This is the story of a hot romance between a little tea cup and a pot with pants.

I'm a little tea pot fat and round

and I'm the little tea cup upside down

Together we present—for emoryites to see

the 49 campus

While sipping your tea . . .
The cornerstone of Peace on which it stands,
The reach of Beauty and the Thrust of Truth;
The shape of Goodness, molded by the hands
Of them who seek to guide the steps of youth.

That men, combining these, may bring to birth
Our hopes of Heaven on a stricken Earth.

— John D. Lee
Emory stands for something. It has stood for something through the years . . . since 1835, when Methodists founded the Georgia Conference Manual Labor School – the embryo of Emory . . . in 1836, when the school received its first charter as Emory . . . past 1919, when a University was born in Atlanta . . . and through the troubled years of startling growth in the twenties.

Today Emory again is growing . . . expanding . . . becoming more and more a great University. Each day sees new construction on campus . . . plans begun . . . plans completed. Emory has become a dynamo of action and turbulent growth, accompanied by a constant humming of energy. Emory has become a fast-moving and on the surface, complex organism.

On the surface – complex. But underneath? The Emory Creed. . . Emory stands for something . . . It stands for the plain and simple things of human life. It stands for the plain and simple things of human character. It stands for the plain and simple things of Christian religion. It stands for life and that more abundantly: for truth and that freely: for scholarship and that deeply; for work and that hard; for play and that gladly; for faith and that simply; for the best in life, and it believes the best is yet to be.

To portray this plain and simple Emory is the purpose of this book.

IN MEMORIAM

ROBERT C. RHODES, Ph.D.
1887 – 1948
Emory is more than just so many buildings, trees, and laboratories. It is a living, breathing spirit. Part of that spirit was Dr. Robert C. Rhodes.

Those who know and love Emory were shocked and saddened at Dr. Rhodes unexpected passing last Fall. The world knew Dr. Rhodes as the organizer and director of Emory's Biology department and one of the South's outstanding Biology professors. But the many students who were guided by his hand in the classroom knew him as more than this. They knew him as a kind and thoughtful man who was never too busy to listen to their individual problems.

Dr. Rhodes was a scholar and administrator, being outstanding in both fields. But he was above all a teacher who knew and understood the students he worked with as well as the protozoa he so carefully studied in the laboratory. His was the art of the great teacher that unerringly knew how to give meaning to the facts and principles of Biology. He gave of himself to his students and in doing so left his mark of enlightenment forever upon their lives.

He was also a scientist in the broad sense. His untiring efforts helped to bring more and better science organizations, such as Phi Sigma and Sigma Xi, to the state. Although burdened with his many teaching duties, Dr. Rhodes always found time for valuable research. It could be truly said that he taught theory and practical application and made use of a combination of both in his own work. His far-reaching mind ever saw the need for a broad program of research for Emory's Biology department. His essential research plan is still being carried out, a monument to his foresight.

Truly, Dr. Rhodes will always be a part of the Emory scene. When, twenty years hence, our children first discover the wonders of life through a microscope in an Emory laboratory, we at Emory now who knew and loved Dr. Rhodes will again realize that his work has born abundant fruit. With this in mind we proudly dedicate this 1949 Campus to Dr. Robert C. Rhodes, a great scholar, an even greater teacher.

I'm almost through with this portrait of you
a portrait of true modern art
scientifically showing thee as thou art . . .

You see me like that
a bundle of bones . . .
take this you rat —
i'll go on alone . . .

you and your diploma
have a foul aroma . . .

Business Administration

after that session
I'm due for a depression...
The Business School student body came of age when in November, 1947, a constitution was formulated and a separate Business School Student Council was established. The two-fold objective of the council is to promote better understanding and friendliness among the students and to represent the student body in all matters concerning it.

After two years, the Student Council has become firmly entrenched in the life at the Rich Building. Last February acting on the proposal of the Council, the Business School students voted by an overwhelming majority to establish a separate Honor Council for the School. In April the Council promoted the "Stock Hop," which promises to become an annual event for the Rich Building residents.

The dental school Student Council is the students' governing body at the dental school. Composed of members elected from the various classes, it is the organization which plans and governs the extracurricular activities of the students. Officers of the Council are elected by its members. This Council is made cognizant of all activities provided for the students on the main campus and serves as a middleman in making such activities known and available to dental students. Social activities, participation in athletics, etc., are planned by this group for the students of the dental school.

In 1947, Marcus Holland, a second-year dental student and frustrated musician, conceived the idea of organizing a Dental School Band. With that object in mind, he put out a call for all would-be players of musical instruments.

The response was excellent, and the boys started practicing immediately. The dental school student council appropriated funds for music, and the outfit gradually began to take reasonable shape and sound.

To repay the Student Council, the Molar Men Rhythm-Dents as they have been called, play for SC dances without charge. In addition, they are available for "outside" dances.

Holland is the leader of the band and doubles on the saxophone and clarinet. All members are dental students with the exception of Miss Jane Finley, the only lady in the group. She plays the bass and joined the boys this year.

Other members are: Saxophones—Wade Rucker, Charles Davidson, Pete Beckham, Buck Brannon; Trumpets—Sam Hopkins, Culver Lee, Jim Robertson, Neal Clark; Trombone—Neal Harris; Piano—John Gamble; Drums—Neal Powell.
The purpose of this organization is to establish some means by which the fraternities can gain a more harmonious relationship among themselves.

The council is composed of the president, vice president and a junior member of the four fraternities.

The purpose of the council is to regulate rushing and pledging of the four fraternities, thus putting them on an equal basis. It regulates any strife which might come up between the fraternities and at the same time strives to create a closer feeling of fidelity and friendship.

The Emory Chapter of the Junior American Dental Association was organized by the students of the dental college in order to acquire further knowledge of conditions and developments in the field of dental science.

The Junior American Dental Association is a national organization of dental students who are interested in their educational development. Student membership in the American Dental Association entitles the member to attend local A.D.A. meetings and clinics and to receive the A.D.A. Journal.

The Emory Chapter's regular monthly program includes lectures, motion pictures and dental clinic demonstrations.

The first dance in the new Emory Field House, given by the Student Activities Council and the Interfraternity Council, was highlighted by the presentation of the 1949 Campus Queen and Court. We are indebted to Al Capp, creator of the famous 'Lil Abner' comic strip, for choosing the Queen, Miss Polly Paxton, and the eight members of her court. In the words of Capp—"What a job! All the girls are so attractive and darling that it took me a long time to reach this decision. Please tell all the other girls that they deserve the most honorable of honorable mentions."

Dan Bateman, Feature Editor of the 1949 Campus, began several months before the dance to plan a dance that would be remembered by the students as a fine affair. Having secured the Auburn Knights, recently voted the best college band in the nation, to provide the music and Al Capp to do the judging, most of the plans were complete. It was not until Dean Reece, Dean Jones, Mr. McLemore, and Mr. McDonough and others gave him their helpful suggestions and kind assistance that all his ideas came to a focus. By the guidance of Dan, we think that the dance was a tremendous success and that it was only the first of many similar events to be held in the new field house.

The annual spring dances known locally as Dooley's Frolics were a huge success this year. All the fraternities decorated their lawns and were attired in appropriate costumes for the masquerade ball held on the first night.

Gene Krupa and his great band were on hand for the three dances. The Sat-
urday tea dance turned into a concern when practically everybody just listened to Krupa on his "rides."

Spud Jackson was chairman of the committee and did a wonderful job on all phases of the weekend. He had as able assistants Dick Blank, Ed Waits and Newt Turk.

Once each year Emory University opens its doors to the mothers and fathers of students from all over the country. The annual Parent's Day program is designed to give parents an opportunity to see what their children really do when away from home.

This year's program was similar to the preceding ones. In the morning, President White welcomed the parents at a Convocation at which Dr. Rustin was the principal speaker.

The fraternity houses and cafeteria were hosts for luncheon. In the afternoon the parents saw a football game between two of the classes. After the game, President White entertained at a reception in the new Field house.

Climaxing the day The Emory Players presented "The Late George Apley" to a capacity audience in Glenn Memorial Auditorium. This Parent's Day proved to be one of the most successful ever held.

The School of Dentistry was unable to hold its annual Carrie's Carnival this year. It is customary to select a Queen of the Carnival from among the entrants of the classes and fraternities.

At a dance held in the cafeteria, Miss Martha Mann, as sponsor of the sophomore class was chosen as Queen.
LEETURE-CONEERT SERIES

The Emory Lecture Series has brought to the campus a wide variety of special events during the year. Music, film, and lectures are all scheduled through the Lecture Series.

