehicles indicated for each budget unit shall include leased vehicles and State-owned vehicles, and

(3) The Departments are not authorized to accept vehicles from surplus property to increase the number authorized in this Act unless specifically approved by this General Assembly.

Section 63. The Office of Planning and Budget is hereby directed to economize wherever possible and in the event any part of the appropriations provided in the foregoing Section of this Act shall be in excess of the actual approved budget allotments for the fiscal year, the amounts so in excess, as determined by the Office of Planning and Budget, shall cease to be an obligation of the State.

Section 64. TOTAL APPROPRIATIONS

Section 65. This Act shall become effective upon its approval by the Governor or upon its becoming law without his approval.

Section 3. Board; composition; expenses; secretary. powers and duties. (a) There is hereby created a Georgia Board of Private Detective and Security Agencies. The board shall consist of seven members, each of whom shall be appointed by the Governor. The first appointees shall serve their terms as follows: two for two years, two for three years, and three for four years. Thereafter, each member shall serve for a term of four years. Four members shall be engaged in the contract private detective or private security business and shall have at least four years of experience in such business immediately preceding their appointment. Two members shall be engaged in state, county, or municipal law enforcement and shall have at least four years of experience in governmental law enforcement immediately preceding their appointment. One member shall be appointed from the public at large. At the first meeting of the board held each year, the members shall elect a chairman to serve for one year. A majority of the board members shall constitute a quorum for all board business. The Governor may remove any member of the board for neglect of duty, incompetence, or other unethical or dishonorable conduct. After such removal or after the creation of a vacancy due to death, resignation, or ineligibility, the Governor shall appoint a successor to serve the unexpired term. Appointees to the board shall, immediately after their appointment, take and subscribe to a written oath or affirmation required by law for all public officers.

(b) The members of the board shall receive the sum of \$44.00 in addition to actual and necessary expenses for each day's actual attendance at scheduled meetings or hearings of the board. Such compensation shall be paid only for days on which a member is in attendance at a meeting of the board or in attendance to the official duties or business of the board. Any reimbursement for expenses which is received from any other source, either private or public, shall be in lieu of the expenses authorized by this section.

(c) The joint-secretary shall be the secretary of the board and, in addition to his duties as prescribed in Code Chapter 84-1, as amended, shall perform such other administrative duties as may be prescribed by the board. All legal process and all documents required by law to be served upon or filed with the board shall be served upon or filed with the joint-secretary at his office in Atlanta, Georgia. All official records of the board, or affidavits by the joint-secretary as to the content of such records, shall be prima-facie evidence of all matters required to be kept therein.

(d) In addition to any authority otherwise granted by this Act, and subject to the provisions of laws relating to the joint-secretary, the board shall have the following powers and duties:

- (1) To determine the qualifications of applicants for licenses or registration under the provisions of this Act.
- (2) To investigate alleged violations of the provisions of this Act or any rules and regulations adopted by the board, including the power to conduct inspections of a licensee's employee lists and training records.
- (3) To promulgate all rules and regulations necessary to carry out the provisions of this Act.
- (4) To establish and enforce standards governing the conduct of persons licensed and registered under the provisions of this Act.
- (5) To maintain in its name an action for injunctive or other appropriate legal or equitable relief to remedy violations of this Act. In pursuing equitable remedies, it

shall not be necessary that the board allege or prove that it has no adequate remedy at law. It is hereby declared that violations of the provisions of this Act are a menace and a nuisance, dangerous to the public health, safety, and welfare.

(6) To recommend to the joint-secretary the employment or appointment of such personnel, including, but not limited to, inspectors, as may be necessary to assist the board in exercising and performing any and all the powers, duties, and obligations set forth in this Act.

(7) To require a licensee to maintain and keep such records as are subject to inspection under the provisions of this Act.

(8) To establish and charge reasonable fees for the administration of applications, examinations, registration, and licensure and renewal of licenses with respect to private detectives and persons engaged in the private security business; provided, however, that the amount of fees charged shall be set such that the amount of revenue collected shall cover the cost of the administration of this Act and the rules and regulations of the board.

(9) To issue, renew, deny, suspend, or revoke licenses consistent with the provisions of this Act.

(10) To hold hearings on all matters properly brought before the board and, in connection therewith, to administer oaths, receive evidence, make the necessary determinations, and enter orders consistent with the findings.

Section 4. Licensure and registration of persons practicing for one year on the effective date of this Act. (a) Notwithstanding any other provision of this Act, any individual, firm, association, company, partnership, or corporation which has engaged in the private detective or private security business for a period of at least one year prior to the effective date of this Act shall make a verified application in writing to the joint-secretary for a license. The application for a license shall be made under oath, on a form to be furnished by the joint-secretary. The application shall state the applicant's full name, age, date and place of birth, residences and employment within the past five years with the names and addresses of employers, his present occupation, the date and place of conviction of any crime, including the entry of a plea of nolo contendere or a plea entered pursuant to provisions of the "Georgia First Offender Act" (Ga. Laws 1968, p. 324, as now or hereafter amended) or other first offender treatment, and such additional information as the board may require. Each applicant shall submit with the application two complete sets of fingerprints on forms specified and furnished by the board and one photograph, two inches wide by three inches high, taken within six months prior to the application, unless such fingerprints and photographs were filed by June 30, 1980, pursuant to the "Georgia Private Detective and Private Security Agencies Act," approved March 12, 1973 (Ga. Laws 1973, p. 40). If the applicant is a corporation, the above information shall be provided by the president or secretary of such corporation. If the applicant is a partnership, the above information shall be provided by each of the partners in such partnership. An applicant for licensure under this subsection shall submit satisfactory evidence to the board that such applicant has been actually engaged in the private detective or private security business for a period of at least one year prior to the effective date of this Act. Applicants desiring to receive a license under this subsection must submit the application, information, and evidence required by this subsection within 60 days from the effective date of this Act. Upon receiving the application, proof of bond (or financial statement as provided in Section 5), and the license fee as provided in Section 5 within the time period stated herein, the board may grant a license to such person to conduct said private detective business or private security business as stated in such application. Such licensure shall be for two years, subject to the provisions of Code Section 84-104, as now or hereafter amended, and application for renewal shall be on a form furnished by the joint-secretary. Renewal and penalty fees shall be those authorized by Section 5 of this Act. Immediately upon receipt of the license certificate issued by the board pursuant to this Act, the licensee shall post and at all times display such license in a conspicuous place at his place of business. A copy of the duplicate of the license certificate shall be conspicuously placed at each branch office.

(b) Notwithstanding any other provision of this Act, any licensee-employer under this Act shall register with the board any individual employed by him in the private detective or private security business, including any individual employed solely on the premises of or in connection with the affairs of such employer, who has engaged in the private detective or private security business for at least one year prior to the effective date of this Act. Application for registration shall be made in writing, under oath, on a form to be furnished by the joint-secretary. The application shall state the applicant's full name, age, date and place of birth, residences and employment within the past five years with the names and addresses of employers, his present occupation, the date and place of conviction of any crime, including the entry of a plea of nolo contendere or a plea entered pursuant to the provisions of the "Georgia First Offender Act" (Ga. Laws 1968, p. 324, as now or hereafter amended) or other first offender treatment, and such additional information as the board may require. Each applicant shall submit with the application two complete sets of fingerprints on forms specified and furnished by the board and one photograph, two inches wide by three inches high, taken within six months prior to the application, unless such fingerprints and photographs were on file on June 30, 1980, pursuant to the "Georgia Private Detective and Private Security Agencies Act," approved March 12, 1973 (Ga. Laws 1973, p. 40). Satisfactory evidence that the prospective registrant has been actually employed in the private detective or private security business for a period of at least one year prior to the effective date of this Act shall be submitted to the board. Employers desiring to register employees under this subsection must submit the application, information, and evidence required by this subsection within 60 days from the effective date of this Act. Upon receiving the application and a registration fee as provided in Section 6, the board may register such individual and so notify the employer. The employer shall notify the board within 20 days of the termination of employment of any registered employee. Such registration shall be for two years, subject to the provisions of Code Section 84-104, as now or hereafter amended, and application for renewal shall be made on a form furnished by the joint-secretary. Renewal and late renewal fees shall be those authorized by Section 6 of this Act. Upon receipt of a registration card issued by the board pursuant to this Act, the registrant shall maintain said card on his person at all times while on his post or at his place of employment and at all times when the registrant wears a uniform in the course of his employment in the private detective or private security business.

Section 5. Licenses; application; qualifications; bond; fees; display. (a) Except as provided in Section 4, any individual, firm, association, company, partnership, or corporation desiring to engage in the private detective or private security business in this state shall make a verified application in writing to the joint-secretary for a license therefor.

(b) Upon being satisfied, after investigation, of the good character, competency, and integrity of an applicant for licensure under this Act, or, if the applicant is a firm, association, company, partnership, or corporation, upon being satisfied of the good character, competency, and integrity of the president or secretary of such corporation or member of such firm, association, or partnership, the board may grant a license to conduct a private detective or private security business to such individual, firm, association, company, partnership, or corporation if:

- (1) The applicant is at least 18 years of age.
- (2) The applicant is a citizen of the United States or a registered resident alien.
- (3) The applicant is of good moral character.
- (4) The applicant has not been convicted of a felony or any crime involving the illegal use, carrying, or possession of a dangerous weapon or any crime involving moral turpitude; provided, however, that, if the applicant has been convicted of such crime, or has entered a plea of nolo contendere, or has entered a plea pursuant to provisions of the "Georgia First Offender Act" (Ga. Laws 1968, p. 324, as now or hereafter amended), or otherwise been granted first offender treatment, the board may inquire into the nature of the crime, the date of conviction or plea, and other underlying facts and circumstances surrounding such criminal proceedings and, in its discretion, may grant a license to such applicant.
- (5) The applicant has not committed an act constituting dishonesty or fraud.

(6) The applicant has satisfied the board that his private detective or private security business has a competent training officer and adequate training program with a curriculum approved by the board or that adequate training will be obtained from such other source as the board may approve.

(7) The applicant has had at least two years of experience as a private detective with a licensed detective agency, or two years of experience as a supervisor or administrator in in-house security or with a licensed private security agency, or at least two years of experience as a member of the Federal Bureau of Investigation or as a member of any federal, state, county, or municipal police department, or, in lieu thereof, that the applicant has met such other requirements as the board may prescribe by rule.

If the applicant is a firm, association, company, partnership, or corporation, the person filing the application on behalf of such firm, association, company, partnership, or corporation shall be the president or secretary of such corporation or a member of such firm, association, or partnership; and such individual shall meet the qualifications set out herein.

(8) The applicant meets such other qualifications as the board may prescribe by rule.

(c) The application for a license shall be made in writing, under oath, on a form to be furnished by the joint-secretary. The application shall state the applicant's full name, age, date and place of birth, residences and employment within the past five years with the names and addresses of employers, his present occupation, date and place of conviction of any crime, including the plea of nolo contendere or a plea entered pursuant to provisions of the "Georgia First Offender Act" (Ga. Laws 1968, p. 324, as now or hereafter amended) or other first offender treatment, and such additional information as the board may require to investigate the qualifications, character, competency, and integrity of the applicant. Each applicant shall submit with the application two complete sets of fingerprints on forms specified and furnished by the board and one photograph, two inches wide by three inches high, full face, taken within six months prior to the application. The application shall contain such additional documentation as the board may prescribe by rule. The board shall have the discretion to deny a license to an applicant who fails to provide the information and supporting documentation required by this subsection.

(d) In addition to the requirements enumerated in this section, each applicant for a license under this Act shall provide satisfactory evidence to the board that the prospective licensee has posted or has made provision for the posting of a bond. The required bond shall be executed in favor of the state, in the amount of \$10,000.00, with a surety company authorized to do business in this state and conditioned to pay damages not to exceed the amount of such bond to any person aggrieved by any act of the principal named in such bond, which act is in violation of the provisions of this Act and would be grounds for denial, suspension, or revocation of a license under Section 9 of this Act. Immediately upon the granting of a license, such bond shall be filed with the joint-secretary by said licensee and shall be approved by the joint-secretary as to form and as to the solvency of the surety. The prospective licensee may file the required bond with the joint-secretary prior to the granting of a license for the joint-secretary's approval as heretofore mentioned. No licensee shall cancel, or cause to be cancelled, a bond issued pursuant to this section unless the board is so informed in writing by certified mail at least 30 days prior to the proposed cancellation. In lieu of the required bond, the prospective licensee may submit a net worth affidavit prepared using standard accounting procedures which indicates that the prospective licensee has a net worth of more than \$30,000.00. The board, in its discretion, may accept a financial affidavit in lieu of the bond required by this subsection. In the case of partnerships, said net worth affidavit shall be submitted by the partnership, and each individual partner, showing that the partnership, and the individual partners combined, have a net worth of more than \$30,000.00. The board, in its discretion, may require licensees under this section to submit periodic financial updates to insure continued financial responsibility. If the surety or licensee fails to submit, within ten days of the effective date of cancellation, a new bond, or a net worth statement as outlined herein, the board shall have the authority to revoke any license issued under this Act.

(e) Licenses issued pursuant to this section shall be for two years, subject to the provisions of Code Section 84-104, as now or hereafter amended, and application for renewal shall be made on a form furnished by the joint-secretary. License fees, renewal fees, late renewal fees, and reinstatement fees and the form of payment thereof shall be established by appropriate rule of the board.

(f) Immediately upon receipt of a license certificate issued by the board pursuant to this Act, the licensee shall post and at all times display such license in a conspicuous place at his place of business. A copy of the duplicate of the license certificate shall be conspicuously posted at each branch office.

Section 6. Registration of employees; application; qualifications; fees. (a) Any licensee may employ as many agents, operators, assistants, guards, watchmen, or patrolmen as he deems necessary for the conduct of his business, provided that such employees meet the requirements and qualifications for registration under this Act.

(b) Except as provided in Section 4, within 20 days of hiring such agents, operators, assistants, guards, watchmen, or patrolmen, the licensee shall make application to register such employees with the board.

(c) Upon being satisfied, after investigation, of the employee's character, competency, and eligibility for registration, the board may register such employee if:

(1) The employee is at least 18 years of age;

(2) The employee is a citizen of the United States or a registered resident alien;

(3) The employee is of good moral character;

(4) The employee has not been convicted of a felony or any crime involving the illegal use, carrying, or possession of a dangerous weapon or any crime involving moral turpitude; provided, however, that, if the employee has been convicted of such crime, or has entered a plea of nolo contendere to such crime, or has entered a plea pursuant to the "Georgia First Offender Act" (Ga. Laws 1968, p. 324, as now or hereafter amended), or otherwise been granted first offender treatment, the board may inquire into the nature of the crime, the date of conviction or plea, and other underlying facts and circumstances surrounding such criminal proceedings and, in its discretion, may allow the employee to be registered;

(5) The employee has not committed an act constituting dishonesty or fraud; and

(6) The employee meets such other qualifications as the board may prescribe by rule.

(d) The application for registration shall be made in writing, under oath, on a form to be furnished by the joint-secretary. The application shall state the employee's full name, age, date and place of birth, residences and employment within the past five years, experience in the position applied for or held, the date and place of conviction of any crime, including the entry of a plea of nolo contendere or the entry of a plea entered pursuant to provisions of the "Georgia First Offender Act" (Ga. Laws 1968, p. 324, as now or hereafter amended), or other first offender treatment, and such other information as the board may require to investigate properly the character, competency, and integrity of the employee. The application for registration shall be accompanied by two sets of fingerprints of the employee and one photograph of the employee, two inches wide by three inches high, full face, taken within six months prior to the application. The board shall have discretion to deny registration to any individual when the information and supporting documentation required by this subsection is not provided.

(e) Upon granting an application for registration, the board shall so notify the employer-licensee. The employer-licensee shall notify the board within 20 days of the termination of employment of any registered employees.

(f) Registrations pursuant to this section shall be for two years, subject to the provisions of Code Section 84-104, as now or hereafter amended, and application for renewal shall be made on a form furnished by the joint-secretary. Registration fees, renewal fees, late renewal fees, and reinstatement fees and the form of payment thereof shall be established by appropriate rule of the board. Upon receipt of a registration card issued by the board pursuant to this Act, the registrant shall maintain said card on his person at all times while on his post or at his place of employment and at all times when the registrant

wears a uniform in the course of his employment in the private detective or private security business.

Section 7. Expiration of licenses and registrations; refund of fees. Licenses and registrations shall become invalid on the date of expiration but shall be subject to reinstatement upon payment of all fees due within 90 days of the date of expiration. Any license which has expired for more than 90 days shall not be renewed, and a new application shall be required. The board shall have the authority to refund fees upon proper cause, to be determined on a case-by-case basis, in the board's discretion.

Section 8. Fingerprints; criminal identification. (a) The board shall forward the two sets of fingerprints received from each prospective licensee and registrant to the Georgia Crime Information Center of the Georgia Bureau of Investigation for the purpose of criminal identification through the fingerprint system of identification established by said bureau and the fingerprint system of investigation established by the Federal Bureau of Investigation.

(b) It shall be the duty of the joint-secretary to keep a record of all information received from the Georgia Bureau of Investigation and the Federal Bureau of Investigation with respect to criminal identification and to cooperate with the Georgia Bureau of Investigation, similar departments in other states, and the United States Department of Justice in any criminal identification system.

(c) At such times as the board may require, fingerprint cards of licensees and registrants may be periodically reprocessed to identify criminal convictions subsequent to licensure or registration.

Section 9. Denial or sanction of licenses and registrations; hearings. (a) The board shall have the power, after notice and hearing conducted pursuant to the "Georgia Administrative Procedure Act," to deny an application for licensure or registration or to sanction any license or registration issued pursuant to this Act if it determines that the applicant, licensee, or registrant has:

(1) Made any false statement or given any false information in connection with an application for license or registration, including an application for renewal or reinstatement thereof.

(2) Knowingly violated any provision of this Act or violated any rule or regulation promulgated by the board pursuant to the authority contained in this Act.

(3) Been convicted of a felony, or any crime involving the illegal use, carrying, or possession of a dangerous weapon, or any crime involving moral turpitude in the courts of this state or any other state, territory, or country or in the courts of the United States. "Felony," as used in this subsection, shall include any offense which if committed in this state would be deemed a felony, without regard to its designation elsewhere. For purposes of this subsection, a "conviction" shall be deemed to include a finding or verdict of guilty or plea of guilty, regardless of whether an appeal of the conviction has been sought.

(4) Been arrested, charged, and sentenced for the commission of a felony, any crime involving the illegal use, carrying, or possession of a dangerous weapon, or any crime involving moral turpitude, where:

(A) A plea of nolo contendere was entered to the charge; or

(B) First offender treatment was granted without adjudication of guilt pursuant to the charge; or

(C) An adjudication or sentence was otherwise withheld or not entered on the charge.

The plea of nolo contendere, or the order entered pursuant to the provisions of the "Georgia First Offender Act" (Ga. Laws 1968, p. 324, as now or hereafter amended), or other first offender treatment shall be conclusive evidence of arrest and sentencing for such crime.

(5) Become unable to engage in the private detective or private security business with reasonable skill and safety to the public by reason of illness; use of alcohol, drugs, narcotics, chemicals, or any other type of material; or as a result of any mental

or physical condition. The board may, however, after investigation of the circumstances surrounding each application, approve for licensure and registration those individuals who produce certified medical evidence of having been successfully treated and cured of alcoholism, drug addiction, or mental illness.

(6) Committed any act in the practice of the private detective or private security business constituting dishonesty or fraud.

(7) Impersonated or permitted or aided and abetted any other person to impersonate a law enforcement officer or employee of the United States or of this state or of any political subdivision thereof in the practice of the private detective or private security business.

(10) Committed a felony, any crime involving the illegal use, carrying, or possession of a dangerous weapon, or any crime involving moral turpitude.

(11) Knowingly violated, or advised, encouraged, or assisted in the violation of, any court order or injunction in the course of the private detective or private security business or knowingly advised, encouraged, or assisted in the violation of any lawful order issued by the board.

(12) Failed to renew a cancelled bond, in accordance with Section 5 of this Act, or failed to supply the financial affidavit required in lieu thereof.

(13) Undertaken to give legal advice or counsel; misrepresented that he is representing an attorney or is appearing or will appear in any legal proceeding; issued, delivered, or uttered any simulation of process of any nature which might lead a person or persons to believe that such simulation, whether written, printed, or typed, may be a summons, warrant, writ, or other court process or pleading in any court proceeding.

(14) Failed to demonstrate the qualifications or standards for licensure or registration contained in this Act or in the rules and regulations of the board. It shall be incumbent upon the applicant to demonstrate to the satisfaction of the board that he meets all the requirements for licensure or registration; and, if the board is not satisfied as to the applicant's qualifications, it shall have the power to deny such licensure or registration.

(b) If, after notice and hearing, the board finds that any applicant for licensure or any prospective registrant is unqualified to be granted such license or to be registered, or that the license or registration should be revoked or otherwise sanctioned, the board may take any one or more of the following actions:

(1) Deny the application for licensure or registration;

(2) Administer a public reprimand;

(3) Suspend any license or registration for a definite period of time;

(4) Limit or restrict any license or registration for a definite period of time;

(5) Revoke a license or registration; or

In its discretion, the board may restore or reinstate a license or registration which has been sanctioned and, in conjunction therewith, may impose any disciplinary or corrective action provided for in this Act.

(c) Initial judicial review of a final decision of the board shall be had solely in the Superior Court of Fulton County.

In the alternative to the aforesaid bond requirement, the applicant may offer proof satisfactory to the board that it has obtained general liability insurance from an errors and omissions or similar liability insurance carrier authorized to do business in this state. Such liability insurance shall be in the coverage amount of \$300,000.00. Such bond or proof of insurance shall be filed, immediately upon the granting of a license, with the joint-secretary, state examining boards, by said licensee and shall be approved by the joint-secretary as to form and as to the solvency of the insurance carrier or surety. (2) Whenever any person shall file an action in a court of competent jurisdiction in which it is alleged that the applicant is liable for damages under this Act, such person, in order to secure his recovery, may give notice to the joint-secretary of such alleged liability and of the amount of damages claimed, after which notice the joint-secretary shall be bound to retain, subject to the order of the court in which the action is pending, a sufficient amount of the proceeds of the bond of the applicant to pay the judgment in said action.

(3) In the event that a judgment is rendered against the applicant in an action in which it is determined that the applicant is liable for damages under this Act, and the applicant has not paid such judgment within ten days of the date such judgment became final, then said person may petition the court for an order directing the joint-secretary to liquidate the bond or a portion thereof sufficient to pay such judgment to the extent the judgment may be satisfied with the proceeds of the bond.

(4) No licensee shall cancel, or cause to be canceled, a bond or liability insurance policy issued pursuant to this section, unless the board is so informed in writing by certified mail at least 45 days prior to the proposed cancellation. If the surety, insurance carrier, or licensee fails to submit, within ten days of the effective date of cancellation, a new bond, the board shall have the authority to revoke any license issued under this Act.

(e) Licenses issued pursuant to this section shall be for two or more years, as set by board rule, subject to the provisions of Code Section 84-104, as now or hereafter amended, and application for renewal shall be made on a form furnished by the joint-secretary.

License fees, renewal fees, late renewal fees, and reinstatement fees, and form of payment thereof, shall be established by appropriate rule of the board.

(f) Immediately upon receipt of a license certificate issued by the board pursuant to this Act, the licensee shall post and at all times display such license in a conspicuous place at his place of business. (5) The employee has not committed an act constituting dishonesty or fraud;

(6) The employee has not now nor within the last 12 months been treated for mental illness, alcohol or drug abuse;

(7) The employee meets such other qualifications as the board may prescribe by rule.

(d) The application for registration shall be made in writing, under oath, on a form to be furnished by the joint-secretary. (e) Upon granting an application for registration, the board shall so notify the employer-licensee. The employer-licensee shall notify the board within 30 days of the termination of employment of any registered employees.

(f) The board may waive the submission of fingerprints and photograph for any employee who has been employed by a person licensed under this Act within the previous 12 months.

Registration fees, renewal fees, late renewal fees, and reinstatement fees, and form of payment thereof, shall be established by appropriate rule of the board. Upon receipt of a registration card issued by the board pursuant to this Act, the registrant shall maintain said card on his

person at all times while on his post or at his place of employment and at all times when the registrant wears a uniform in the course of his employment in the private detective or private security business.

Section 7. Expiration of licenses and registrations; refund of fees. Licenses and registrations shall become invalid on the date of expiration but shall be subject to reinstatement upon payment of all fees due within 90 days of the date of expiration. Any license which has expired for more than 90 days shall not be renewed unless just cause can be shown and a new application shall be required. The board shall have the authority to refund fees upon proper cause, to be determined on a case-by-case basis, in the board's discretion.

Section 8. Temporary employees. Notwithstanding any other provisions of this Act, any person or corporation may use temporary employees for special events, without making application or paying any fee for said temporary employee, provided such temporary employment does not exceed 30 days in a calendar year and such employee does not carry firearms in connection with said employment; provided, however, that the names, addresses, and birth dates of such temporary employees, along with the identity and date of the special event for which they are to be employed shall be furnished to the board, or its designated representative, at least three days prior to the commencement of such special event.

Section 9. In-house security on employer-employee basis; licenses; registration; fees; penalties. (a) Any individual, firm, association, company, partnership, or corporation employing individuals to do private security work on the premises and in connection with the affairs of such employer only, where there exists an employer-employee relationship, shall be required to make application to the board for a license. In order to secure a license, such employer must:

(1) Post with the board a bond in favor of the state or proof of liability insurance, in accordance with the provisions of Section 5 of this Act;

(2) Satisfy the board that such employer has a competent training officer and an adequate training program with a curriculum approved by the board, or that adequate training will be obtained from such other source as the board may approve;

(3) Pay a biennial license fee as established by appropriate rule of the board. Renewal fees, late renewal fees, and reinstatement fees, and form of payment thereof, shall be established by appropriate rule of the board.

(b) Any employer licensed in accordance with subsection (a) shall, within 30 days of employing an individual to engage in private security work, comply with the provisions of Section 6 of this Act in order to register all such employees with the board. Registration fees, renewal fees, and penalty fees shall be those set out in Section 9 of this Act. Registrants under this section shall have the same qualifications as those required by Section 6 of this Act. All other provisions of Section 6 of this Act shall be applicable to licensees and registrants under this section.

(c) The provisions of this Act shall not be construed so as to require a person or corporation employing persons who do not, within the scope of their employment, carry firearms or have access to firearms, who do private security work in connection with the affairs of such employer only, and where there exists an employer-employee relationship, to be registered and licensed or to register and license such employees under this Act; provided, however, that such persons or corporations may elect to be licensed under this Act.

Section 10. Fingerprints; criminal identification. (a) The board shall forward the two sets of fingerprints received from each prospective licensee and registrant to the Georgia Crime Information Center of the Georgia Bureau of Investigation for the purpose of criminal identification through the fingerprint system of identification established by said bureau and the fingerprint system of identification established by the Federal Bureau of Investigation.