The film series, in which a picture is shown each week, is planned in order to bring to the campus moving pictures which have won distinction over a period of years. The committee in charge searches the catalogues and the museum lists in an effort to select for campus showings, the pictures that are the "classics." Student and faculty support of the program has been gratifying.

The number of musical events on the calendar of the Lecture Series has been purposefully limited by the lecture committee because of the elaborate program of concerts available in Atlanta during the fall and winter seasons. The Atlanta Symphony, the Emory Glee Club, and many soloists have been included in the lecture series offerings. Music has been made the focus of the summer program.

The Lecture Series brings lecturers of specialized interest and those of more general interest. The former are presented under the sponsorship of University departments or special interest groups, and the latter under the general sponsorship of the Lecture Series. Norman Cousins, Editor of the Saturday Review of Literature, and John Mason Brown, critic and writer, were two of the more popular offerings during the year, and Emory students turned out in large numbers to hear Emory's own Dean Leroy Loemker also.

ODK is the national honorary leadership fraternity on the campus. Election to membership is based on character, leadership, outstanding participation in extra-curricular activities, and conspicuous service along other lines. Recognition by ODK embraces five fields: scholarship, athletics, social and religious activities, publications, and dramatics and music. Tapping ceremonies are held in the fall and spring quarters of each year.

The circle sponsors the annual Freshman Day and Pushball game, and Leadership Dinners which are held several times each quarter bringing together the leaders of all student activities for discussion of campus problems. The Mu Circle will be hosts to the National Convention of ODK in April.
Founded at the College of William and Mary in 1776, Phi Beta Kappa is the oldest national honorary society in the United States. The purpose of the fraternity is to promote scholarship among the students of American colleges and universities. Membership is bestowed in recognition of high attainments in liberal scholarship. The requirements for election are based not only on recorded grades but involve, also, the range and character of courses elected, including a consideration of the moral character of the student, his general promise to the world of scholarship and society. Emory's chapter, the Gamma Chapter of Georgia, was established in 1929.
Alpha Epsilon Upsilon was first organized as an honorary scholastic fraternity at old Emory at Oxford in 1906. Superseded on the Atlanta campus in 1929 by Phi Beta Kappa, it became the junior college scholastic society.

AEU seeks to raise junior college educational standard by providing a spur to achievement, and to recognize and reward those who do excel in scholastic work. Students with an average of 2.50 quality points are eligible for election at the end of the third quarter, while fourth and fifth quarter students are admitted with an academic rating of 2.13.

To encourage high scholastic achievement, AEU presents a trophy each Spring to the sophomore who is considered to be the most outstanding in scholastic achievement among the members of the sophomore class.
Eta Sigma Psi, sophomore honor society, was organized on the Atlanta campus in 1928 as the “Toreadors.” It was in 1930 that the present name was adopted and that chapters were established on the campuses at Oxford and Valdosta.

As expressed by the founders, the purpose of the society is as follows: “To create within the members of the freshman class an interest in extra-curricular activities which are of benefit to the University; to recognize character and leadership among the students of the freshman class.”

Eta Sigma Psi recognizes new members, who are outstanding in campus activities, twice a year — sophomores in the Fall and freshmen in the Spring. The Annual Freshman Day Dance was the outstanding accomplishment of the society this year.
Sigma Pi Sigma is the only national physics honor society. Its chapters are restricted to colleges and universities of recognized standing which offer a strong physics major. The chapters receive into membership physics students and a few others in closely related fields, irrespective of membership in other organizations, when such students attain high standards of scholastic, professional merit and academic distinction. Membership is conferred on no basis of selection other than scholastic or professional record. Both men and women students are eligible for membership. Reception into the society is consummated without formal pledge or secret order training.

The objects of the society are: (1) to serve as a means of awarding distinction to students having high scholarship and promise of achievement in physics; (2) to promote student interest in research and the advanced study of the subject; (3) to encourage a professional spirit and friendship among those who have displayed a marked ability in physics; (4) to popularize interest in physics in general collegiate public.

The need for an organization to unite the physics students at Emory has been felt for a long time. Early in December 1917, Dr. McMillan talked to the Physics seminar group concerning the possibility of petitioning for a chapter of Sigma Pi Sigma. It was at once realized that a chapter of this society would be a great asset to the Department of Physics and to Emory. In January 1948 a petition was made by the Physics seminar group for an Emory Chapter, and we were informed on March 12, 1948, that our petition had been acted upon favorably.

Alpha Omega Alpha, highest honorary medical society, supplanted the 22-year-old Askelpios, local honorary society at Emory, in 1940. Membership in AOA is based purely upon the candidates' scholarship and moral qualifications.
The Omicron Kappa Upsilon fraternity was organized by the faculty of Northwestern University Dental School in 1914, to encourage and develop a spirit of emulation among students of dentistry and to recognize in an appropriate manner those who distinguish themselves by a high degree of scholarship.

Each year the honor membership is awarded to those of the graduating class whose records show exemplary conduct, good character and high scholastic standing throughout their four years of professional training.

The fraternity has served as an inspiration to all and the privilege of membership is an honor to be coveted by all.

The Society of Sigma Xi was founded in 1886 at Cornell University for the purpose of "encouraging investigation in science, pure and applied." The local chapter, known as the Emory Chapter of the Society of Sigma Xi, was installed in April, 1944. The chapter consists of members and associate members, including student or member of the University Staff, and also other members of the society who have become affiliated with this chapter. Election to full membership is based upon noteworthy achievement in original investigation. The activities of the society include the holding of meetings for the discussion of scientific subjects, financial support of investigations by grants-in-aid, publication of research, and the maintenance of national lectureship. Graduate students are eligible for nomination for election to associate membership provided they have shown unusual proficiency in scientific research and have been accepted as candidates for a degree and are engaged in acceptable scientific research.

The Staff of the Campus 1949 presents to you, the students of Emory University, what it hopes will be a book pleasing to all.

The excellent staff under Editor Gene Welden has labored long and arduously to bring the book to completion. We hope that we have covered to the best of our abilities the happenings on the campus during the past year. If any person or event was left uncovered we extend our apologies at this time.

On the whole the staff that begun work on the book early in the fall quarter has had the courage to see it through to the end. Many words of praise are due to the several sectional editors for their untiring efforts.

With best regards for all, the staff of the Campus 1949 wishes you a happy vacation or successful career in the months to come.

The Phoenix, known as "The South's Oldest Literary Magazine," came through the year with flying colors, doubling its size, increasing its circulation, and showing approximately 50 students working on its staff—an all-time high.

The magazine, which had been in six-by-nine inch format since the war, became a nine-by-twelve and added color inside as well as on the cover.

The Phoenix this year sought to give students good fiction, campus news, humorous stories, poetry, cartoons, and jokes. It left its traditional motif of the strictly literary and became more of a variety magazine aimed at pleasing the majority of students and arousing more interest in the publication. It accomplished both these goals.

The Publications Board is composed of student editors, members of the faculty, and appointees of the Student Council. It is the coordinating body of publications, and one of its purposes is to help in improving the quality of student publications. This body nominates editors and associate editors for The Wheel, The Campus, and The Phoenix, and designates faculty advisors for these publications.

The Board is mainly concerned with smoothing out the problems and difficulties that confront student publications.

The Central Circulation Staff is charged with the duty of distributing all student publications. Each week the staff distributes nearly 3600 Wheels to the campus and to the Dental and Medical schools. Once each quarter it delivers some 3000 copies of the Phoenix to the students and faculty.

In the spring quarter it will be faced with the handling of the 2500 copies of the Campus 1949.

In addition to these duties, there is a large mailing list that is handled from the circulation office in the Law building.

COUNCIL

Campus politics in general and the Student Council in particular got off to a “flying” start when the student body first heard the fielding cries of the Roostercrats, Emory’s first political party; moreover the fall elections, with forty-four men wooing the student body for only fourteen seats, greatly added to the general flurry of activity.

After the hustle and bustle of politico-campaigns had ebbed, the Council settled down in earnest to the work at hand, most of which followed the usual stereotyped routines: approval of appointments, various appropriations, checking of organizational budgets, planning student functions, and so on and on; however, Council activities were highlighted by at least two functions of rather obvious note. The first to be mentioned is the University wide dance which was held in the new field house, at which time the Student Council collaborated with the I.F.C. to bring Emory students the Auburn Knights and a most enjoyable evening. Good music, lots of dancing and gaiety in general were rules of the evening, all of which points to the fact that the first major Council endeavor of the new year can hardly be termed anything other than “highly successful.”