(b) It shall be the duty of the joint-secretary to keep a record of all information received from the Georgia Bureau of Investigation and the Federal Bureau of Investigation, with respect to criminal identification, and to cooperate with the Georgia Bureau of

Investigation, with similar departments in other states, and with the United States Department of Justice in any criminal identification system.

(c) At such times as the joint-secretary may require, fingerprint cards of licensees and registrants may be periodically reprocessed to identify criminal convictions subsequent to licensure or registration.

Section 11. Denial or sanction of licenses and registrations; hearings. (a) The board shall have the power, with the approval of the joint-secretary, after notice and hearing conducted pursuant to the "Administrative Procedure Act," to accept or deny an application for licensure or registration or to sanction any license or registration issued pursuant to this Act, if it determines that the applicant, licensee, or registrant without just cause has:

(1) Knowingly made any false statement or given any false information in connection with an application for license or registration, including an application for renewal or reinstatement thereof; or

(2) Knowingly violated any provision of this Act or violated any rule or regulation promulgated by the board pursuant to the authority contained in this Act; or

(3) Been convicted of a felony or any crime involving the illegal use, carrying, or possession of a dangerous weapon, or any crime involving moral turpitude, in the courts of this state or any other state, territory, country, or in the courts of the United States. "Felony" as used in this subsection shall include any offense which, if committed in this state, would be deemed a felony without regard to its designation elsewhere. For purposes of this subsection, a "conviction" shall be deemed to include a finding or verdict of guilty, or plea of guilty, regardless of whether an appeal of the conviction has been sought; or

(4) Been arrested, charged, and sentenced for the commission of a felony, any crime involving the illegal use, carrying, or possession of a dangerous weapon, or any crime involving moral turpitude, where:

(A) A plea of nolo contendere was entered to the charge; or

(B) First offender treatment was granted, without adjudication of guilt pursuant to the charge; or

(C) Where an adjudication or sentence was otherwise withheld or not entered on the charge.

The plea of nolo contendere or the order entered pursuant to provisions of the "Georgia First Offender Act" or other first offender treatment shall be conclusive evidence of arrest and sentencing for such crime; or

(5) Become unable to engage in the private detective or private security business with reasonable skill and safety to the public by reason of illness, use of alcohol, drugs, narcotics, chemicals, or any other type of material, or as a result of any mental or physical condition. The board may, however, after investigation of the circumstances surrounding each application, approve for licensure and registration those individuals who produce certified medical evidence of having been successfully treated and cured of alcoholism, drug addiction, or mental illness; or

(6) Committed any act in the practice of the private detective or private security business constituting dishonesty or fraud; or

(7) Impersonated or permitted or aided and abetted any other person to impersonate a law enforcement officer or employee of the United States or of this state or of any political subdivision thereof, in the practice of the private detective or private security business; or

(8) Engaged in, or permitted any employee to engage in, the private detective or private security business without a valid license or registration issued under the provisions of this Act; or

(9) Willfully failed or refused to render a service or to tender a report to a client, in connection with the private detective or private security business, as agreed between the parties and for which compensation was paid or tendered in accordance with the agreement of the parties; or

(10) Committed a felony, any crime involving the illegal use, carrying, or possession of a dangerous weapon, or any crime involving moral turpitude; or

(11) Knowingly violated or advised, encouraged, or assisted in the violation of any court order or injunction, in the course of the private detective or private security business, or knowingly advised, encouraged, or assisted in the violation of any lawful order issued by the board; or

(12) Failed to renew a canceled bond in accordance with Section 5 of this Act or failed to supply the financial affidavit required in lieu thereof; or

(13) Misrepresented that he is representing an attorney or is appearing or will appear in any legal proceeding; issued, delivered, or uttered any simulation of process of any nature which might lead a person or persons to believe that such simulation, whether written, printed, or typed, may be a summons, warrant, writ, or other court process or pleading in any court proceeding; or

(14) Failed to demonstrate the qualifications or standards for licensure or registration contained in this Act or in the rules and regulations of the board; it shall be incumbent upon the applicant to demonstrate to the satisfaction of the board that he meets all the requirements for licensure or registration and, if the board is not satisfied as to the applicant's qualifications, it shall have the power to deny such licensure or registration.

(b) If, after notice and hearing, the board, with the approval of the joint-secretary, finds that any applicant for licensure or any prospective registrant is unqualified to be granted such license or to be registered, or that the license or registration should be revoked or otherwise sanctioned, the board, with the approval of the joint-secretary, may take any one or more of the following actions:

- (1) Deny the application for licensure or registration;
- (2) Administer a public or private reprimand;
- (3) Suspend any license or registration for a definite period of time;
- (4) Limit or restrict any license or registration for a definite period of time;
- (5) Revoke a license or registration;
- (6) Revoke or suspend a license or registration, but place such license or registration on probation for a definite period of time, and impose such conditions of probation as will adequately protect the public during said period.

In its discretion, the board may restore or reinstate a license or registration which has been sanctioned and, in conjunction therewith, may impose any disciplinary or corrective action provided for in this Act.

(c) Petitions for initial judicial review of a final decision of the board may be filed in the Superior Court of Fulton County or in the superior court of the county of residence of the petitioner.

Section 12. Permits to carry firearms; fees; training; exemptions; denials; sanctions.

(a) The joint-secretary may grant to any person licensed or registered in accordance with the provisions of this Act, who meets with the qualifications and training requirements set forth in this section and such other qualifications and training requirements as the board by rule may establish, a permit to carry a pistol, revolver, or other firearm. The board shall be authorized to approve or disapprove such permit at its first meeting following the granting of the permit. The board, subject to the approval of the joint-secretary, shall have the authority to establish limits on type and caliber of such weapons by rule. Application for such permit shall be made on forms provided by the joint-secretary. The permit fee shall be established by appropriate rule of the board. Renewal fees, late renewal fees, and reinstatement fees, and form of payment thereof, shall be established by appropriate rule of the board, subject to the approval of the joint-secretary. Applications for renewal shall be made on a form furnished by the joint-secretary. No weapons permit issued under this section shall be transferable to another individual.

(b) No permit under this section shall be issued or renewed until the applicant has presented proof to the board that he is proficient in the use of firearms. The board, subject to the approval of the joint-secretary, shall have the authority to require periodic recertification of proficiency in the use of firearms and to refuse to renew a permit upon failure to comply with such requirement. The applicant shall present proof to the joint-secretary and the board:

(1) That he has received a minimum of four hours' classroom instruction on firearms; and

(2) That he has passed the standard pistol course which sets out minimum scores, courses of fire, and types and caliber of weapons approved by the board.

(c) All licensees and registrants under this Act shall be required to obtain from the joint-secretary a weapons permit, subsequently ratified by the board, under the provisions of this section, if a firearm is carried, or is to be carried, by such licensee or registrant while at or on route directly to and from his post or place of employment.

(d) Any licensee or registrant under this Act meeting the qualifications and training requirements set out in this section may be issued an exposed weapons permit in accordance with this section and shall be authorized to carry such firearm in an open and fully exposed manner. Such carrying of a firearm shall be limited to the time the licensee or registrant is on duty or on route directly to and from his post or place of employment. No stopover on route to and from such post or place of employment is permitted under the terms of this section.

(e) Licensees or registrants under this Act may apply to the joint-secretary for a concealed weapons permit. Application and renewal procedure, fees, penalties, qualifications, training, and restrictions for such permits shall be those established by appropriate rule of the board. The joint-secretary shall consider and approve each application for a concealed weapons permit on an individual basis, in its discretion. Such permit shall be valid until ratified or withdrawn by the board at its next meeting.

(f) An individual issued a permit in accordance with the provisions of this section shall be exempt from the following provisions of Georgia law: Ga. Code Section 26-2901, relating to carrying a concealed weapon; Ga. Code Section 26-2902, relating to carrying deadly weapons at public gatherings; Ga. Code Section 26-2903, relating to carrying a pistol without a license; Ga. Code Section 26-2904, relating to license to carry pistol or revolver.

(g) The joint-secretary and the board shall have the power to deny a weapons permit to any applicant who fails to provide the information and supporting documentation required by this section or to refuse to renew a permit upon failure to comply with such weapons proficiency recertification requirements as the board may prescribe.

(h) The joint-secretary shall have the authority to order the summary suspension of any weapons permit issued under this section, pending proceedings for revocation or other sanction, upon finding that the public health, safety, or welfare imperatively requires such emergency action and incorporating such a finding in its order.

(i) The board, with the approval of the joint-secretary, shall have the same power and authority to deny and sanction weapons permits under this section as that enumerated in Section 11 of this Act, based upon the same grounds as those enumerated therein.

Section 13. Arrest powers. Licensees or registrants under this Act shall have the same power of arrest as that granted to a private person by Ga. Code Section 27-211. A licensee or registrant may arrest an offender for a misdemeanor or a felony offense committed in his presence or within his immediate knowledge if the licensee or registrant has probable cause to believe a misdemeanor or a felony offense has been committed. If the offense is a felony, and the offender is escaping or attempting to escape, a licensee or registrant under this Act may arrest such offender upon probable cause.

Section 14. Exceptions. (a) This Act shall not apply to:

(1) An officer or employee of the United States of America, or of this state or a political subdivision thereof, while the employee or officer is engaged in the performance of official duties;

(b) The provisions of this Act shall not prevent the local authorities of any city or county, by ordinance and within the exercise of the police power of such city or county, from imposing local regulations upon any street patrol, special officer, or person furnishing street patrol service, including registration with an agency to be designated by such city or county.

Section 15. Application of Act. No individual, firm, association, company, partnership, or corporation shall engage in any activity covered by the provisions of this Act unless such individual, firm, association, company, partnership, or corporation is in compliance with the provisions of this Act.

Section 16. Termination date. Pursuant to Section 9 of "The Act Providing for the Review, Continuation, Reestablishment or Termination of Regulatory Agencies," approved March 24, 1977 (Ga. Laws 1977, p. 961), as now or hereafter amended, the Georgia Board of Private Detective and Private Security Agencies and this Act are hereby continued until July 1, 1982, at which time the board shall be terminated. Upon its termination, the board shall continue in existence until July 1 of the next succeeding year for the purpose of concluding its affairs and activities. During that termination period, the powers or authority of the board shall not be reduced or otherwise limited. This Act shall be continued in effect for the duration of the termination period only for the purpose of concluding its affairs. As of the last day of the termination period, this Act shall stand repealed in its entirety. During the termination period, the board shall not issue any new licenses nor renew any licenses nor collect any license fees which were not due and payable prior to the date of termination of the board.

Section 17. Severability. In the event any section, subsection, sentence, clause, or phrase of this Act shall be declared or adjudged invalid or unconstitutional, such adjudication shall in no manner affect the other sections, subsections, sentences, clauses, or phrases of this Act, which shall remain of full force and effect as if the section, subsection, sentence, clause, or phrase so declared or adjudged invalid or unconstitutional were not originally a part hereof. The General Assembly hereby declares that it would have passed the remaining parts of this Act if it had known that such part or parts hereof would be declared or adjudged invalid or unconstitutional.

Section 18. Effective date. This Act shall become effective upon its approval by the Governor or upon its becoming law without his approval.

Section 19. Repealer. All laws and parts of laws in conflict with this Act are hereby repealed.

Laws 1980, p. 1361), is hereby amended by striking the period appearing at the end of paragraph (3) of subsection (e) of Section 2 and inserting in lieu thereof the following:

“; and”,

and by adding at the end of said subsection (e) new paragraphs (4) and (5) to read as follows:

“(4) creditable service obtained pursuant to subsection (b) of Section 16 of this Act; and

(5) creditable service obtained pursuant to Section 17 of this Act.”,

so that when so amended said subsection (e) shall read as follows:

“(e) ‘Creditable service’ means

(1) service performed as a contributing member of the Fund after June 30, 1968, while a solicitor general or judge or solicitor of an inferior court; and

(2) service performed prior to June 30, 1968, as judge or solicitor of an inferior court when employer and employee contributions for such prior service are paid into said Fund as provided for in this Act; and

(3) service performed as a contributing member of the Fund after June 30, 1972, while a juvenile court judge; and

(4) creditable service obtained pursuant to subsection (b) of Section 16 of this Act; and

(5) creditable service obtained pursuant to Section 17 of this Act."

Section 6. Said Act is further amended by striking subsection (g) of Section 2, which reads as follows:

"(g) 'Average annual compensation' means the average annual compensation of a member during the five years immediately preceding his retirement, except that any increase in compensation during such five-year period which exceeds an annual increase in compensation of 20 percent shall not be counted in determining average annual compensation."

in its entirety.

Section 7. Said Act is further amended by striking subsection (e) of Section 16, which reads as follows:

"(e) No prior service shall be creditable under the provisions of this Section or any other provision of this Act if the same service is obtained as creditable service under any other publicly supported retirement or pension system of this State. No service as a contributing member of this retirement system shall be allowed as creditable service under any other publicly supported retirement or pension system of this State."

in its entirety.

Section 8. Said Act is further amended by striking Section 17 in its entirety and substituting in lieu thereof a new Section 17 to read as follows:

"Section 17. (a) Judges and solicitors of ~~certain~~ inferior courts who are members of the Employees' Retirement System under the provisions of an Act approved December 21, 1953 (Ga. L. 1953, Nov.-Dec. Sess., p. 305), said Act being an amendment to the Act establishing the Employees' Retirement System, approved February 3, 1949 (Ga. L. 1949, p. 138), or the Georgia Legislative Retirement System may transfer their accumulated employer and employee contributions from the Employees' Retirement System or the Georgia Legislative Retirement System to the Fund and shall receive credit in the Fund for all service as a contributing member of the Employees' Retirement System; ~~but upon retirement, retirement benefits shall be determined in accordance with the provisions of sections 18 and 19 of this Act or the Georgia Legislative Retirement System.~~ Any such judge ~~and~~ or solicitor desiring to transfer from the Employees' Retirement System or the Georgia Legislative Retirement System to the Fund must make application to the Board for such transfer within ninety ~~(90)~~ days after June 30, 1968 1981. Any such judge ~~and~~ or solicitor failing to make such application within said ninety ~~(90)~~ days shall not at any later time be eligible to become ~~members~~ a member of the Trial Judges and Solicitors Retirement Fund.

(b) In lieu of transfer of credit from the Employees' Retirement System or the Georgia Legislative Retirement System authorized by subsection (a) of this section, judges and solicitors of inferior courts may receive credit in the Fund for prior service as members of the General Assembly and prior service as state employees by the payment by such judge or solicitor of employer and employee contributions into the Fund for such prior service. Said contributions for such prior service may be paid into said Fund at a rate not to exceed payment for one year's prior service for each year as a contributing member of said Fund, except as otherwise provided in subsections (c) and (d) of Section 16 of this Act. The basis for employer and employee contributions to said Fund for receiving any credit for prior service shall be the compensation which would have been received at the time by such judge or solicitor if he had been serving as a judge or solicitor in the office to which he was elected or appointed during the period he was a state

employee or a member of the General Assembly. Actual compensation received by the judge or solicitor shall be the basis for employer and employee contributions to said Fund if the court was not in existence during the time he was a state employee or member of the General Assembly.

(c) Any former judge or solicitor of an inferior court who retired under the Employees' Retirement System on or after January 1, 1981, and who, if not retired, would have been eligible to transfer accumulated employer and employee contributions from the Employees' Retirement System to the Fund under subsection (a) of this Section shall have the right to transfer such accumulated employer and employee contributions to the Fund, notwithstanding the fact of having previously retired. Upon notifying the Board, in writing, of the election to transfer accumulated employer and employee contributions from the Employees' Retirement System to the Fund, a former judge or solicitor of an inferior court subject to this subsection shall be entitled to retire under this Act, and the Board shall begin paying retirement benefits under this Act to the former judge or solicitor of the inferior court. Retirement benefits being paid under the Employees' Retirement System to the former judge or solicitor of an inferior court shall cease on the effective date of the transfer of accumulated employer and employee contributions from the Employees' Retirement System to the Fund."

Section 9. Said Act is further amended by striking Sections 18, 19, and 20 in their entirety and substituting in lieu thereof new Sections 18, 19, and 20 to read as follows:

"Section 18. (a) Except as otherwise provided herein, any member who has attained the age of seventy years who fails to retire effective on the first day of the calendar month next succeeding that in which he attains the age of seventy years shall forfeit his right to receive any retirement or disability benefits under the provisions of this Act. Notwithstanding the foregoing provisions of this subsection, a member who held office as a district attorney, juvenile court judge, or as a judge or solicitor of the inferior courts on July 1, 1980 1979, shall not be required to retire, regardless of his age, according to the provisions of this subsection.

(b) The maximum retirement benefits shall be based on ~~twenty-two~~ sixteen years of creditable service and the attainment of age sixty-five. After completing such years of service and upon attaining age sixty-five, a member shall be entitled to retire and receive a monthly retirement benefit equal to two-thirds of the monthly salary being paid to the member as hereinafter provided. Said monthly retirement benefit shall be an equal monthly installment of an annual retirement benefit computed on the basis of three percent of the member's average annual compensation, multiplied by his total number of years of creditable service, not to exceed 22 years. The monthly salary on which retirement benefits shall be based shall be the monthly salary paid to the member at the time of retirement of said member with less than sixteen years of creditable service or the monthly salary paid to said member at the time of completion of sixteen years of creditable service for a member with sixteen or more years of creditable service. After obtaining sixteen years of creditable service, a member shall cease making employee contributions to the Retirement Fund created by this Act.

(c) After obtaining 22 years of creditable service, a member shall continue to make employee contributions as required by this Act, but the maximum retirement benefit shall be based on 22 years of creditable service. In the event a member continues in service after obtaining 22 years of creditable service, his average annual compensation shall be computed on the basis of increases in compensation received after obtaining such 22 years of creditable service, subject to the requirements and limitations of subsection (g) of Section 2 of this Act.

Section 19. (a) In lieu of retirement at the maximum benefits as provided by subsection (b) of Section 18 of this Act, a member may retire at any time after attaining age sixty and after obtaining a minimum of ten years of creditable service, and the monthly retirement benefit for such early retirement shall be computed on the same basis as retirement benefits are computed under subsection (b) of Section 18 of this Act based on the number of years of creditable service obtained at the time of retirement: a percentage of the maximum retirement benefits provided by subsection (b) of Section 18 of this Act. The percentage shall be computed by comparing the number of actual years

of service as a district attorney, juvenile court judge, or a judge or solicitor of the inferior courts with the figure sixteen, and reducing retirement benefits at the rate of five percent per annum for each year of service less than sixteen.

(b) A member may retire pursuant to subsection (b) of Section 18 of this Act or pursuant to subsection (a) of this Section by making written application to the Board of Trustees setting forth at what time, not less than thirty days nor more than ninety days subsequent to the filing of such application, he desires to be retired.

Section 20. (a) After obtaining a minimum of ~~ten~~ four years of creditable service, any member, regardless of his age, who shall become totally and permanently disabled to the extent that he is unable to perform the duties of his office shall be entitled to receive a disability retirement benefit which shall be one-half of the maximum retirement benefits provided by subsection (b) of Section 18 of this Act, unless the member would qualify for greater benefits under subsection (a) of Section 19 of this Act, in which event that subsection would apply. The monthly disability retirement benefit shall be calculated in the same manner as a service retirement benefit under subsection (b) of Section 18 of this Act, except that such disabled member shall be entitled to receive a minimum disability retirement benefit which shall be equal to one-half of the maximum retirement benefit provided by subsection (b) of Section 18 of this Act after 22 years' creditable service.

(b)—After obtaining a minimum of four years of creditable service, any member, regardless of age, who shall become totally and permanently disabled as a result of an act of external violence incurred in or as a result of the performance of the member's official duties, to the extent that the member is unable to perform the duties of his office, shall be entitled to receive a disability retirement benefit. The monthly disability retirement benefit shall be calculated in the same manner as a service retirement benefit under subsection (b) of Section 18 of this Act, except that such disabled member shall be entitled to receive a minimum disability retirement benefit which shall be equal to one-half of the maximum retirement benefit provided by subsection (b) of Section 18 of this Act after 22 years' creditable service.

(c)(b) The disability of any member applying for disability retirement benefits and the continuation of such disability shall be determined by the Board in the same manner and under the same procedure as disability of State employees is determined in accordance with the applicable provisions of the Act establishing the Employees' Retirement System of Georgia, approved February 3, 1949 (Ga. Laws 1949, p. 138), as now or hereafter amended. Disability retirement benefits shall become payable within 30 days after such disability is determined by the Board as herein provided."

Section 10. Said Act is further amended by striking from subsection (i) of Section 22A, wherever the same appears, the following:

"twenty-two",

and inserting in lieu thereof the following:

"sixteen",

so that when so amended subsection (i) of Section 22A shall read as follows:

"(i) When a member elects to obtain spouses' benefits as provided herein and such member attains ~~twenty-two~~ sixteen years of creditable service for regular retirement pursuant to subsection (b) of Section 18 of this Act, such member shall continue to make employee contributions required herein for spouses' benefits until such time as such member attains ~~twenty-two~~ sixteen years of creditable service for the purpose of spouses' benefits."

Section 11. All laws and parts of laws in conflict with this Act are hereby repealed.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

Section 1. Code Title 114, relating to Workers' Compensation, as amended, is hereby amended by adding at the end of Code Section 114-101 a new paragraph to read as follows:

"Notwithstanding the foregoing provisions of this Section, any officer of a corporation may elect to be exempt from coverage under this Title by filing written certification of such election with the State Board of Workers' Compensation and the corporation's workers' compensation insurer as provided in Section 114-201 of this Title."

Section 2. Said Code Title is further amended by adding a new Code Chapter immediately following Chapter 114-1 to be designated Chapter 114-2 to read as follows:

"Chapter 114-2 Exemptions from Coverage

114-201. Corporate officers. (a) A corporate officer who elects to be exempt from coverage under this Title shall make such election by giving written certification to the State Board of Workers' Compensation and to the corporation's workers' compensation insurer.

(b) A corporate officer who has exempted himself by proper certification from coverage under this Title may at any time revoke such exemption and thereby accept coverage under this Title by giving certification to such effect in the same manner as provided in subsection (a) relative to exemption from coverage.

(c) No certification given pursuant to subsection (a) or (b) of this Section shall become effective until 30 days after it is filed with the State Board of Workers' Compensation."

Section 3. Said Code title is further amended by striking in its entirety Code Section 114-609, relating to the rates of insurance carriers and the authority of the Commissioner to investigate rates, and inserting in lieu thereof a new Code Section 114-609 to read as follows:

"114-609. Rates of insurance carriers. Authority of Insurance Commissioner to investigate rates, publish data, take testimony, etc. In addition to the authority prescribed in Code Title 56, the Insurance Commissioner shall have the power, in such manner and by such means as he may deem proper and adequate, to gather statistics and information and make investigations concerning rates for such insurance and to that end he may take into consideration the income, earnings, and loss ratios from any and every source whatever, of any such company, and may call upon the directors of the State Board of Workers' Compensation to sit with him in an advisory capacity at any investigation or hearing concerning any rate or rates."

Section 4. Said Code title is further amended by striking in its entirety Code Section 114-612, relating to the apportionment of rejected risks, and inserting in lieu thereof a new Code Section 114-612 to read as follows:

"114-612. Apportionment of rejected risks; rules and regulations. The State Board of Workers' Compensation shall prescribe the rules and regulations for apportioning rejected workers' compensation policies and may establish an equitable assignment of such policies and enforce such provisions; provided, however, the Insurance Commissioner is authorized to establish or approve a mechanism to apportion on a pro rata basis those rejected workers' compensation policies where four insurers duly authorized to write workers' compensation insurance refused, in writing, to issue the workers' compensation policy to cover said risk. In formulating this assignment mechanism, a minimum loss ratio will be considered by the Commissioner. Then, such established or approved mechanism shall immediately assign an insurer to write such risk. Where such assignment has been made under the aforementioned mechanism, the State Board of Workers' Compensation shall not make the assignment."

Section 5. Said Code title is further amended by striking from the first sentence of Code Section 114-613, relating to the issuance of standard workers' compensation policies, the following:

so that when so amended, Code Section 114-613 shall read as follows:

The policy to be issued shall be the standard workers' compensation policy of insurance containing the usual and customary provisions found in such policies thereof, ~~at the rate prescribed by the Insurance Commissioner~~, and further that the premium charge shall be promptly paid. If there is any question regarding the lack of accident prevention and safety engineering with respect to a particular risk, reasonable rules and regulations are to be promulgated, which shall be put into full force and effect when approved by the State Board of Workers' Compensation. The requirements of Code Sections 114-610 and 114-615 shall be in addition to anything required of insurance companies under the general laws of this state as embodied in Title 56 of this Code."

Laws 1955, p. 2552), as amended, so as to waive the rules of pleading in certain cases; to change the cost of filing a suit or proceeding in said court; to provide for all related matters; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

so that when so amended Section 19 of said Act shall read as follows:

"Section 19. Cases \$250.00 and under. Be it further enacted by the authority aforesaid, that in all cases in said court in which the principal sum claimed, or the value of the property in controversy does not exceed \$250.00, the rules of pleading as heretofore provided in this Act shall not be required of parties prosecuting or defending any such action therein and it shall not be necessary to paragraph either petition or answer, but no suit or proceeding, or answer thereto, shall be accepted or filed by the clerk of said court unless a substantial statement of the cause of action, or matters of defense, of whatever character, be first reduced to writing. matters; to amend an Act known as the "Georgia Fiscal Note Act;" and for other purposes.

The following Committee substitute was read and adopted:

A BILL

To provide for fiscal notes on bills, joint resolutions, and administrative actions having a fiscal impact on local political subdivisions; to provide a short title; to provide for definitions; to provide exceptions; to provide for other matters relative to the foregoing; to amend an Act known as the "Georgia Fiscal Note Act," approved April 25, 1975 (Ga. Laws 1975, p. 1568), as amended, particularly by an Act approved March 14, 1978 (Ga. Laws 1978, p. 907), so as to delete a certain provision relating to general bills having a significant impact on the anticipated revenue or expenditure levels of counties and municipalities; to provide for the presumption that appropriate procedures have been complied with; to provide for severability; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

Section 1. Short title. This Act shall be known and may be cited as the "Local Government Impact Fiscal Notes Act."

Section 2. Definitions. As used in this Act, unless the context clearly requires otherwise, the following words or terms shall have the following meanings:

(1) "Fiscal note" means a realistic statement of the estimated financial cost of implementing or complying with the proposed law, regulation, rule, order, or administrative law upon local political subdivisions to which the proposed law, regulation, rule, order, or administrative law applies.

(2) "Local political subdivision" means a county, municipality, county school district, or independent school district.

Section 3. Fiscal note required on legislation. Before any vote is taken in a committee of the House of Representatives or Senate or on the floor of either house upon any bill or joint resolution requiring an expenditure of at least \$100,000.00 of public funds by local political subdivisions, a fiscal note shall be filed by the sponsor of the bill with the chairman of the committee and the Clerk of the House or the Secretary of the Senate. Any representative of any local political subdivision requesting a copy of the fiscal note shall be furnished with a copy immediately upon request to the Clerk of the House or the Secretary of the Senate. The provisions of this section shall not apply to a bill or joint resolution that is necessary for the state to assume the administration of regulatory programs mandated by federal statutes.