When the dance had at last passed the way of all good dances, the typical mumbling and buzzing of Emory’s “political giants” was to be heard during each Council meeting, until one fateful Monday night that ominous buzzing suddenly burned into a roar. The occasion for this energetic flourish was the revision of the student body constitution. Early in the year the Council had decided to completely revamp the old constitution because of its inadequacy. The proposed changes had been determined and were presented to the Council members for their consideration. Then followed three exquisitely tedious weeks of discussion, confirmation, and delay which, by the way, was caused primarily by professional school absentee. However, the culmination of the work was a constitution which the Council members believe will prove to be most effective.

At the present time the Student Council is actively engaged in an attempt to form a Senior Class Organization, something too long missing from our campus; however, at the present time the outcome of this project is uncertain.

Needless to say, much is yet to be desired of our Emory University Student Council. Much always will be desired; however, one may safely state that, for the most part, the Council’s work has been sincere, progressive, and rewarding.
Regular meeting.

COUNCIL

This year the IFC and fraternities returned to normalcy as high school graduates predominate the freshman class. The long and costly Rush Week netted the largest pledge class in the history of fraternities at Emory.

Taking the lead as a coordinating body the IFC participated in many activities during the past year. Once again the Council “adopted” an orphan through the Foster Parents Plan for war children. In cooperation with the University and Rotary Club a program providing for board and tuition for foreign students was inaugurated.

The fraternities turned out in force to sell papers for the Empty Stocking Fund. For the first time a fraternity sing was most successful; it was followed by a sports dance in the cafeteria.

The IFC-SAC dance held in the new Field House heard music by the Auburn Knights. Miss Polly Paxton was chosen Queen of the Campus 1949.

All in all, the fraternities and the IFC witnessed a progressive year. The IFC’s job of leadership and coordination among the fraternities has become a reality.

The Emory Glee Club is a member of the Student Activities program of Emory University and is a direct function of the students and not of the University. The Glee Club is composed entirely of students of Emory, all of whom serve voluntarily as members of the club and receive no remuneration for their services. The purpose of the Glee Club is twofold: firstly, it provides the student with an opportunity to exercise his vocal talents and to associate with his student colleagues in a cooperative endeavor; secondly, it acts as a professional musical organization and an agent of Emory University by giving concerts not only on the campus but at many places throughout the country, and by offering its services as sponsor for other musical endeavors.

This internationally known glee club had its first beginnings sometime during the first World War at the old Emory campus at Oxford, Georgia, where it was an informal association of students interested in playing and singing music. The crystallization of this group into the Glee Club as it is known today occurred in 1920 when Dr. Malcolm H. Dewey, now Professor of Fine Arts, joined the faculty and assumed direction of the club.

That year, 1920, marked the spiritual, if not the temporal, birth of the Emory Glee Club. Twenty-five years later at the end of the academic year 1945-1946 over five hundred former and present members of the Glee Club honored Dr. Dewey at a banquet commemorating the completion of his twenty-fifth year as director. That first quarter of a century has as its milestones the stories of ever-growing popularity and success. In 1921 the celebrated Christmas Carol Service was inaugurated, a service which has so associated itself with the Christmas festivities that several thousand persons attend the two performances on the Emory campus each year and other performances are given at colleges and churches in the South. In 1926 the club spent the summer giving concerts in England and touring the Continent. This tour was repeated several years later and it is hoped that another European tour may be made as soon as conditions permit, along with a South American tour which was cancelled by the advent of war. Other activities included numerous concerts, radio appearances, performances before presidents, and a host of tributes from recognized musical authorities.

Last season (1947-48) was the second post-war year which justified a large-scale tour. A very successful tour was made through Florida, comprised of appearances in Jacksonville, Tampa, Miami, and Hollywood. The 1949 Winter tour is planned for cities of the Eastern Seaboard, including an appearance in Washington, D. C.

The group which will make this Winter tour will consist of thirty-six men carefully selected from the total membership of the club, which numbers about one hundred. The program to be presented will embrace sacred music, opera and light opera selections, songs and lieder, and some of the specially arranged Negro spirituals which have become so memorably associated with the Emory Glee Club. Rehearsals for this tour have been under way for several months and the Glee Club you will hear should fully justify the reputation of the "South's Sweetest Singers."

At old Oxford the two outstanding forensic organizations were Phi Gamma and Few Literary Societies. When the college moved to Atlanta these two rival groups kept their individual identity for a while, but eventually merged into the organization known now as the Emory Debate Forum. From then up to the present time the Debate Forum has been the official forensic group on the Atlanta campus and represents Emory University in all debates and oratorical contests with other colleges and universities.

At pre-war Emory, those debators which showed unusual ability were initiated into Tau Kappa Alpha, national forensic honorary fraternity. Also the Varsity Squad, from which men were chosen for tournaments and tours, selected from the forum those thought to merit such recognition. During the war there was a lapse in debating activity at Emory and the forum became inactive, but it was revived in September 1916 with renewed enthusiasm and vigor under the leadership of Russell Thomas. Since then the forum has debated approximately fifty teams representing universities from all over the U. S., Canada, and England. Under the guidance of Bill Todd and John Kelley, the forum continued to promote and keep debating activities before the student body through tours which have carried the forum teams through Georgia, Florida, Alabama, Mississippi, Louisiana, Tennessee, Virginia, South Carolina, North Carolina, and Maryland. The present officers, Wilson Young, Chairman, and Roy Wiggins, Manager, have made plans for a northern trip which will extend up into New York, with debates planned for the prominent colleges. The annual campus tournament among organizations at Emory will be held on March 5, concluding with a banquet, at which a silver trophy will be awarded the winning group.

Under the excellent guidance of Mr. George Neely our Debate Coach and with the help and interest of the student body, the Forum will continue to achieve high goals in forensic activity.

EMORY

The 1948-49 season has been perhaps the most significant of The Players history. For many years the need for a full-time campus director of the organization was recognized, and this season the answer arrived. Mr. George Neely, faculty member, speech teacher, debate coach and slightly bald father-confessor to Emory's would-be thespians was the welcome answer.

The Players, grateful to their public for such enthusiastic support, opened the season before a Parents Day audience and proudly informed latecomers that there was standing room only. The production, "The Late George Apley," starring Joe Duke in the title role, received favorable criticism from both students and faculty.

The Players Workshop, proving-ground for new members of the organization, functioned efficiently under the direction of its founder, Players Vice President Ed Robertson. "The Green Cockatoo," Fall quarter production, compared favorably with the praise-winning Workshop production of "Murder in the Cathedral" last Spring.

The season also brought about a reactivation of the Key Club, honor group within The Players. Under the guidance of Gene Welden the Club was reorganized and plans were laid for rewriting the Constitution and for petitioning one of the national amateur dramatic groups for a charter. Newly elected members of the Key Club include Jack Camp, Ed Robertson, Bob Soergel and Frank Vasiloff.

Gene presents parting gift to Miss Russell at banquet.
In its second year on the Emory Campus, the Concert Band was presented to the student body on numerous occasions. During the past summer we conducted a city-wide instrumental workshop open to all high school and college students who were interested in music. Also during the summer the band presented its Spring concert over WEAS in Decatur. In the fall we gave our annual Parent's Day concert before the Emory Players' production of "The Late George Apley," and we played for the pushball game. During the winter quarter played a pre-performance concert for the players' production. The year was climaxed in the spring with presentation of the annual concert in May on the campus, the participation in "Schizophrenia," and concerts off campus on several occasions.

The band received praise from the Georgia Musical Educators Association during the year as being one of the few college bands in the country to be established solely through the efforts of its members for the enjoyment of playing and presentation of concert music to the university.

The band's Letterman Club consisting of those members of the band who had been outstanding in the organization during the past year was formed. This group petitioned Kappa Kappa Psi, national band fraternity for the establishment of a chapter at Emory and the charter is expected to be granted during the coming year.

Alpha Phi Omega was founded at Lafayette College, Easton, Pennsylvania, on December 16, 1925. It is a national service fraternity composed of college and university men who are or have been previously affiliated with the Boy Scout movement. APO renders service in four major fields: to the student body and faculty, to youth and community, to members of the fraternity, and to the nation as participating citizens.

The Emory Provisional Chapter, formed in the summer of 1946, was formally installed as Delta Kappa Chapter of APO on November 15, 1946. Since that time it has established itself in the eyes of the university administration as the leading service organization on the campus.