Section 4. Fiscal note required on administration actions. Except as hereinafter provided, no regulation, rule, order, or administrative law which would have a fiscal impact of at least \$100,000.00 on local political subdivisions in this state shall be valid unless 30 days prior to its adoption by a board, commission, agency, department, officer, or other authority of the government of this state, except the General Assembly, the courts, and the Governor, such board, commission, agency, department, officer, or other authority shall file a fiscal note with the state auditor. Any local political subdivisions that will be affected by the proposed regulation, rule, policy, order, or administrative law, upon request, shall immediately be furnished with a copy of the fiscal note by the board, commission, agency, department, officer, or other authority. The provisions of this section shall not apply to an emergency regulation, rule, order, or administrative law as described by subsection (b) of Section 4 of the "Georgia Administrative Procedure Act," approved March 10, 1964 (Ga. Laws 1964, p. 338), as amended, to any rule or regulation adopted or order issued pursuant to legislation exempted from the provisions of Section 3 above, or to any other order issued to abate or prevent violations of specific statutory provisions enacted by the General Assembly.

Section 5. Contents of fiscal note. A fiscal note shall contain an aggregated estimate of the fiscal impact of a bill, a joint resolution, or an administrative action on local political subdivisions for the fiscal year in which it would become effective if enacted and for the next two succeeding fiscal years. If the fiscal impact of the bill, joint resolution, or administrative action is not expected to be totally evident within the applicable period, the estimate shall be projected beyond that period to include an estimate for the first fiscal year in which it is expected to be fully effective.

Section 6. Preparation of note or waiver. The state auditor shall have the fiscal note prepared by his office for a bill or joint resolution, and the other departments or agencies of the state government shall assist the state auditor in the preparation of such fiscal note. Where appropriate, he shall seek the advice and assistance of local government officials or their representatives. The department or agency of state government assisting in the preparation of the fiscal note shall be clearly indicated on the fiscal note along with the signature of the state auditor or his authorized representative indicating that the state auditor agrees with the fiscal impact estimated thereon.

Section 7. Revision of note. A fiscal note that is attached to a bill or joint resolution shall be revised by the state auditor at each successive stage of the legislative process in which an amendment is adopted that changes the fiscal effect of the bill or joint resolution, unless this requirement is waived by the President of the Senate or the Speaker of the House. A revised fiscal note shall not be required for any amendment which either increases local revenues or decreases mandated expenditures. The revised fiscal note shall be processed by the state auditor and returned as quickly as possible to the committee or the Clerk of the House or Secretary of the Senate if one of the latter has the custody of the bill or joint resolution at that time.

Section 8. Replacement of waiver with note. Except as otherwise provided by Section 7, a waiver of a fiscal note shall be replaced at any time with a fiscal note if an amendment to a bill or joint resolution causes the bill or joint resolution to have an effect upon the revenues or expenditures of local political subdivisions.

Section 9. Retention of copy of fiscal note or waiver; inspection; publication of note or waiver. (a) A copy of each fiscal note or waiver of a fiscal note shall be retained by the state auditor, and shall be reasonably available for public inspection for at least three years following its preparation. The fiscal note or waiver of a fiscal note shall be published in the journal of each house of the General Assembly.

(b) A fiscal note, upon being filed as herein provided, shall be open to inspection by the general public as provided by an Act providing for the inspection of public records, approved February 27, 1959 (Ga. Laws 1959, p. 88), as amended.

Section 10. Exemption. Any bill proposing an amendment to the "Employment Security Law" (formerly the "Unemployment Compensation Law"), approved March 29, 1937 (Ga. Laws 1937, p. 806), as now or hereafter amended, and all phases of the administration of said "Employment Security Law" are exempt from all provisions of this Act.

Any bill proposing an amendment to the "Code of Public Transportation, Title 95A," approved April 18, 1973 (Ga. Laws 1973, pp. 947-1191), as now or hereafter amended, and all phases of the administration of said "Code of Public Transportation, Title 95A" are exempt from all provisions of this Act.

Section 11. Specific Act amended. An Act known as the "Georgia Fiscal Note Act," approved April 25, 1975 (Ga. Laws 1975, p. 1568), as amended, particularly by an Act approved March 14, 1978 (Ga. Laws 1978, p. 907), is hereby amended by striking from subsection (a) of Section 3 the following:

" , and any such bill shall also be subject to the requirements of subsection (b) of this Section",
so that when so amended said subsection (a) shall read as follows:

"(a) Any retirement bill must be introduced no later than the 10th day of any session. Any bill having a significant impact on the anticipated revenue or expenditure level

of any State department, bureau, board, council, committee, commission or other State agency must be introduced no later than the 20th day of any session. Any general bill having a significant impact on the anticipated revenue or expenditure level of counties and municipalities must also be introduced no later than the 20th day of any session; ~~and any such bill shall also be subject to the requirements of subsection (b) of this Section.~~ Except for retirement bills, this Act shall not apply to any local bill affecting a county or municipality which must be advertised in accordance with the requirements of Article III, Section VII, Paragraph IX of the Constitution. In the event any bill as provided hereinbefore is introduced after the prescribed time limit, it shall not be considered or acted upon in any manner by either the Senate or the House of Representatives. The President of the Senate shall decide whether a bill which is introduced in the Senate falls within this category, and the Speaker of the House of Representatives shall decide whether a bill which is introduced in the House of Representatives falls within this category. The President of the Senate shall have the same right of decision on House bills which reach the Senate, and the Speaker of the House of Representatives shall have the same right of decision on Senate bills which reach the House of Representatives."

Section 12. Presumption of appropriate procedures. Upon the effective date of any Act subject to the procedures outlined in this Act, there shall be a conclusive presumption that all of the procedures required by this Act have been met.

Section 13. Severability. In the event any section, subsection, sentence, clause, or phrase of this Act shall be declared or adjudged invalid or unconstitutional, such adjudication shall in no manner affect the other sections, subsections, sentences, clauses, or phrases of this Act, which shall remain of full force and effect as if the section, subsection, sentence, clause, or phrase so declared or adjudged invalid or unconstitutional were not originally a part hereof. The General Assembly hereby declares that it would have passed the remaining parts of this Act if it had known that such part or parts hereof would be declared or adjudged invalid or unconstitutional.

Section 14. Repealer. All laws and parts of laws in conflict with this Act are hereby repealed.

The report of the Committee, which was favorable to the passage of the Bill, by substitute, was agreed to.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

"Section 1. Any other provisions of law to the contrary notwithstanding, the minimum annual salary of each judge of the probate court in the State of Georgia shall be fixed according to the population of the county in which he serves as determined by the United States Decennial Census of 1970 or any future such census; provided, however, that, in the event the population of a county according to the United States Decennial Census of 1980 or any future such census is less than its population according to the United States Decennial Census of 1970, the population bracket under which any such county falls for the purposes of this Section shall be determined according to the United States Decennial Census of 1970. Each such judge of the probate court shall receive an annual salary, payable in equal monthly installments from the funds of his county, of not less than the amount fixed in the following schedule:

<u>Population</u>	<u>Minimum Salary</u>

200,000 - <u>and above</u>	29,500 <u>35,400.00</u>

The amount of minimum salary provided herein for the judge of the probate court of any county presently on a salary who also holds and conducts elections or is responsible for conducting elections for members of the General Assembly under the provisions of any applicable general or local law of this state shall be increased by \$100.00 per month. The amount of the minimum salary provided herein for the judge of the probate court of any county presently on a salary who is responsible for traffic cases under the provisions of any general or local law of this state shall also be increased by \$150.00 per month."

Section 2. Said Act is further amended by striking in its entirety Section 2, which reads as follows:

"Section 2. The amount of minimum salary provided in Section 1 for the judges of the probate courts of any county who also holds and conducts elections or is responsible for conducting elections for members of the General Assembly, under the provisions of any applicable general or local law of this State, shall be increased by \$50.00 per month. Section 3. Said Act is further amended by renumbering Section 3 as Section 2 and by striking from the first line thereof the following:

"Sections 1 and 2",

and inserting in lieu thereof the following:

"Section 1",

so that when so amended the new Section 2 shall read as follows:

"~~Section 3~~ Section 2. The amounts provided in ~~Sections 1 and 2~~ Section 1 of this Act shall be increased by five percent (5%) per each four-year term of office served by any judge of a probate court, figured at the end of each such period of service. The provisions of this Section shall not be construed to affect any provisions of local legislation except where such local legislation provides for a salary lower than the salary provided in this Act, in which event the provisions of this Act shall prevail. Such increase shall not have retroactive effect, except that the current term of judges of probate courts presently in office shall be counted for determining the appropriate salary under this Section. This Act shall not be construed to reduce the salary of any judge of a probate court presently in office. The minimum salaries provided for in this Act shall be considered as salary only. Expenses for deputy clerks, equipment, supplies, copying equipment and other necessary and reasonable expenses for the operation of a probate court shall come from funds other than the funds specified as salary in this Act."

Section 4. Said Act is further amended by renumbering Sections 4 through 6 as Sections 3 through 5, respectively.

SB 32. By: Senator Kidd of the 25th: A BILL to amend an Act creating the State Board of Dispensing Opticians, so as to change the definition of the term "dispensing optician"; to change the provisions relating to continuing education requirements; and for other purposes.

The following Committee substitute was read and adopted:

A BILL

To amend an Act creating the State Board of Dispensing Opticians, approved February 17, 1956 (Ga. Laws 1956, p. 148), as amended, so as to change the definition of the term "dispensing optician"; to change the provisions relating to continuing education requirements; to provide for other matters relative to the foregoing; to provide an effective date; to repeal conflicting laws; and for other purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

Section 1. An Act creating the State Board of Dispensing Opticians, approved February 17, 1956 (Ga. Laws 1956, p. 148), as amended, is hereby amended by striking Section 2 in its entirety and inserting in lieu thereof a new Section 2 to read as follows:

"Section 2. Dispensing opticians who dispense contact lenses shall instruct the wearer at the time the lenses are delivered to return to the prescribing and responsible optometrist or physician skilled in diseases of the eye for evaluation, approval, and follow-up care. A dispensing optician may duplicate lenses without prescription, provided that said dispensing optician shall not substitute contact lenses for spectacles, eyeglasses, or other optical devices except as otherwise authorized herein or engage in the diagnosis of the diseases of the human eye or attempt to determine the refractive powers of the human eyes or, in any manner, attempt to prescribe for or treat diseases or ailments of human beings. A dispensing optician who qualifies under this Act shall be determined and recognized as engaging in a lawful trade

or occupation in the State of Georgia; the State Board of Dispensing Opticians shall have exclusive jurisdiction in the enforcement of this Act over all persons engaged in business as dispensing opticians, whether licensed or unlicensed; provided, however, that nothing herein contained shall be construed as limiting or in anywise abrogating the power or authority of any board or commission created under any of the laws of Georgia defining and regulating any profession, to enforce the provisions of such respective laws, or exercising any of the powers contained in such laws against violators thereof, even though engaged in the business of dispensing optician."

Section 2. Said Act is further amended by striking from subsection (a) of Section 11A the following:

"six",

so that when so amended subsection (a) shall read as follows:

"(a) Each person who holds a license as a dispensing optician shall be required to complete a course of continuing education of ~~four~~ six hours prior to each renewal of such license."

Section 3. This Act shall become effective upon its approval by the Governor or upon its becoming law without his approval.

Section 4. All laws and parts of laws in conflict with this Act are hereby repealed.

A RESOLUTION

Creating the Georgia Semiquincentenary Commission; and for other purposes.

WHEREAS, General James Edward Oglethorpe founded Georgia as a British Colony in 1733; and

WHEREAS, the first group of 100 settlers, led by Oglethorpe, arrived in February, 1733, and established a settlement called Savannah about 18 miles upstream on the Savannah River; and

WHEREAS, Georgia was the youngest of the 13 original colonies when the American Revolution began; and

WHEREAS, Georgians were among the leaders in the drive for national independence; and Georgia, in 1788, was the fourth state to ratify the Constitution of the United States; and

WHEREAS, Georgia's population has grown from 82,548 in 1790 to over 5 million in 1981; and

WHEREAS, it is only fitting and proper that we celebrate the two hundred and fiftieth anniversary of the founding of Georgia.

NOW, THEREFORE, BE IT RESOLVED BY THE GENERAL ASSEMBLY OF GEORGIA that there is hereby created the Georgia Semiquincentenary Commission to be composed of 25 members. Five members shall be appointed by the Governor, ten members shall be appointed by the Speaker of the House, and ten members shall be appointed by

the President of the Senate. At its initial meeting, the commission shall elect from among its membership a chairman, a vice-chairman, and a secretary. Vacancies on the commission shall be filled in the same manner in which the original appointments were made. It shall be the duty of the commission to cooperate with local groups to prepare an overall program for commemorating the two hundred and fiftieth anniversary of the founding of Georgia and to plan, encourage, develop, and coordinate observances and activities commemorating the historic events associated with such momentous occasion. The commission shall promote and assist in the publicizing of the historical events surrounding the founding of Georgia and may prepare and furnish historical material to individuals, organizations, or agencies charged with such publicity. The commission is hereby authorized and empowered to accept grants or gifts from the federal government; the state government; any county, municipal, or local government; any board, bureau, other commission, agency, authority, or establishment of any such government; or from any individual, group of individuals, or any other organization, public or private; and shall have the authority to hold, invest, reinvest, and disburse such grants and gifts and the income derived from such grants and gifts in carrying out the objectives and purposes of the commission and shall not be required to pay such grants and gifts or the income derived therefrom into the general fund of the state treasury. The commission shall be authorized and empowered to make such rules and regulations and perform such other activities as shall be necessary or appropriate in carrying out the purposes and duties of the commission. In its planning, the commission shall give special emphasis to the Georgians who played important parts in the development and growth of our state and special emphasis on Savannah, the site of the first settlement. The commission may make a report of its activities to the Governor and the General Assembly with any recommendations it may wish to make from time to time. The commission may conduct such meetings at such places and at such times as it may deem necessary or convenient to enable it to exercise fully and effectively its powers, to perform its duties, and to effectuate the purposes of this resolution. The members of the commission shall receive no compensation for their service; however, in adopting an operating budget, they may provide for reimbursement of actual expenses incurred during such service said expenses not to exceed the allowance allowed members of the Georgia General Assembly. The funds necessary to carry out the provisions of this resolution shall be raised from the private sector or from such appropriations as may be made by the legislative branch of government. The commission shall stand abolished on January 1, 1984.

The book shall be maintained for each purchase of precious metals or gems or goods made from precious metals or gems for at least two years. The book shall be open to the inspection of any duly authorized law enforcement officer during the ordinary hours of business or at any reasonable time.

(c) Dealers exclusively engaged in buying or exchanging for merchandise scrap dental gold and silver from licensed dentists by registered or certified mail may record the post office record of the mailed parcel in lieu of the seller's age and driver's license number as required in paragraph (3) of subsection (a) of this section and in lieu of the seller's signature as required in paragraph (7) of subsection (a) of this section.

Section 4. Written reports required. (a) Every dealer in precious metals or gems shall make a report in writing to the chief law enforcement officer of the county or municipality in which he is registered of all precious metals or gems or goods made from precious metals or gems purchased on the day previous to the date of the report on forms approved or prescribed by the chief law enforcement officer of the county or the municipality. - (6) Sell, exchange, or remove from the legal possession of the buyer or to alter the form of any precious metals or gems or goods made from precious metals or gems purchased by remounting, melting, cutting up, or otherwise altering the original form until at least seven calendar days have elapsed from the time of purchase or acquisition; or
- (7) Fail to make the written report as required in Section 4; or
- (8) Purchase any precious metals or gems from any person under 17 years of age.

(b) It shall be unlawful for any person to advertise or transact business as a dealer in precious metals or gems without first registering pursuant to the provisions of Section 2.

Laws 1978, p. 254), is hereby amended by striking in its entirety Section 14 of Article II of said Act which reads as follows:

"Section 14. Duties of the Georgia State Patrol. It shall be the primary duty of the Uniform Division of the Department of Public Safety designated as the 'Georgia State Patrol,' to patrol the rural and public roads and highways throughout this State, to prevent, detect and investigate criminal acts, and to arrest and apprehend those charged with committing criminal offenses appertaining thereto, and to safeguard the lives and property of the public.

They are empowered to act in cooperation with any other law enforcement agency of this State or of any city, county, or other division thereof, but shall not cooperate with local authorities in preventing the commission of criminal offenses, except on property owned by the State or its departments, bureaus, commissions, or authorities, other than traffic violations on the roads and highways and related offenses, nor in detecting and apprehending, off the roads and highways, those charged with other than traffic and related offenses against the criminal laws of this State, or any other state, or the United States, without specific authority and direction of the Director of Public Safety.

Notwithstanding the foregoing, it shall be the duty of members of the State Patrol and agents of the Bureau of Investigation to enter any county or incorporated municipality for the purpose of making arrests and otherwise enforcing any law of this State requiring segregation or separation of the white and colored races in any manner or activity, when request therefor is made by any citizen or official of such county or municipality.

The Uniform Division of the Department of Public Safety shall not, however, usurp any of the duties or authority of the sheriffs of this State, or of the police of any incorporated village, town or city, but they shall have the right to make arrests within the corporate limits of any village, town or city in this State where the person or persons committing or suspected of committing a criminal offense is a fugitive or is likely to be a fugitive on account of a crime committed and the assistance of the officers of the municipality cannot be readily obtained before the escape of the fugitive.

The Uniform Division of the Department of Public Safety known as the Georgia State Patrol shall have jurisdiction throughout the State of Georgia and in any county thereof,

The Georgia State Patrol shall prevent, detect, and investigate violations of the criminal laws of this State, any other state, or the United States which are committed upon these public roads and highways or upon property appertaining thereto and shall apprehend and arrest those persons who violate such criminal laws.

(c) It shall be the further duty of the Georgia State Patrol to enforce the laws of this State relating to the use, ownership, control, licensing, and registration of motor vehicles.

(d) On property owned by the State or any agency thereof, it shall be the further duty of the Georgia State Patrol:

- (1) To enforce the criminal laws of this State,
- (2) To apprehend and arrest any person who violates the criminal laws of this State, and

(2) Any initial inquiry or arrest which is made pursuant to paragraph (1) of this subsection shall be initiated only if a local law enforcement officer is not readily available and the member of the Georgia State Patrol reasonably believes that his failure to act could result in the commission of a criminal act or the escape of a person who has committed a criminal act. In any action taken by the Georgia State Patrol under paragraph (1), as soon as practicable under the circumstances, the Georgia State Patrol shall relinquish jurisdiction to the local law enforcement agency.

(g) The Georgia State Patrol shall cooperate with all law enforcement agencies of this State or any municipality, county, or other political subdivision thereof in enforcing the laws of this State, any other state, or the United States relating to the operation of motor vehicles. The Commissioner of Public Safety may, and in the case of a request by the Governor of Georgia shall, authorize and direct the Georgia State Patrol to cooperate with and render assistance to any law enforcement agency of this State or any municipality, county, or other political subdivision thereof in any criminal case, in the prevention or detection of violations of any law, or in the apprehension or arrest of persons who violate the criminal laws of this State, any other state, or the United States,

upon a request by the governing authority or chief law enforcement officer of any municipality, the sheriff of any county, a judge of the superior court of any county, or the Governor of Georgia.

(h) In no case where the Georgia State Patrol is exercising any power or performing any duty authorized by this section shall it usurp any of the duties or authority of any sheriff of any county, any chief of police of any municipality, or any chief of police of any county police force.

(i) The duties and powers of the Georgia State Patrol as provided in this section shall be in addition to any other duties or powers provided by law."

Section 2. The Commissioner of Public Safety is hereby authorized to appoint two nonuniformed investigators who shall be certified peace officers pursuant to the provisions of the "Georgia Peace Officer Standards and Training Act." The commissioner shall determine the salaries of such investigators. The investigators shall be in the unclassified service of the State Merit System of Personnel Administration and therefore shall not be governed by any rules of position, classification, appointment, promotion, demotion, transfer, dismissal, qualification, compensation, seniority privileges, tenure, or other such matters concerning their employment as may now or hereafter be established by the State Personnel Board, the State Merit System of Personnel Administration, or any successor boards or agencies. The investigators shall be authorized and empowered:

Section 1. Code Title 56, known as the Georgia Insurance Code, is hereby amended by adding a new Section after Code Section 56-803a, to be designated Code Section 56-803.1a, to read as follows:

“56-803.1a. Qualifications for license; exceptions.—(1) For the protection of the people of this State, the Commissioner shall not issue, continue, or permit to exist any license unless the issuance, continuance, or existence of the license is in compliance with the provisions of this Chapter and unless the individual who is licensed or to be licensed:

(a) Is a resident of this State who will reside and be present within this State for at least six months of every year: Provided, however, in cities, towns, or trade areas (either unincorporated or comprised of two or more incorporated cities or towns) located partly within and partly without the State, requirements as to residence and principal place of business shall be deemed met if the residence or place of business is located in any part of the city, town, or trade area and if the other state in which the city, town, or trade area is located in part has established like requirements as to such residence and place of business.

(b) If an applicant for a license as counselor, has shown that he has had five years' experience acting as an agent or in some other phase of the insurance business which

in the opinion of the Commissioner has qualified him to act as such counselor and passes such examination as shall be required by the Commissioner.

(c) If an applicant for an agent's license other than as provided in subsection (3), below, and Code Section 56-808a, has:

(I) Successfully completed classroom courses in insurance satisfactory to the Commissioner at a school, college, or extension division thereof, or schools operated by an insurance company or an insurance association approved by the Commissioner for such applicant; or

(II) Completed correspondence courses in insurance satisfactory to the Commissioner and has had at least six months of responsible insurance duties as a substantially full-time bona fide employee of an agent, an insurer, their managers, general agents, or representatives in the kind or kinds of insurance for which he seeks to be licensed; or

(III) Had at least one year in responsible insurance duties as a substantially full-time bona fide employee of an agent, an insurer, their managers, general agents, or representatives in the kind or kinds of insurance for which he seeks to be licensed, without the education requirement mentioned in subparts (I) or (II) above.

(2) Where applicant's qualifications as required in subparts (II) or (III) of subsection (1) (c) are based in part upon the periods of employment at responsible insurance duties prescribed therein, the applicant shall submit with his application for license, on a form prescribed by the Commissioner, an affidavit setting forth the period of such employment and a statement that the same was substantially full time, and giving a brief abstract of the nature of the duties performed by the applicant.

(3) An individual who was qualified to sit for an agent's examination at the time he was employed by the Commissioner and who while so employed was employed in responsible insurance duties as a full-time bona fide employee shall be permitted to take an examination if application for such examination is made within 90 days after the date of termination of his employment with the Commissioner.

(4) This Section does not apply as to any temporary license provided for in Code Section 56-811a or as to any licensee pursuant to Code Section 56-808a.

Section 2. Said Code Title is further amended by adding in Code Section 56-807a, relating to issuance of licenses, after the following:

"Chapter 56-13",

wherever the same shall appear, the following:

"and Section 56-803.1a",

so that when so amended Code Section 56-807a shall read as follows:

"56-807a. Notice as to results of examination; issuance of license; types of licenses.—

(1) If the Commissioner is satisfied that the applicant is trustworthy and competent and the applicant, if required, has passed a written examination and has met the requirements of Chapter 56-13 and Section 56-803.1a, the Commissioner shall forthwith issue a license limited to the insurer and class or classes of insurance for which the agent is to be appointed. If the applicant has not passed his written examination or for any of the reasons set forth in Section 56-813a, the Commissioner shall notify the applicant and the insurer, in writing, that a license will not be issued to him.

(2) In any case where a license is applied for to represent an insurer authorized in this State to transact an accident and sickness, as well as a life insurance, business, the Commissioner may, on request of the applicant, issue a single license authorizing the applicant to represent the insurer with respect to both types of business; Provided, that the applicant, in addition to qualifying under this Chapter, has satisfied the Commissioner as required by the laws of this State and the regulations of the Commissioner, if any, that he is competent to represent such insurer with respect to life insurance and the types of accident and sickness insurance issued by it.

(3) If, as to counselors, the Commissioner is satisfied that the applicant is trustworthy and competent and the applicant, if required, has passed a written examination, and has met the requirements of Chapter 56-13 and Section 56-803.1a, the Commissioner shall forthwith issue a license."

Section 3. Said Code Title is further amended by striking in its entirety subsection (2) of Code Section 56-810a, relating to expiration and renewal of licenses, and inserting in lieu thereof a new subsection (2) of Code Section 56-810a to read as follows:

“(2) (a) In the absence of a contrary ruling by the Commissioner, license renewals may be issued from year to year upon request of the insurer, without further action on the part of ~~the licensee an agent~~; Provided, the licensee however, that no license shall be issued to an agent or counselor unless the licensee has paid fees and taxes as provided in Chapter 56-13 and has successfully completed such continuing education as the Commissioner may require.

(b) Continuing education requirements imposed by the Commissioner pursuant to this subsection shall not exceed 24 classroom hours for each licensed person during the calendar year.

(c) Each agent and counselor shall be entitled to an exemption of one-fourth of the number of hours of classroom instruction required pursuant to this subsection for each five years of continuous employment as an agent or counselor. No agent or counselor may exempt, pursuant to this paragraph, more than three-fourths of such requirements.

(d) The continuing education requirements provided for in this subsection shall not apply to:

(I) Those persons who are licensed by the Commissioner and who hold one or more limited licenses as described in Section 56-805a(1)(b) or (c).

(II) Those persons who have been continuously licensed and employed principally as an insurance agent or counselor for 20 years or more.

(e) Every person required to participate in a continuing education program pursuant to this subsection or such person's insurer shall furnish the Commissioner such information as the Commissioner deems necessary to verify compliance with the continuing education requirements.

(f) Any licensed agent satisfying the continuing education requirements of this subsection shall be exempted from any additional continuing education requirements as set forth in Section 56-814b.”

Section 4. Said Code Title is further amended by striking in its entirety Code Section 56-814b, relating to expiration and renewal of licenses and substituting in lieu thereof a new Code Section 56-814b to read as follows:

“56-814b. Expiration and renewal of licenses; fee.—(1) At midnight of the last day in ~~February~~ December in every year, each license then in effect shall expire unless renewed. ~~A renewal thereof may be issued not more than forty-five (45) days before the yearly period to which it shall apply, or during such period, but shall have no retroactive effect.~~

(2) (a) Upon the filing of an application for renewal accompanied by ~~fee~~ fees as provided for in Chapter 56-13 and upon successful completion by the applicant of such continuing education as the Commissioner may require, a renewal for one yearly period ending at the end of ~~February~~ December shall be issued by the Commissioner without further examination, investigation, or inquiry; ~~unless~~.

(b) Continuing education requirements imposed by the Commissioner pursuant to this subsection shall not exceed 24 classroom hours for each licensed person during the calendar year.

(c) Each agent and counselor shall be entitled to an exemption of one-fourth of the number of hours of classroom instruction required pursuant to this subsection for each five years of continuous employment as an agent or counselor. No agent or counselor may exempt, pursuant to this paragraph, more than three-fourths of such requirements.