Campus service projects this year included operation of the Book Exchange, coordination of freshman orientation activities, organization of the freshman class, supervision of student elections, publication of the Student Directory, and conduction of a utilities conservation program.

Community service projects were rendered by sponsoring the Ugly Man contest for raising Community Chest funds, raising funds for the Emory March of Dimes drive, conducting a blood drive in cooperation with the Red Cross, and helping Scouts of the community celebrate Boy Scout Week.

Delta Kappa was co-host with the Georgia Tech chapter to the southeastern regional convention of APO this year. The chapter sent three delegates to the national convention in December.

The Emory Christian Association is a confederation of all religious activities on the campus. An inter-faith group, the E.C.A. brings together all denominational student organizations for the promotion of religious life. The purpose of the E.C.A. is to arouse interest in devotional life, personal evangelism, recreation and social life, church life, Christian citizenship and social action, and leadership training.

Each year the E.C.A. sponsors the Annual Religious Emphasis Week. At this time leaders of all faiths come to the campus to speak and hold meetings and forums before fraternities and other groups.

Other activities sponsored by the E.C.A. during the year were daily vesper services, the annual Soochow Drive, and Brotherhood Week. Activities in which the E.C.A. took an active part were Freshman Orientation, Parents' Day, a campus-wide social, and the Memorable Film series.

A very important part of the E.C.A. is the Freshman E.C.A., which is designed primarily to orientate the freshman to campus life and to develop future leaders. Fellowship meetings are held bi-monthly, at which time programs, dealing with specific needs of freshmen, are presented.

Religious Emphasis Week Speaker
The Freshman E.C.A. was formed to help the new student find himself on the campus. There are problems that are peculiar only to freshmen. These are discussed and some decision reached at the meetings of the Freshman E.C.A. It is under no direction but its own. Its activities are organized, sponsored and maintained by freshmen. Regular meetings are held for this purpose.

The Freshman E.C.A. is a part of the over all E.C.A. program.

Emory's chapter of the International Relations Club was organized in 1921 by a group of students interested in world affairs, under the guidance of Dr. Ross H. McLean.

The university Board of Trustees granted the club an official charter in 1923. During this same period the Carnegie Endowment for International Peace recognized the Emory club and it became part of a nation-wide organization.

The Emory chapter is also a member of the Collegiate Council for the United Nations, an organization established to create understanding and support for the United Nations Organization.

The local IRC was host to more than 200 delegates at the Southeastern Regional Conference in the winter of 1949.

SIGMA DELTA CHI

Sigma Delta Chi, the nation’s highest-ranking professional journalism fraternity, is the coordinator of publications on the Emory campus. The Emory chapter was established in 1941. Its members are chosen from undergraduates who have shown outstanding ability either on campus or outside publications, and who definitely intend to enter the profession. In addition, the Emory chapter inducted in the past year, six leading Georgia professional journalists.

Sigma Delta Chi has brought leading newspaper personalities to the campus, and has attempted to establish a good working relationship with men in the profession. Among its alumni are some of the nation’s leading journalists.

1949 saw the Richard Joel chapter of Alpha Delta Sigma officially chartered and installed on the Emory campus. This chapter is the only active chapter of this national professional advertising fraternity in the Southeast, and its installation realized one of the long sought ambitions of the advertising sequence of the Journalism division of the college.

The installation was held February 17 of this year and was marked by the presence of national president Donald W. Davis who conducted the ceremonies. A banquet attended by many members of the University administration and alumni, followed by a reception which was attended by over a hundred friends of the fraternity rounded out the installation day ceremonies.

The chapter unanimously consented to name the local chapter after Richard Joel, faculty advisor for the advertising sequence. It was through Mr. Joel's guidance and efforts that the chapter was actually brought to the Emory campus. The undergraduate chapter consisted of 11 members and was supplemented by six professional members of the advertising profession in and around Atlanta. Don Waddington, advertising manager of the Emory Wheel, was elected the first president of this chapter of ADS.

The Richard Joel chapter immediately announced its plans for an annual advertising institute to be held on the Emory campus each year for the mutual benefit of advertising men throughout the Southeast.
The purpose of the Honor Council is to uphold the traditional Honor Code of the University. The Council, consisting of five members and several alternates, meets frequently for long periods in order to give each alleged violation the maximum amount of consideration. A Faculty Advisor is present at each meeting of the group. During the past year, the Council investigated a great diversity of possible infractions of the Honor Code. This year has witnessed a strengthening in the relationship between the faculty and students on one hand and the Honor Council on the other. Since the reinstatement of the Honor System in 1936, the traditional atmosphere of honesty has become encouragingly prevalent throughout the campus.

Emory's traffic problems have in a sense "grown" like Topsy. With problems come regulation, and regulation comes in the form of rules administered by traffic cops and the Student Traffic Court. The campus is patrolled twenty-four hours a day by Lt. Johnny Johnson, Patrolman D. H. Clotfelter, and Patrolman C. J. Buice. Students who park in the wrong place, speed, run wrong-way on a one-way, or violate any other traffic rules get a little yellow present that tells them to report to the Traffic Court for a hearing. Court meets every Tuesday, and metes out fines in the form of suspension of campus driving privileges for a period of time, the period depending upon the nature of the charge. The Student Court also makes suggestions from time to time to the Administration for improvements, such as sidewalks, signs, and the like.

Once per quarter, the members of the court meet with the Faculty Safety Committee to discuss problems and plans to make Emory a safe place to drive and walk.

ALPHA KAPPA PSI

"Alpha Kappa Psi, oldest Professional Business Fraternity, was founded at New York University in 1904. Alpha Chi Chapter was installed at Emory in 1926. The objectives of the fraternity are to further the individual welfare of its members; to foster scientific research in the fields of commerce, Accounts and Finance; to educate the public to appreciate and demand higher ideals therein, and to promote and advance in institutions of college rank courses leading to degrees in Business Administration.

Activities include tours to business and industrial plants, sponsoring speakers, and annually awarding the AKPsi Scholarship Key to the business school student with highest academic attainment. During 1948 its social calendar was highlighted by very successful functions at the AKPsi Lodge on Briarcliff Road.”

Pi Alpha is a local honorary chemical fraternity founded in 1925 with intent to recognize sincere endeavor in the field of chemistry and to create a stronger fraternal spirit among men interested in chemistry as a life's work.

The organization extends invitation to membership to those members of the chemistry department who have proved themselves worthy of recognition and supports a mild social program as well as a scholastic program which is concerned with the promotion of projects designed to stimulate interest in chemistry.

The midnight oil burns again

Phi Alpha Delta was founded in 1898 by an association of law students from the Chicago and Kent Colleges of Law. Since the initial chapter was formed, fifty-eight active chapters have been established in class A law schools. The purpose of the founding was to form a strong bond among members of the different classes at various law schools, and to promote social and intellectual understanding among its members.

The William Albert Keener Chapter was first organized at Emory University in 1927 and was for a period inactive until December 4, 1946 when it was reactivated. The chapter has engaged in the past year in a program of providing study groups to aid first year students in their study of Law.

Phi Delta Phi, founded at the University of Michigan in 1869, is the oldest professional fraternity. Lamar Inn was founded at Emory in 1923, and with the exception of a two-year war interval has been active ever since.

Once each month Phi Delta Phi has a luncheon at some downtown restaurant, where a prominent Atlanta attorney addresses the members on some interesting topic. This is a real benefit to the members for it presents the practical side of the law. On February 7, 1949, Phi Delta Phi sponsored the appearance of Dean William M. Hepburn of the University of Alabama Law School as one of the speakers for the University Lecture Series. The lecture was concerned with recent developments in the labor law and was of benefit to the students and to the public. The fraternity plans to continue this idea in the future by having other well-known speakers come to Emory.

THE ENGINEERS CLUB

The Engineer's Club has as its aim the further stimulation of interest in the various phases of Electrical Engineering. Radio station W4FZQ is maintained and operated by club members interested in electronics. A student membership in the American Institute of Electrical Engineers is encouraged for those members of the club interested in the current developments of power engineering. Several field trips have been made to points of interest in and around Atlanta and occasional social functions have been held.

EMORY FIELD HOUSE

Pride and creation of Coach Shea is the new modern swimming pool, boasting all the latest facilities for its users.

Three complete basketball courts provide ample space for basketball, volleyball, and other sports.
Emory's crack Relay Team (Newton, Van Pett, Howard, Blank)

With a new home pool in which to win, Emory's swimming team entered the 1949 season. Coach Ed Shea's pool men chopped a closely contested meet to their cross-city rivals, the Engineers of Georgia Tech. The team suffered a second setback at the hands of their Athens rivals, the Bulldogs of Georgia.

Led by Emory's freestyle ace, Sam Howard, the Team cracked into the winning column by downing Florida State. Captain Bill Van Pett led the squad to a win over another old enemy, the Auburn Tigers.
With the sparkling win over a powerful Duke Blue Devil squad, the Emory team reached its peak. With swimmers tied up with studies, meets were dropped to N. C. State and North Carolina. Then on a Southern jaunt, Florida and F.S.U. defeated the Gold and Blue. Emory ended the season by dropping another contest to Georgia.

Bright spots in the year’s work were the performances of veterans Dick Blank, sprinter Sam Howard, and Captain Van Pelt. In addition, new swimmers such as Ted Dippy and “Tiny” Pennington promise to give next year’s team a bright future.
With only a few returning lettermen from last year’s squad, the Emory track team is preparing to face an exacting schedule. Lacking depth and experience, this year’s team will enter two intercollegiate relay meets, five dual meets and taper off in May with the Southeastern AAU.

Lambert, who can enter almost any event and place, is the specialist in the jumps, hurdles, and sprints. Turner is the team’s most consistent middle-distance runner and anchor man on the mile relay. These two along with veterans Williams, Jennings, Carter, and Barker will form the nucleus of this year’s team and depend heavily for support from several outstanding newcomers.

The 1949 football season was highlighted by the play of the powerful Junior eleven. The third-year men, boasting a heavy, fast line, trounced all six opponents by lopsided scores.

With Doug Smith and Frank Jernigan pacing a potent backfield, the Juniors outscored their opponents in every game by at least three touch-downs.
downs. Key men in the Junior line were Ward, Hubbard, and Cox.

The Seniors fielded a strong aggregation led by Bill Brannon and Jack Birge. They lost only to the unbeaten Juniors. The hapless Sophs and Frosh lost to all other teams, but split their own games to finish with one win apiece.

Champions of the Intramural Basketball League were the fast-breaking, lanky hoopsters of the Dental School. The Forest Avenue entry defeated the Sophs 32-31 in a wildly-played game to clinch the crown.

The title of the Undergraduate Division of the league was in doubt even after the final game. The Sophs, Frosh, and Seniors engaged in an elimination contest to determine the top team. The second-year men, headed by chunky Stan Kocan, finally edged the Seniors to win their bracket.

The Dents roared through their section by turning back every opponent and finished the year undefeated.

The Sophs and Theologs go up after a missed shot.
A powerful Sigma Chi squad, led by their perennial aces, Lindsey and Cadcliffe, downed all opposition to seize the 1948 Interfraternity football crown.

Challenged only in hectic games with ATO and Chi Phi, the Sigs staged a strong finish to come from behind and win both crucial games.

Outstanding players in the league were Wills, ATO; Asbury, KA; Wight, Phi Delta Theta; Bell of PiKA; and Grant of Chi Phi. The final standings:

**Flight I**
- Sigma Chi
- Chi Phi
- ATO
- Phi Delta Theta

**Flight II**
- PiKA
- AEPi
- SAE
- TEPhi

**Flight III**
- KA
- Star and Crescent
- Sigma Nu
- Campus Club

**Flight IV**
- EISA
- Delta Tau Delta
- Beta Theta Pi
- Pi Kappa Phi
- Sigma Pi

INTERFRATERNITY

CROSS COUNTRY

Sigma Chi captured the Interfraternity Cross Country crown, pushing all of its runners home in the first fifteen finishers. Stan Moody, Star and Crescent, was the individual winner of the meet. Sigma Chi ran first with 56 points, ATO finished with 88, and Kappa Alpha placed third with 102 points.

VOLLEYBALL

ATO, long the campus powerhouse in volleyball, surprised no one by winning the title for another year. Sigma Chi and KA also fielded strong teams, but could not hand the Alpha Taus a single setback. The final standings:

**Flight I**
- ATO
- Sigma Chi
- KA
- AEPhi

**Flight II**
- Phi Delta Theta
- SAE
- Chi Phi
- Sigma Nu

**Flight III**
- TEPhi
- Beta Theta Pi
- Campus Club
- Pi Kappa Phi

**Flight IV**
- PiKA

ATHLETICS

SWIMMING

PiKA claimed the 1949 Interfraternity Swimming Championship. The Pikes, winning the diving, a sprint, and the relay, entered strong men in every event. Sigma Nu, paced by Tommy McDonough, finished a strong second by winning the breaststroke and 440 freestyle events.

Chi Phi entered a powerful medley relay trio to take third place in the meet. Sigma Chi piled up a number of seconds and thirds to finish fourth.

SOCCER

EISA, sparked by Claus Jorgenson and Olle Hakanson, took possession of the Soccer crown for the year. Boasting the highest-scoring soccer squad in Emory's history, the Independents swamped all opposition. Only an inspired Sigma Chi crew could furnish EISA with a tight contest, and they were beaten in an overtime period 2-1. The KA Rebels, losing only to the Independents, finished second. The Sigs, nursing two setbacks, ran third in the race.
The 1949 basketball season produced some of the finest teams and basketball Emory has had. With an ample number of easily-accessible courts on which to practice, the fraternity men began to prepare early for the season. When the final game was finished, the KA Rebels stood undefeated to rank certainly with the best in basketball to be at Emory.

Sigma Chi, SAE, PiKA, and Phi Delta Theta all fielded a competent court squad. All the fraternities, with the exception of the defending champs, ATO and TEPhi, entered stronger clubs in the race compared with their last year outfits.
Boasting two fine set shots in Asbury and Caverly, accurate passing, and ample reserves, the Rebels could not be halted. Spann Milner and Lewis Anderson were outstanding in their under-the-basket play. The Sigs, powered by their fine center Burks, also were a high-scoring crew. SAE, winner of Flight II, were led by their ace veterans, Solomon, Sullivan, Jordan, and Rich. Another outstanding player on the campus was Phi Delta Theta Jack Conner, always a scoring threat and an excellent team man.

PiKA, a dark horse at the beginning of the year, upset several favored opponents to finish third in Flight 1. The Pikes, a smooth-sure team, were a threat to anyone they played.

FRED DORMAN, President
Alpha Delta chapter of Alpha Omega Fraternity was organized in 1928. Since that date, the chapter has been in continuous residence on the campus.

Its members always participating actively in all phases of campus life, the fraternity, naturally, has been somewhat limited by its small roster. Gordon Stine is present vice president of the Pan-Hellenic Council, and Ted Levitas was secretary of the Council. Gordon also served as a member of the Student Council, and Ted is a columnist for the Wheel and Dental School editor.

Last year the boys really pitched in to produce the now famous "Og Attog" skit for stunt night which is still being talked about. Although the chapter will not be able to field a softball team of its own, most of the members will play on their respective class teams; and speaking of athletics, Ted has been playing basketball with the Dent School varsity this year.

Repeating the good taste shown last year when Miss Sonya Abelson was elected sponsor, the boys, after a heated discussion, chose lovely Miss Lee Gilner to represent the fraternity this year.

Brother Jack Feinstein became the first of the group to become a father with the arrival of his first offspring in March. Danny Goldhagen was still chewing his nails and anxiously awaiting the stork's arrival in April.

During the year, two changes were made as far as alumni were concerned – Frater Hyman Zimmerman became the new chapter advisor and Frater Irving H. Goldstein became the new regent.
Delta Sigma Delta, national dental fraternity, was founded at the University of Michigan in 1882. Theta Theta chapter was begun on March 26, 1921. This fraternity was the first fraternity whose membership was restricted to students of dental schools. It has always striven to uphold and carry forth the highest ideals of the dental profession.

The Psi Omega fraternity was founded in 1892 at Baltimore College of Dental Surgery. From a membership of two hundred in 1895 it has come to be the largest of the dental fraternities. This organization strives to raise the standards of dentistry and stimulate scientific and literary endeavor.

The government of Psi Omega is through a triennial convention called the Grand Chapter, with a recess administration by a board of officers called the Supreme Council.

Xi Psi Phi was founded at Ann Arbor, Michigan, on February 8, 1889. Delta Beta Gamma was the name given on its founding; however, this name was later changed to Xi Psi Phi.

Following the founding at Ann Arbor, another chapter was soon formed at Baltimore College of Dental Surgery. Four other chapters were organized in quick succession.

Since the meeting of the Supreme Chapter at Buffalo in 1901, Xi Psi Phi has expanded and is one of the leading dental groups of the nation.

let's go our own way
since we have no dependents
we don't need each other
so let's be independent...
Emory's only local, social, independent organization, founded in 1920 primarily as a political organization... after winning elections for two years, changed purpose and became primarily social... received charter 1923... purpose now to help independent students on campus have well-organized social, athletic life while holding scholastic standards high... membership open to any male student.

During Spring Quarter all enjoy Kid Party at home of alumnus Paul White, adults $1.00, kids free... hay ride, Ray Martin's truck and Dave Dennis' station wagon to North Fulton in summer quarter... swimming party and weiner roast held... during fall quarter 'Juke Box' Dance in cafeteria provides weekend diversion... a square dance and hamburger fry keep winter quarter alive... has alumni association of over 400 members, all on mailing list of quarterly paper, The Campus Club Alumnus, edited by Frank Robinson... Alumni Association holds stag banquet where members and alumni gather to renew old friendships... big men on campus are: Gordon Sawyer, editor Wheel; John Herbers, Phoenix; Ben Saffan, Phi Beta Kappa, AEU, and Eta Sigma Psi; Ken Michaels, Phi Beta Kappa, AEU; Ben Saffan and Ken Michaels, band; Chester Fouche, Players... letters go to: Bruce Webster, football; John Andrews, softball; Frank Jernigan, all-Emory in football... continues to force ahead with officers Scoates, Wilcox, Saffan, and Webster.

Established in 1946, University granted charter in 1947... composed of unaffiliated American and foreign-exchange students... honored by being named I.S.A. Headquarters of Southeastern Region in 1947.

Spring, 1948 sees first staging of Skits-o-lenia... Hammer and Skelton work like mad-men... finesse demonstrated by Jackson in presenting Emcee Rees with Smith's codfish... Lil Abner party produces vivacious "Daisy Mae" Croll... ends with "papa" Lewis passing out cigars... at Camp Koweta: Mary Ann Aldrich pitches beautiful curves while "Skip" Dody strikes out... Long peals chow bell for Rex Hart and Peggy Pennel... Braswell and Jean Wilson play ping pong into the wee hours... Nunnally curtails moonlight boating but Dean goes swimming with girl friend... on campus "Stan Can" and "Get in Toon with Boone" results in Boone's being elected prexy... on hayride Bailey and cotton pickers make weird harmony... Kaplan's Be-Bop and the conga at post-New Year's dance... back in Winship lobby quarters... Dube and Ginny Gillespie spend hours on brass, Rice washes windows, Jackson paints high, Braswell paints low, Dean repaints "Skelton's corner"... "Sir George" Barnes shines later at Ernie's... Roper and Janette Russell hunt scavengers while Ginny Thiel and Campbell serve refreshments... Mann meets Auburn lass... sponsor Iris Nesmith is presented at first formal in Field House... Braswell, Rice, Thiel, Donald, and Skelton succeed Boone, Mann, Gardner, Braswell, and Lewis... Soccer crown returns to E.I.S.A... and the good times continue.

The Independent Council was founded in October 1948 with the adoption of the Council's constitution by the member organizations. The Council is made up of four official delegates and one alternate delegate from the two Independent organizations on the campus—the Campus Club of Emory University and the Emory Independent Student's Association.

The purpose for organizing the Council was to give an organized social and athletic life to the unaffiliated and Independent students on the campus as well as to promote co-operation between the two existing Independent organizations.

The Council has organized an Independent league in basketball for the Winter Quarter thus making it possible for any student on the campus to participate in organized athletics. The Council also sponsored a campus-wide dance which was well attended by independents, unaffiliated, and fraternity men. In addition, the Council publishes a bi-monthly mimeographed paper, The Spokesman, which is distributed among all of the dormitories and is free. The staff of the paper is made up of members of the two Independent organizations but is not limited to them alone—anyone may work on the paper.

For the future the Council plans to keep the Independent league functioning in at least one sport each quarter. At least one all-campus dance or other social event is planned for all of the students on the campus. The Council also looks forward to joint functions held by the member organizations—EISA and Campus Club. The Spokesman will be continued and will be put on a weekly basis when the interest and news so warrant it.
Now this romance hasn't cooled off a bit. In fact here are a lot more tea cups to sip.
His motto has been the inspiration of countless dental surgeons entering practice. It suggests giving—not only specific treatment as required—but also sound advice on oral hygiene, by teaching correct brushing technique, and by counseling on the choice of toothbrush and dentifrice. • You can suggest Pycopay Toothbrush and Pycopay Powder to your patients with full reassurance, since they are recommended by many dentists and are always promoted in a strictly ethical manner. • The Pycopay Brush conforms to the highest professional standards: a desirably small head, with two rows (6 tufts per row) of fine, firm, natural or nylon bristles. Pycopay Tooth Powder, accepted by the Council on Dental Therapeutics, is formulated to remove surface stains safely with minimum abrasion, leaving the mouth clean and refreshed.

of modern dentistry

Bear in mind, that almost all patients who will come
to you have been the patients of other dentists. When these patients enter your office they will
consciously or subconsciously make comparisons. Naturally you want these comparisons to favor you. You can mold them to do just this. How?

1. Correct personal appearance—an all white uniform.
2. A tastefully furnished and an efficiently arranged office.
3. Operating equipment so modern it speaks for itself and commands attention and respect.

We, and every distributor of S. S. White Equipment are eager and ready to help you design and equip a modern dental suite that will inspire and aid you, beyond the power of words to express, to practise in your highest plane of endeavor—an office that will be in tune with modern dentistry today and tomorrow. Selecting Your Laboratory

With Dentists who know values, the primary consideration when it comes to Laboratory service is technical knowledge and skill. Reputation — "record of performance" is of utmost importance. Reputations are built slowly, over a long period of years by fine quality and superior service.

When it comes to selecting your Laboratory, the deciding factors are quality, service, prestige—and other considerations less tangible than price, but much more important.

We have been in this business thirty-eight years; this accumulated store of knowledge and experience is at your command.

ARTICULATE

Your Study Models

The Columbia Study Model Articulator is of sturdy construction, being made of ⅛ inch diameter nickel-silver rod.

To mount models, drill the four holes (template and drill supplied) and attach prongs with sticky wax. To remove articulator from cast, merely heat prongs and withdraw. Casts remain unmarrred.

These articulators can be used repeatedly.

Can Plan for DENTAL LEADERSHIP

Leading Dentists will tell you that the opening their offices has paid off—in planning and practical thinking they did with their Ritter Dealer before as well as down through the years.

The Most Important Step . . . . GOOD BUSINESS PLANNING

Long before you start to practice we can give you valuable help . . . where you might best locate, plan the type of office arrangement best suited to your needs as well as help with methods of financing your equipment.

We would like to demonstrate why Ritter equipment is preferred by the majority of the leading dentists of America . . . how it can help you get started as a dental leader. Copies of the many helpful Ritter Practice Building Studies and Office Planning Guides are available. Plan now for your future in dentistry.
most dentists* use Trubyte New Hue Teeth because

Let RITTER Help You Plan for DENTAL LEADERSHIP

Like the majority of the leading dentists of America, you are planning to equip your office with the best—RITTER . . . And like every successful dentist, you are interested in PLANNING TODAY for TOMORROW.

The Ritter Company can help you as it has helped thousands of others, for example:

1. Read "Dentistry's Future" and the Ritter Practice Building Studies. Your Ritter Dealer has them, or write to us for copies.

2. Use the Ritter Statistical Service. We'll furnish facts about the communities you may be considering for your practice.

3. Use the Ritter Office Planning Department. We'll plan every detail of your layout—including decorations.

4. Your Ritter Dealer will explain the Ritter Deferred Payment Plan—you pay for your equipment out of earnings.

Good business planning starts long before you begin to practice. Let us help you start NOW!
Sept. 28 . . . School opens: Wide-eyed freshmen jam campus. Casual upperclassmen affect unperturbed air. Frat men hold confirmation period between Physic and Chem buildings. Jim Douglas and Ed Lindsey scare rushees away from Chi Phi table by tugging at each other's noses. SAEs, having already sent BIDS in mail to prospects, relax while table is crowded with motley crew. Exultant cry goes up from mob. “We'll get more than six this time.” Independent students try to set up table, quickly thwarted by Sigma Chis, who seem to have a monopoly on that type. Braswell, Dean and Rice give up in disgust. “We've always been opposed to fraternity snobism.”

Sept. 30 . . . Sam Broadnax looks naïve, walks through McTyeire Hall. Girls, of course, don't scream.

Oct. 1 . . . First rush week night function. Sigma Chis, Fraternity Row prudes, violate all known rush rules, keep rushees till 1:30. Frat men worried and indignant until they see returning frosh bored and nauseated. SAEs stick to tradition, entertain boys with “rasslin” matches between the brothers. KAs have chapter meeting at 2 p.m. Tired brothers sleep as Frank Sly pushes 45 names through the chapter.

Oct. 2 . . . Delts. Sigma Pis, Pikers have rush parties. Crowd, however, is lured to EISA (rush) function.
Attuned to the Future...
Oct. 3 . . . Unsuspecting frosh attend Glenn Memorial Church Service. Mackey seizes opportunity, preaches usually dull sermon. Dooley wanted room to lie down in anyway.

Oct. 7 . . . Sadistic students gather for gruelling cross-country race. Stan Moody wins race despite threatening letters from Sigma Chis, who win team race. Sid Sellars waddles around course—puts on amazing burst of speed—still comes in last. Dooley's biggest thrill was howling over participants who skidded on cinders.

Oct. 9 . . . Jean Ezzard, Emory's Little Orphan Annie, wins Florist Telegraph Delivery Association Scholarship—whatever that is. Dooley thinks Jean would look cute delivering flowers with a hearty, "Flowers from Anderson's ma'am." Chi Phis prepare well ahead of time . . . modestly inform campus that they are bidding "Chi Phi maternal only." Dooley thinks they won't get any that way. Undaunted KAs hold chapter meeting, pass box on 52. A. W. Murdock claimed the black balls were glued in. Sly grins sheepishly, knows Saint Hale would be proud.

Oct. 10 . . . Asses At Ease throw only campus rush function. Namarr Nichols and Ralph Murray drag Cliff Rainey in Lion's Den, pitch wild drunk.

Oct. 11 . . . Al Pafford Foster gets Balfour Award for most representative brother in Southeastern province of Sigma Chi. Dooley thought he was an ass all along.

Oct. 14 . . . Wheel Issue: "Men Can Be Taught To Be Cowardly," is head over Gordon Sawyer's editorial. Draws analogy between free-for-alls with Tech boys, and facing the issues of life. Dooley recommends Logic 101 or Dr. Wooley as cure. Tom Jackson proclaims this as "Mu Circles greatest year to date." Dooley glad to see that good old Tom is still clairvoyant.

Oct. 15 . . . All frats hold rush functions. Ed Waits, Coleman Budd, Buck Brewer, and other Chi Phi big-wigs relax . . . assure sophs that Oby Brewer, Asa Candler and Frank Tindall will pledge. Dooley overhears usual Chi Phi line, "Now we haven't been rushing you Obadiah, we've been acting just like we do all year round . . . ."

Oct. 16 . . . Jeff Davis makes friends and influences people by stealing rushers from neighboring frats for Phi Delt functions. Alcohol Omegas recheck Brooks Hoey's chains in basement. Magruder and Van Pelt assure chapter that Tommy McDonough will come down. Tampa crowds at Phi Delt and KA houses weep and pray with Jackie Baxter. Dooley can't understand why. One-bid rushees suavely assure Dels that they'll pledge. Callahan, Jimmie that is, sways before

Thomasville KAs and Smiley Hamner. Thinks maybe he shouldn’t have two pins in his pocket.

Oct. 17 . . . The fateful day: Mike McDougald had Layne Johnston hotbox one another all morning long. Beta Thet Pi's, Sigma Pi's, Pi Kappa Phi's, Kappa Sigma's and Chi Phi's go to church. Pi KAP's band is the first to walk the row. Other Greeks relieved to see no familiar faces. ATOs greet pledges with loud cheers and rip rahi. Everyone happy until some damn fool lets Brooks Hoye out of the cellar. But Bateman and Ingram were too fast with the handcuffs. Sigs think they topped the row with 38 future Greeks, but failed to take into account final KA chapter meeting where Saint Junior Sly bulldozed 76 through chapter. Cliff "I played it cool" Rainey steps up on KA lawn to the horror of brothers. Chi Phi big-wigs lock selves in chapter room and take sedatives. Brothers threaten to burn house down again. Sigma Nas consider rush week a success when T. E. McDonough accepts bid. Dooley wants to know if they forgot the other twenty they pledged? Oby Brewer and Steve Canyon drop in at No. 2, passes our Muse gift certificates. Dooley chuckles as EISA pledges only 25. AEPhi's, TEPhi's tie, plan to settle the affair in a street fight.

Oct. 21 . . . Wheel Issue: how dull can you get?

Oct. 25 . . . Chi Phi's continue to dominate money end of publications, as ferret-mouthed Harry Golsan is named Business manager of the Phoenix. Dooley assures self that the editor just couldn't be a Chi Phi.

Oct. 28 . . . Wheel Issue: Tom Jackson's brain child hatches, named "Roosercrats." Sounds like one of Bob Blackmon's ideas to Dooley, who is repulsed. Jackson, waggling a cigar between his limpid lips, states that 'the situation couldn't get worse, regardless of what we do.' (Dooley feels that it couldn't get worse unless Tom Jackson did something about it.) Claude Sitton nods head in ASSeat. Jack Camp turns sentimental, tries to force a tear from hard-bitten students. Pictures scene at Alumni Banquet: "Gray haired men and women singing, Though the years have glided onward . . ." Students cry—from laughter.

Oct. 29 . . . Nurses hold big carnival to raise money for Scandanavian trip. Cafeteria packed—with nurses. APO—

for lack of something worse to do—decides to fingerprint all students. Dooley thinks it's simply a ruse to embarrass Roostercrats.

Nov. 3 . . . Stanley Jones, ugliest man on campus, elected Ugliest Man on campus. Dooley thought Irwin Harris should have won second place.

Nov. 4 . . . Wheel Issue: Spivey eulogizes Honor Council, Bell eulogizes Religious Emphasis Week, Camp eulogizes self.

Nov. 5 . . . Frances Campbell Hughes and Bob Roper sing sorprano duet, as Dewey's Daisies provide accompaniment.

Nov. 7 . . . Sadist Sam Laird foiled again—DeKalb County Grand Jury banns "Rope" from Emory theater.

Nov. 8 . . . Religious Emphasis Week begins. Landon Lindsey is only man on campus to win perfect attendance Bible.

Nov. 9 . . . R. O. Seitz says Emory Concert Band improved, "The band welcomes anyone who can play, but it especially needs oboe, trombone, trumpet and French horn players."

Dooley thinks band needs oboe, trombone, trumpet, French horn, saxophone, bassoon, clarinet, English horn, tuba, castanets, glockenspiel, celeste, jaws harp, Hawaiian nose flute and . . .

NEW R. O. SEITZ.

Nov. 11 . . . Wheel Issue: Jacqueline Camp enrolls at Scott. Political aspirants pen letters to Wheel. Candidate Pete Manose cites extensive qualifications for position, quote, I have been at Emory for three years . . . unquote. He won.

Nov. 12 . . . Players present "The Late George Apley." Joe Pukes and Lefaye Leakes on stage. Sigma Nus have informal dance. Just every body comes. Sigma Pis throw Sadie Hawkins Day party. Dooley lauds realistic touch: all girls looked like Sadie.

Nov. 18 . . . Election Day. Warren "Emphatic" Shattuck brings nauseous political advertising to its zenith. Despite Dooley's protests, he is elected. Roosertcrats, staunch champion of the Independent student, elect ten frat men to Student Council. Tom Jacks—on proclaims the event as a victory of the common man. Dooley agrees, happily recommends his name to the new Miles Laboratory laxative-naming contest.

Nov. 19 . . . Freshman Day: Frats conceive horrible forms of Oriental torture, subject frosh to eating raw eggs, drinking katsup tea, and syruping hair. ODK "leaders" determined that push ball game will be well handled, end up slithering across field on SAEs. Al Foster taken to infirmary—Sigma Chi pledges cheer the loudest. Boys tear clothes of Little Effie Sam Cobb, who tears off through woods.

Nov. 21 . . . Herbert Kufner wins subtlety award for the month, after clever manipulation of Charlie Newton's car off embankment to the rear of the Alpha Tau lodge.

Nov. 25 . . . Froggy and staff lose grip . . . allow students holidays for Thanksgiving festivities. Not to be thwarted, Garland Smith redoubles assignments in Shakespeare course.

Home Furnishers for More Than Half a Century
The First Day...

you were at Emory, you became an EMORY ALUMNUS. That's just another way of stating you joined the Emory family and became eligible for the benefits enjoyed by those in the family.

As a Member of the Family...

you are investing (or have already invested) a lot of time, energy, thought and money in your university education.

Other Emory Family Members Are Investing...

in you. Alumni, staff and faculty have contributed (and will continue to contribute throughout your lifetime) to making your university education as fruitful as possible. In addition to these investments, at least 55 per cent of the money for your education was paid from current contributions and Emory endowment. In one Emory professional school, approximately $2,000 is invested annually in each student, in addition to what the student pays. In this case, the Emory family is contributing at least 82 per cent of the educational cost.

Silent Partners in the Family...

beginning back in 1836, have given generously to make possible the 1949-style Emory education. The entire family, including you, has benefited from this 113-year span of support by the friends and alumni of Emory.

The Present and Future of the Family...

is up to you, and other alumni and friends. Let us follow the example of those who have gone before. Then, the family (and the University) will continue to grow and prosper. Your continuing support is needed, in school or out of school, year in and year out.

Your University Family Tie...

is lifelong. It is an affiliation which will benefit you in many ways. The more you put into it, the more you get from it.

Jan. 20 . . . Wheel—yes, every seventh day—Issue: Ed Shea announces that swimmers will have to wear bathing trunks in new pool. One half of campus elated. Other half sobs submissively.

Jan. 21 . . . Sigma Pis initiate two, build new benches for chapter room. KAs divide into ten initiation teams, were still taking in new brothers when CAMPUS went to press. ADS, national advertising sorority, grants charter to Emory group. "C" students name chapter after beloved faculty advisor, Dickie Joel. Roostercrat Warren Shattuck arrested in Macon.

Jan. 25 . . . L. R. Hogan perturbed when Mary Young signs panties for Phi Delt pledges. Claims they were a present.

Jan. 27 . . . Wheel Issue: Wilson Young writes dull autobiography. Gordon Sawyer cleverly inserts name in blood-giving list, then works students over in sardonic editorial.

Jan. 28 . . . IFC-SAC dance goes over well in spite of Reisman's constant efforts to steal spotlight. Polly Paxton

chosen by Al Crapp as Queen. Delt sponsor gives banquet at Ivey's for three new initiates.

Jan. 31 . . . Campus goes in mourning as LGS named editor of Wheel. Spivey explains that talent was not available. Council reported as failing to get quorum—Dooley thought they already were. Ed Robertson, Jack Camp and Frank Vasiline make Player’s Key Club.

Feb. 4 . . . Director of Intramural Athletics George Cooper warns students not to throw coke bottles on athletic field’s grass. Dooley would remind George just what kind of school this is.

Feb. 10 . . . Methodists refuse to release reins of ECA, elect Frank Smith president. Wheel comes out again, features Froggy and “Graveyard” in disgusting pose. Dooley attributes this to last vain effort of Sawyer to arouse interest in weekly. Cloud Sitton, of “Me and Tom” fame, named managing editor.

Feb. 11 . . . Sigma Chis have formal. Campus drunkards disappointed in abstinence of brothers. Dooley is proud. Northside hold on sponsorship is broken as Greeks choose Druid Hills lassie.

Feb. 17 . . . Stauverman castigated again in Wheel story and editorial. LGS advises students to get rough with “Commies.” Dooley wants to know why Stauverman doesn’t get rough with LGS.

Feb. 18 . . . SAEs hold annual drunk at Peachtree Gardens. Hal Riddle and Rives Cary are the only brothers who can stand, much less dance. Ann Collards presented as sponsor.

Feb. 20 . . . Billy (the Kid) Landiss directs choral croup in rendition of Handel's Messiah.

Feb. 21 . . . Ruell Platt is still trying to convince the brothers that he is going to marry that girl. Ed Brannon labels Platt an abandoned libertine. Infuriated, Ruell hunts up Webster, smiles meekly.

Feb. 24 . . . Dooley claps hands, among other things, as controversial subject comes to a head in Wheel. Stauverman answers charges with a challenge to meet LGS in public debate. LGS, the old shrewdy, nebulously avoids answering.

Feb. 25 . . . ATOs have formal . . . students attend basketball game at Druid Hills. Dan Bateman refuses admittance to sober Sigma Chis. Brookes Hoey frightens girls out of their—yes. Dooley fails to recognize Jim "I come from Scotland" Magruder without a glass in his hand.

March 17 . . . Happy Club leaves on tour of East. Singers disappointed at large turnout of females at Randolph-Macon. Dulcer-voiced Bill Landiss got lost in Virginia. What Dooley wants to know is, "with whom?"

March 20 . . . Administration secures long-lost alumnus Alben Barkley as Graduation day speaker. Irony of situation heightened by proposed award of honorary degree. Dooley hopes he won't have to run for vice-president in order to be remembered.

March 22 . . . School re-opens. Gene Welden gets ticket for having old sticker. Dooley thinks they ought to forgive Gene on the basis that sticker was posted on an old wreck. Cary Anderson makes Dean’s List in Business School. Dooley knew Business Administration was a crip—but after all.

March 25 . . . TEPhi sponsor Maple Leaf entertains brothers at home. Hmmm...mmm.

April 1 . . . LGS directs Wheel toward last desperate attempt to make paper readable, publishes “humor” edition. Jeffares Ivy’s (ha-ha) and Horton’s report complete sell-out of emetics, panaceas and laxatives. Skits-o-phrenia (probably the most serious EISA attempt in years) is a howling riot. Glimpsed: Pete Manos, Cary Anderson and Orum Hamner in simply adorable outfits . . . Sam Cobb taking soprano role seriously . . . Sigma Nas trying to win with cheapest possible humor. Dooley thought Chi Phis should have won on the basis of realism and sheer ugliness. KAs throw year’s biggest formal in world’s smallest place, brothers leave after intermission. Everybody thought Claude Thornhill’s music was

simply frantic—but nobody heard it for the clatter of glasses. ATOs Bateman, Ingram, Magruder, Van Pelt and so forth insulted when asked to let the hosts have a seat. Brothers without pins turned away at door by Sam Cobb, who confesses he knows very few of them.

April 3... Barracks students demand hobby center for students. Dooley was aware of such goings on, but balks at wholesale prospect.

April 4... Marines announce that applications from co-ed students will be accepted. Only hearty speeches by Jean Ezzard and Tommie Bennett prevent a dance being given in honor of the Corps. These two career girls callously remind colleagues of latest hop, attended by four boys. Sam Cobb resigns as president of Student Bodies. Al Block elected temporary chairman of SAC. Roostercracks hold meeting immediately thereafter, coincidentally elect Block as new chairman. "Tonto" Jackson, sobbing convulsively, quits school.

SAC for signing Lawrence for Frolics. Doughty Dan Bateman retorts in letter to *Wheel*, is surprised at LGS for letting the letter get by without old run-around of a nasty editor's note. *Wheel* Issue: Writers profess clairvoyance. Jimmy Young, Emory's Walter Winchell, predicts which Opera was best. A. Grantland Robinson pens sports round-up, forecasts fine year for Campus Club. CC loses first games 22-5 and 30-2.

April 18 . . . SAC meeting: Arty Beall says it's a crying shame that Jerry Zeller, Al Block and Connally Ingram are the only candidates for election to office. Dooley says it's a crying shame that Arty Beall ever had a chance to open his mouth.

April 22 . . . Campus goes press tomorrow. Dooley bitterly disappointed that his Diary ends on such happy note. Realizing, therefore, that if Harry can do it so can he, calls Harry Golsan a sob.
THE MOST PERMANENT CREATION OF MAN

A university has been called man's most permanent creation. Certainty, it is a monument to his ceaseless striving for a better life for those who will come after him. And, as permanent as its existence, is the mark it sets upon those who become a part of it.

For no student ever just "goes" to a university and then "leaves" it. Whether he likes it or not, he has become a part of a broader stream . . . , he has formed an association which will last as long as his life. The stamp, not just of a university but of his university, is upon him for good.

That fact frequently strikes him as being of little importance at the time of his graduation. It is usually with the passage of the years that it begins to strike home. Then, if he chose wisely and invested his time well, he begins to recognize the dividends which are his as long as he lives.

By the same token, the mark of the man is upon the university; a school cannot escape the consequences of the lives of its students, for those lives are the ultimate test of its success.

You are not an Emory man or woman for four years, but for good!