(d) The continuing education requirements provided for in this subsection shall not apply to:

(I) Those persons who are licensed by the Commissioner and who hold one or more limited licenses as described in Section 56-811b(1), (2), (3), or (5).

(II) Those persons who have been continuously licensed and employed principally as an insurance agent or broker for 20 years or more.

(e) Every person required to participate in a continuing education program pursuant to this subsection or such person's insurer shall furnish the Commissioner such information as the Commissioner deems necessary to verify compliance with the continuing education requirements.

(f) Any licensed agent satisfying the continuing education requirements of this subsection shall be exempted from any additional continuing education requirements as set forth in Section 56-810a.

(3) If the Commissioner, after conforming to procedure for a hearing as set forth in Chapter 56-2 he has previously determined, makes a determination that such renewal should be refused or the license revoked or suspended, or unless the application discloses a disqualification of the applicant, the license shall not be renewed. If after the filing of an application for renewal for one year, in proper form and showing sufficient cause, thirty (30) days elapse without the sending to the applicant by the Commissioner of a notification of the disposition thereof, the renewal shall be deemed granted on a temporary basis pending consideration of the application for renewal.

(4) The Commissioner by rule may establish staggered deadlines for the filing of renewal license applications together with appropriate fees. Such rules shall be promulgated so as to divide the alphabet, as related to the first letter of the last names of persons filing applications, in such a manner as he may deem appropriate to spread the workload of the processing and issuance of the licenses during the period beginning July 1 and ending December 31 in each year. Licenses so issued shall be for the immediately succeeding calendar year."

Section 5. It is hereby expressly declared to be the intent of the General Assembly that, in the event any other Act of the 1981 Regular Session of the General Assembly amends Code Section 56-814b to change or authorize the change of date for expiration of or application and payment of fees for the licenses subject to Section 56-814b, the content and language of Section 56-814b as set forth in this Act shall prevail over any content or language of Section 56-814b set forth in the other Act regardless of the effective date of the other Act.

Section 6. This Act shall become effective upon its approval by the Governor or upon its becoming law without his approval, except that the provisions of this Act shall apply only to licenses granted, issued, or renewed on or after January 1, 1982.

Section 7. All laws and parts of laws in conflict with this Act are hereby repealed.

'(7) (a) As used in this subsection the terms "independent school system" and "local retirement fund" shall have the same meaning as defined by subparagraphs (ii) and (iii) of paragraph (a) of subsection (8) of Section 9 of this Act.

(b) Any active member who was employed by an independent school system for at least 17 years prior to, but not later than, June 30, 1979, and who was, while so employed, a member of a local retirement fund of such independent school system shall receive creditable service under this Act equivalent to the creditable service the member had under said local retirement fund subject to the following conditions:

Section 1. Legislative intent. (a) The General Assembly intends by the passage of this Act to continue the reorganization and revision of the Georgia Public Revenue Code begun by the enactment of Code Title 91A by the 1978 regular session of the General Assembly and continued by the enactment of Act No. 2 by the 1979 regular session of the General Assembly and Act No. 682 of the 1980 regular session of the General Assembly. It is recognized that, with any recodification encompassing the scope of Title 91A, a thorough review must be undertaken to insure the integrity of the new law, to correct errors and omissions, and to continue to streamline, modernize, and make more efficient the administrative provisions applicable to the enforcement of our public revenue laws. This Act is the culmination of such a review by the General Assembly.

(b) It is the further intent of the General Assembly, in the event Acts other than this Act are enacted to amend Code Title 91A during the 1981 regular session of the General Assembly, that such Acts and this Act be construed whenever possible to be without conflict. In the event such a construction is not possible, it is the intent of the General Assembly that the Act last approved by the Governor shall prevail to the extent of the conflict.

Section 2. Code Title 91A, known as the Georgia Public Revenue Code, is hereby amended by striking from subsection (o) of Code Section 91A-102, relating to the definition of the term "Internal Revenue Code" for purposes of the Public Revenue Code, wherever the same shall appear, the following:

a reference is made in this Title to the Internal Revenue Code as it existed on a specific date prior to January 1, ~~1980~~ 1981, the term shall mean the Internal Revenue Code as it existed on such prior date. Unless otherwise provided in this Title, any term used in this Title shall have the same meaning as when used in a comparable provision or context in the Internal Revenue Code of 1954 in force and effect on January 1, ~~1980~~ 1981."

Section 3. Said Code Title is further amended by striking in its entirety subsection (a) of Code Section 91A-203, relating to eligibility for office of State Revenue Commissioner, which reads as follows:

(3) Apply in any sense whatsoever to any official finding of the Commissioner with respect to any assessment or any information properly entered upon an assessment roll or other public record.

(4) Affect any information which in the regular course of business is by law made the subject matter of a public document in any federal or State office or in any local office in Georgia.

Section 5. Said Code Title is further amended by striking in its entirety Code Section 91A-239.1, relating to penalty and interest, and substituting in lieu thereof a new Code Section 91A-239.1 to read as follows:

"91A-239.1. Penalty and interest on failure to file return, pay tax, or pay revenue held in trust for the State. A BILL

To amend an Act establishing the Employees' Retirement System of Georgia, approved February 3, 1949 (Ga. BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

Section 1. An Act establishing the Employees' Retirement System of Georgia, approved February 3, 1949 (Ga. Laws 1949, p. 138), as amended, is hereby amended by adding at the end of Section 3 a new subsection, to be designated as subsection (18), and to read as follows:

"(18) All creditable service in the Georgia Legislative Retirement System shall be transferred to the Teacher's Retirement System or the Employees' Retirement System when a former member of the Georgia Legislative Retirement System becomes employed in a position covered by the Teacher's Retirement System or the Employees' Retirement System. Any such former member of the Georgia Legislative Retirement System becoming a member of the Teacher's Retirement System or the Employees' Retirement System, as provided herein, shall receive creditable service under the respective system equal to all creditable service the member had under the Georgia Legislative Retirement System, effective at the time of becoming a member of the respective system, and such creditable service so obtained shall be creditable service for all purposes under the respective system."

Section 2. Said Act is further amended by adding at the end of subsection (4) of Section 4 of said Act a new undesignated paragraph to read as follows:

"Anything in this Act to the contrary notwithstanding, any member who was on active duty in the Armed Forces of the United States at any time from January 1, 1954, until January 1, 1955, as determined by the person's official military records, may purchase such active duty military service credit, exclusive of reserve service, by paying the required contributions, both employee and employer, on the compensation last paid to the member as an employee prior to entering military service or the compensation first paid to the member as an employee after returning from military service plus 4 $\frac{1}{2}$ percent interest on said employee and employer contributions, compounded annually to date of payment; provided, however, that no service in the armed forces shall be deemed as creditable under any provisions of this Act if such service has or will be used in the determination of any member's eligibility for retirement benefits or allowances from any other state or federal retirement program, excluding Social Security and those retirement programs covered under the provisions of Title 10 of the United States Code, Public Law 810, 80th Congress, as amended."

Section 3. Said Act is further amended by striking from the last sentence of subsection (15) of Section 6 the word "rate" and inserting in lieu thereof the word "rates" and by striking from said sentence the following:

interest for use in all calculations required in connection with the system, limited to a minimum of 2 per centum and a maximum of 4 $\frac{1}{2}$ per centum."

Four members shall be engaged in the contract private detective or private security business and shall have at least four years of experience in such business immediately preceding their appointment. Two members shall be engaged in state, county, or municipal law enforcement and shall have at least four years of experience in governmental law enforcement immediately preceding their appointment. A majority of the board members shall constitute a quorum for all board business. The Governor may remove any member of the board for neglect of duty, incompetence, or other unethical or dishonorable conduct. After such removal or after the creation of a vacancy due to death, resignation, or ineligibility, the Governor shall appoint a successor to serve the unexpired term. Appointees to the board shall, immediately after their appointment, take and subscribe to a written oath or affirmation required by law for all public officers.

(b) The members of the board shall receive the same per diem allowance as that established by law for members of the General Assembly, which shall be paid only for days on which a member is in attendance at a meeting of the board, or in attendance to the official duties or business of the board, or in attendance at an annual state or national meeting pertaining to the profession regulated by this Act. Such members shall be reimbursed for actual transportation costs incurred in attendance at a meeting of the board

(9) To issue, renew, deny, suspend, or revoke licenses consistent with the provisions of this Act.

(10) To hold hearings on all matters properly brought before the board and, in connection therewith, to administer oaths, receive evidence, make the necessary determinations, and enter orders consistent with the findings.

Each applicant shall submit with the application two complete sets of fingerprints on forms specified and furnished by the board and one photograph, two inches wide by three inches high, taken within six months prior to the application, unless such fingerprints and photographs were filed by June 30, 1980, pursuant to the "Georgia Private Detective and Private Security Agencies Act," approved March 12, 1973 (Ga. Laws 1973, p. 40). If the applicant is a corporation, the above information shall be provided by the president or secretary of such corporation. If the applicant is a partnership, the above information shall be provided by each of the partners in such partnership. An applicant for licensure under this subsection shall submit satisfactory evidence to the board that such applicant has been actually engaged in the private detective or private security business for a period of at least one year prior to the effective date of this Act. Applicants desiring to receive a license under this subsection must submit the application, information, and evidence required by this subsection within 60 days from the effective date of this Act. Upon receiving the application, proof of bond (or financial statement as provided in Section 5), and the license fee as provided in Section 5 within the time period stated herein, the board may grant a license to such person to conduct said private detective business or private security business as stated in such application. Such licensure shall be for two years, subject to the provisions of Code Section 84-104, as now or hereafter amended, and application for renewal shall be on a form furnished by the joint-secretary. Renewal and penalty fees shall be those authorized by Section 5 of this Act. Immediately upon receipt of the license certificate issued by the board pursuant to this Act, the licensee shall post and at all times display such license in a conspicuous place at his place of business. A copy of the duplicate of the license certificate shall be conspicuously placed at each branch office.

(b) Notwithstanding any other provision of this Act, any licensee-employer under this Act shall register with the board any individual employed by him in the private detective or private security business, including any individual employed solely on the premises of or in connection with the affairs of such employer, who has engaged in the private detective or private security business for at least one year prior to the effective date of this Act. Application for registration shall be made in writing, under oath, on a form to be furnished by the joint-secretary. Laws 1968, p. 324, as now or hereafter amended) or other first offender treatment, and such additional information as the board may require. Each applicant shall submit with the application two complete sets of fingerprints on forms specified and furnished by the board and one photograph, two inches wide by three inches high, taken within six months prior to the application, unless such fingerprints and photographs were on file on June 30, 1980, pursuant to the "Georgia Private Detective and Private Security Agencies Act," approved March 12, 1973 (Ga. Laws 1973, p. 40). Satisfactory evidence that the prospective registrant has been actually employed in the private detective or private security business for a period of at least one year prior to the effective date of this Act shall be submitted to the board. Employers desiring to register employees under this subsection must submit the application, information, and evidence required by this subsection within 60 days from the effective date of this Act. Upon receiving the application and a registration fee as provided in Section 6, the board may register such individual and so notify the employer. The employer shall notify the board within 20 days of the termination of employment of any registered employee. Such registration shall be for two years, subject to the provisions of Code Section 84-104, as now or hereafter amended, and application for renewal shall be made on a form furnished by the joint-secretary. Renewal and late renewal fees shall be those authorized by Section 6 of this Act. Upon receipt of a registration card issued by the board pursuant to this Act, the registrant shall maintain said card on his person at all times while on his post or at his place of employment and at all times when the registrant wears

a uniform in the course of his employment in the private detective or private security business.

Section 5. Licenses; application; qualifications; bond; fees; display. (a) Except as provided in Section 4, any individual, firm, association, company, partnership, or corporation desiring to engage in the private detective or private security business in this state shall make a verified application in writing to the joint-secretary for a license therefor.

(b) Upon being satisfied, after investigation, of the good character, competency, and integrity of an applicant for licensure under this Act, or, if the applicant is a firm, association, company, partnership, or corporation, upon being satisfied of the good character, competency, and integrity of the president or secretary of such corporation or member of such firm, association, or partnership, the board may grant a license to conduct a private detective or private security business to such individual, firm, association, company, partnership, or corporation if:

- (1) The applicant is at least 18 years of age.
- (2) The applicant is a citizen of the United States or a registered resident alien.
- (3) The applicant is of good moral character.
- (4) The applicant has not been convicted of a felony or any crime involving the illegal use, carrying, or possession of a dangerous weapon or any crime involving moral turpitude; provided, however, that, if the applicant has been convicted of such crime, or has entered a plea of nolo contendere, or has entered a plea pursuant to provisions of the "Georgia First Offender Act" (Ga. Laws 1968, p. 324, as now or hereafter amended), or otherwise been granted first offender treatment, the board may inquire into the nature of the crime, the date of conviction or plea, and other underlying facts and circumstances surrounding such criminal proceedings and, in its discretion, may grant a license to such applicant.
- (5) The applicant has not committed an act constituting dishonesty or fraud.
- (6) The applicant has satisfied the board that his private detective or private security business has a competent training officer and adequate training program with a curriculum approved by the board or that adequate training will be obtained from such other source as the board may approve.
- (7) The applicant has had at least two years of experience as a private detective with a licensed detective agency, or two years of experience as a supervisor or administrator in in-house security or with a licensed private security agency, or at least two years of experience as a member of the Federal Bureau of Investigation or as a member of any federal, state, county, or municipal police department, or, in lieu thereof, that the applicant has met such other requirements as the board may prescribe by rule.

If the applicant is a firm, association, company, partnership, or corporation, the person filing the application on behalf of such firm, association, company, partnership, or corporation shall be the president or secretary of such corporation or a member of such firm, association, or partnership; and such individual shall meet the qualifications set out herein.

- (8) The applicant meets such other qualifications as the board may prescribe by rule.

(c) The application for a license shall be made in writing, under oath, on a form to be furnished by the joint-secretary. The application shall state the applicant's full name, age, date and place of birth, residences and employment within the past five years with the names and addresses of employers, his present occupation, date and place of conviction or arrest for any crime, including the plea of nolo contendere or a plea entered pursuant to provisions of the "Georgia First Offender Act" (Ga. Laws 1968, p. 324, as now or hereafter amended) or other first offender treatment, and such additional information as the board may require to investigate the qualifications, character, competency, and integrity of the applicant. Each applicant shall submit with the application two complete sets of fingerprints on forms specified and furnished by the board and one photograph, two inches wide by three inches high, full face, taken within six months prior to the application; provided, however, that the board may waive the submission of fingerprints and photograph for any employee who has been employed by a person licensed under this Act within the

previous 12 months. The application shall contain such additional documentation as the board may prescribe by rule. The board shall have the discretion to deny a license to an applicant who fails to provide the information and supporting documentation required by this subsection.

(d) (1) In addition to the requirements enumerated in this section, each applicant for a license under this Act shall provide satisfactory evidence to the board that the prospective licensee has posted or has made provision for the posting of a bond. The required bond shall be executed in favor of the state, in the amount of \$25,000.00, with a surety company authorized to do business in this state and conditioned to pay damages not to exceed the amount of such bond to any person aggrieved by any act of the principal named in such bond, which act is in violation of the provisions of this Act and would be grounds for denial, suspension, or revocation of a license under Section 9 of this Act. Immediately upon the granting of a license, such bond shall be filed with the joint-secretary by said licensee and shall be approved by the joint-secretary as to form and as to the solvency of the surety. The prospective licensee may file the required bond with the joint-secretary prior to the granting of a license for the joint-secretary's approval as heretofore mentioned. No licensee shall cancel, or cause to be cancelled, a bond issued pursuant to this section unless the board is so informed in writing by certified mail at least 30 days prior to the proposed cancellation. In lieu of the required bond, the prospective licensee may submit a net worth affidavit prepared using standard accounting procedures which indicates that the prospective licensee has a net worth of more than \$50,000.00. The board, in its discretion, may accept a financial affidavit in lieu of the bond required by this subsection. In the case of partnerships, said net worth affidavit shall be submitted by the partnership, and each individual partner, showing that the partnership, and the individual partners combined, have a net worth of more than \$50,000.00. The board, in its discretion, may require licensees under this section to submit periodic financial updates to insure continued financial responsibility. If the surety or licensee fails to submit, within ten days of the effective date of cancellation, a new bond, or a net worth statement as outlined herein, the board shall have the authority to revoke any license issued under this Act.

(2) Whenever any person shall file an action in a court of competent jurisdiction in which it is alleged that the applicant is liable for damages under this Act, such person, in order to secure his recovery, may give notice to the joint secretary of such alleged liability and of the amount of damages claimed, after which notice the joint secretary shall be bound to retain, subject to the order of the court in which the action is pending, a sufficient amount of the proceeds of the bond of the applicant to pay the judgment in said action.

(3) In the event that a judgment is rendered against the applicant in an action in which it is determined that the applicant is liable for damages under this Act, and the applicant has not paid such judgment within ten days of the date such judgment became final, then said person may petition the court for an order directing the joint secretary to liquidate the bond or a portion thereof sufficient to pay such judgment to the extent the judgment may be satisfied with the proceeds of the bond.

(e) Licenses issued pursuant to this section shall be for two years, subject to the provisions of Code Section 84-104, as now or hereafter amended, and application for renewal shall be made on a form furnished by the joint-secretary. License fees, renewal fees, late renewal fees, and reinstatement fees and the form of payment thereof shall be established by appropriate rule of the board.

(f) Immediately upon receipt of a license certificate issued by the board pursuant to this Act, the licensee shall post and at all times display such license in a conspicuous place at his place of business. A copy of the duplicate of the license certificate shall be conspicuously posted at each branch office.

Section 6. Registration of employees; application; qualifications; fees. (a) Any licensee may employ as many agents, operators, assistants, guards, watchmen, or patrolmen as he deems necessary for the conduct of his business, provided that such employees meet the requirements and qualifications for registration under this Act.

(b) Except as provided in Section 4, within 30 days of hiring such agents, operators, assistants, guards, watchmen, or patrolmen, the licensee shall make application to register such employees with the board.

(c) Upon being satisfied, after investigation, of the employee's character, competency, and eligibility for registration, the board may register such employee if:

- (1) The employee is at least 18 years of age;
- (2) The employee is a citizen of the United States or a registered resident alien;
- (3) The employee is of good moral character;
- (4) The employee has not been convicted of a felony or any crime involving the illegal use, carrying, or possession of a dangerous weapon or any crime involving moral turpitude; provided, however, that, if the employee has been convicted of such crime, or has entered a plea of nolo contendere to such crime, or has entered a plea pursuant to the "Georgia First Offender Act" (Ga. Laws 1968, p. 324, as now or hereafter amended), or otherwise been granted first offender treatment, the board may inquire into the nature of the crime, the date of conviction or plea, and other underlying facts and circumstances surrounding such criminal proceedings and, in its discretion, may allow the employee to be registered;
- (5) The employee has not committed an act constituting dishonesty or fraud; and
- (6) The employee meets such other qualifications as the board may prescribe by rule.

(d) The application for registration shall be made in writing, under oath, on a form to be furnished by the joint-secretary. The application shall state the employee's full name, age, date and place of birth, residences and employment within the past five years, experience in the position applied for or held, the date and place of conviction or arrest for any crime, including the entry of a plea of nolo contendere or the entry of a plea entered pursuant to provisions of the "Georgia First Offender Act" (Ga. Laws 1968, p. 324, as now or hereafter amended), or other first offender treatment, and such other information as the board may require to investigate properly the character, competency, and integrity of the employee. The application for registration shall be accompanied by two sets of fingerprints of the employee and one photograph of the employee, two inches wide by three inches high, full face, taken within six months prior to the application. The board shall have discretion to deny registration to any individual when the information and supporting documentation required by this subsection is not provided.

(e) Upon granting an application for registration, the board shall so notify the employer-licensee. The employer-licensee shall notify the board within 30 days of the termination of employment of any registered employees.

(f) Registrations pursuant to this section shall be for two years, subject to the provisions of Code Section 84-104, as now or hereafter amended, and application for renewal shall be made on a form furnished by the joint-secretary. Registration fees, renewal fees, late renewal fees, and reinstatement fees and the form of payment thereof shall be established by appropriate rule of the board. Upon receipt of a registration card issued by the board pursuant to this Act, the registrant shall maintain said card on his person at all times while on his post or at his place of employment and at all times when the registrant wears a uniform in the course of his employment in the private detective or private security business.

Section 7. Expiration of licenses and registrations; refund of fees. Licenses and registrations shall become invalid on the date of expiration but shall be subject to reinstatement upon payment of all fees due within 90 days of the date of expiration. Any license which has expired for more than 90 days shall not be renewed, and a new application shall be required. The board shall have the authority to refund fees upon proper cause, to be determined on a case-by-case basis, in the board's discretion.

Section 7A. Temporary employees. Notwithstanding any other provisions of this Act, any person or corporation may use temporary employees for special events, without making application or paying any fee for said temporary employee, provided such temporary employment does not exceed 30 days in a calendar year and such employee does not carry firearms in connection with said employment; provided, however, that the names,

addresses, and birth dates of such temporary employees, along with the identity and date of the special event for which they are to be employed shall be furnished to the board, or its designated representative, at least three days prior to the commencement of such special event.

Section 8. Fingerprints; criminal identification. (a) The board shall forward the two sets of fingerprints received from each prospective licensee and registrant to the Georgia Crime Information Center of the Georgia Bureau of Investigation for the purpose of criminal identification through the fingerprint system of identification established by said bureau and the fingerprint system of investigation established by the Federal Bureau of Investigation.

(b) It shall be the duty of the joint-secretary to keep a record of all information received from the Georgia Bureau of Investigation and the Federal Bureau of Investigation with respect to criminal identification and to cooperate with the Georgia Bureau of Investigation, similar departments in other states, and the United States Department of Justice in any criminal identification system.

(c) At such times as the board may require, fingerprint cards of licensees and registrants may be periodically reprocessed to identify criminal convictions subsequent to licensure or registration.

Section 9. Denial or sanction of licenses and registrations; hearings. (a) The board shall have the power, after notice and hearing conducted pursuant to the "Georgia Administrative Procedure Act," to deny an application for licensure or registration or to sanction any license or registration issued pursuant to this Act if it determines that the applicant, licensee, or registrant has:

(1) Made any false statement or given any false information in connection with an application for license or registration, including an application for renewal or reinstatement thereof.

(2) Knowingly violated any provision of this Act or violated any rule or regulation promulgated by the board pursuant to the authority contained in this Act.

(3) Been convicted of a felony, or any crime involving the illegal use, carrying, or possession of a dangerous weapon, or any crime involving moral turpitude in the courts of this state or any other state, territory, or country or in the courts of the United States. "Felony," as used in this subsection, shall include any offense which if committed in this state would be deemed a felony, without regard to its designation elsewhere. For purposes of this subsection, a "conviction" shall be deemed to include a finding or verdict of guilty or plea of guilty, regardless of whether an appeal of the conviction has been sought.

(4) Been arrested, charged, and sentenced for the commission of a felony, any crime involving the illegal use, carrying, or possession of a dangerous weapon, or any crime involving moral turpitude, where:

(A) A plea of nolo contendere was entered to the charge; or

(C) An adjudication or sentence was otherwise withheld or not entered on the charge.

The plea of nolo contendere, or the order entered pursuant to the provisions of the "Georgia First Offender Act" (Ga. Laws 1968, p. 324, as now or hereafter amended), or other first offender treatment shall be conclusive evidence of arrest and sentencing for such crime.

(5) Become unable to engage in the private detective or private security business with reasonable skill and safety to the public by reason of illness; use of alcohol, drugs, narcotics, chemicals, or any other type of material; or as a result of any mental or physical condition. (14) Failed to demonstrate the qualifications or standards for licensure or registration contained in this Act or in the rules and regulations of the board. It shall be incumbent upon the applicant to demonstrate to the satisfaction of the board that he meets all the requirements for licensure or registration; and, if the board is not satisfied as to the applicant's qualifications, it shall have the power to deny such licensure or registration.

(b) If, after notice and hearing, the board finds that any applicant for licensure or any prospective registrant is unqualified to be granted such license or to be registered, or that the license or registration should be revoked or otherwise sanctioned, the board may take any one or more of the following actions:

(c) Initial judicial review of a final decision of the board shall be had solely in the Superior Court of Fulton County.

Section 10. Permits to carry firearms; fees; training; exemptions; denials; sanctions.

(a) The board may grant to any person licensed or registered in accordance with the provisions of this Act, who meets the qualifications and training requirements set forth in this section and such other qualifications and training requirements as the board by rule may establish, a permit to carry a pistol, revolver, or other firearm. The board shall have the authority to establish limits on type and caliber of such weapons by rule. Application for such permit shall be made on forms provided by the joint-secretary. The permit fee shall be a biennial fee established by appropriate rule of the board. Renewal fees, late renewal

(b) No permit under this section shall be issued or renewed until the applicant has presented proof to the board that he is proficient in the use of firearms. The board shall have the authority to require periodic recertification of proficiency in the use of firearms and to refuse to renew a permit upon failure to comply with such requirement. The applicant shall present proof to the board that:

(1) He has demonstrated on the firearms range the proficient use of firearms by meeting such minimum qualifications on pistol and shotgun (if so armed) courses as the board may prescribe by rule; and

(2) He has received such other training and instruction in the use of firearms as the board may require by rule.

(c) All licensees and registrants under this Act shall be required to obtain from the board a weapons permit under the provisions of this section if a firearm is carried, or is to be carried, by such licensee or registrant while at or en route directly to and from his post or place of employment.

(d) Any licensee or registrant under this Act meeting the qualifications and training requirements set out in this section may be issued an exposed weapons permit in accordance with this section and shall be authorized to carry such firearm in an open and fully exposed manner. No stopover en route to and from such post or place of employment is permitted under the terms of this section.

(e) Licensees or registrants under this Act may apply to the board for a concealed weapons permit. Application and renewal procedures, fees, penalties, qualifications, training, and restrictions for such permits shall be those established by appropriate rule of the board. The board shall consider and approve each application for a concealed weapons permit on an individual basis, in its discretion.

(f) An individual issued a permit in accordance with the provisions of this section shall be exempt from the following provisions of Georgia law: Code Section 26-2901, relating to carrying a concealed weapon; Code Section 26-2902, relating to carrying deadly weapons at public gatherings; Code Section 26-2903, relating to carrying a pistol without a license; and Code Section 26-2904, relating to license to carry pistol or revolver, as such Code sections are now or hereafter amended.

(h) The board shall have the authority to order the summary suspension of any weapons permit issued under this section, pending proceedings for revocation or other sanction, upon finding that the public health, safety, or welfare imperatively requires such emergency action, and incorporating such a finding in its order.

(i) The board shall have the same power and authority to deny and sanction weapons permits under this section as that enumerated in Section 9 of this Act, based upon the same grounds as those enumerated therein.

A licensee or registrant may arrest an offender for a misdemeanor or felony offense committed in his presence or within his immediate knowledge. If the offense is a felony and the offender is escaping or attempting to escape, a licensee or registrant under this Act may arrest such offender upon probable cause.

Section 12. Exceptions. (a) This Act shall not apply to:
